WHAT'S INCLUDED

The DOVIICO H13 Smart Watch package contains the following items:

- 1 x DOVIICO H13 Smart Watch
- 1 x Wrist Strap
- 1 x Charging Cable
- 1 x User Manual (this document)

SETUP GUIDE

1. Charging the Device

Before first use, fully charge your DOVIICO H13 Smart Watch. Connect the provided charging cable to the charging port on the back of the watch and to a standard USB power adapter (not included). A full charge typically takes approximately 2.5 hours.

2. App Installation

To unlock the full functionality of your smart watch, download and install the companion mobile application on your smartphone. The app is compatible with iOS 9.0 and above, and Android 5.0 and above devices. Search for the app name (usually mentioned in the quick start guide or on the watch screen during initial setup) in your phone's app store (Apple App Store for iOS, Google Play Store for Android).

3. Device Pairing

1. Ensure your smart watch is charged and powered on.
2. Enable Bluetooth on your smartphone.
3. Open the installed companion app on your smartphone.
4. Follow the in-app instructions to search for and connect to your DOVIICO H13 Smart Watch. The watch will typically appear as "H13" or "DOVIICO H13" in the list of available devices.
5. Confirm the pairing request on both your watch and smartphone if prompted.

Once paired, the watch will synchronize data with your phone, and you can customize settings through the app.

OPERATING INSTRUCTIONS

Basic Navigation

- **Swipe Up/Down:** Scroll through menus and notifications.
- **Swipe Left/Right:** Access quick functions or different data screens.
- **Tap:** Select an item or confirm an action.
- **Side Button:** Typically used to return to the home screen or power on/off the device (long press).

Custom Watch Faces

The DOVIICO H13 Smart Watch allows for extensive customization of its watch face. Through the companion mobile application, you can browse and download a variety of pre-designed dials. Additionally, you can upload your own photos to personalize the watch background.

ACTIVITY TRACKING

The DOVIICO H13 Smart Watch is designed to track your daily activities and workouts, helping you stay motivated and achieve your fitness goals.

All-Day Activity Monitoring

The watch automatically tracks your steps, distance traveled, and calories burned throughout the day. This data is synchronized with the mobile app for detailed analysis and progress tracking.

Sports Modes

The DOVIICO H13 supports 7 different sports modes to provide more accurate tracking for specific activities. These include:

- Running

- Bike Riding

- Tennis

- Strength Training

- Basketball

- Volleyball

- Football

Select the appropriate mode before starting your workout for optimized data collection.

MAINTENANCE

Cleaning Your Smart Watch

- Wipe the watch screen and strap regularly with a soft, damp, lint-free cloth.
- Avoid using harsh chemicals, abrasive cleaners, or solvents, as these can damage the watch's finish and

components.

- Ensure the charging contacts are clean and dry before charging to prevent corrosion.

Battery Care

- To prolong battery life, avoid fully discharging the watch frequently.
- Store the watch in a cool, dry place when not in use for extended periods.
- The watch has a battery capacity of 160 mAh and typically lasts for 7 days with normal use, with a standby time exceeding 30 days.

General Care

- Avoid exposing the watch to extreme temperatures, direct sunlight for prolonged periods, or high humidity.
- While the watch may have some water resistance, avoid submerging it in water or exposing it to high-pressure water jets unless explicitly stated in product specifications.

TROUBLESHOOTING

Watch Not Turning On

- Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- Press and hold the side button for several seconds to power it on.

Unable to Pair with Smartphone

- Make sure Bluetooth is enabled on your smartphone.
- Ensure the watch is within Bluetooth range of your phone (typically 10 meters).
- Restart both your smartphone and the smart watch.
- Check if the companion app is updated to the latest version.
- If previously paired, try unpairing the device from your phone's Bluetooth settings and then re-pairing through the app.

Inaccurate Health Readings

- Ensure the watch is worn snugly on your wrist, but not too tight.
- Keep your wrist still during measurements.
- Clean the sensor on the back of the watch regularly.
- Note that smart watch readings are for reference only and should not be used for medical diagnosis.

Notifications Not Appearing

- Verify that the watch is successfully paired with your phone.
- Check notification permissions for the companion app in your phone's settings.
- Ensure that notification alerts are enabled within the companion app settings for the specific applications you wish to receive alerts from.
- Disable "Do Not Disturb" mode on both your watch and phone.
