

AFMAT PSX3

AFMAT Heavy Duty Electric Pencil Sharpener PSX3 Instruction Manual

INTRODUCTION

This manual provides instructions for the safe and efficient use of your AFMAT Heavy Duty Electric Pencil Sharpener, model PSX3. Please read this manual thoroughly before operating the device and retain it for future reference.

SETUP

1. **Placement:** Place the sharpener on a stable, flat surface. The unit is equipped with four suction cups on the bottom to secure it in place. Press down firmly to engage the suction cups.
2. **Power Connection:** Plug the sharpener into a standard 120V 60Hz wall outlet. Ensure the power cord is not damaged and is securely connected.
3. **Shavings Box:** Verify that the shavings box is correctly installed. For safety, the sharpener will not operate if the shavings box is not securely in place.

OPERATING INSTRUCTIONS

1. **Pencil Compatibility:** This sharpener is designed for standard pencils with diameters between 6mm and 11mm, including graphite, colored, and sketch pencils. It is not recommended for soft core pencils.
2. **Sharpening:** Insert the pencil into the sharpening hole. The sharpener will automatically begin sharpening. Apply gentle pressure.
3. **Auto-Stop Feature:** The sharpener will automatically stop when the pencil reaches a perfect point, preventing over-sharpening and conserving pencil length.
4. **Speed:** A new pencil can be sharpened in approximately 3 seconds, and a dull pencil in about 1 second.

MAINTENANCE

- **Emptying Shavings Box:** Regularly empty the shavings box to prevent blockages and ensure optimal performance. To empty, gently pull the shavings box out from the front of the unit. Dispose of shavings and reinsert the box securely until it clicks into place.
- **Cleaning:** Use a soft, dry cloth to wipe the exterior of the sharpener. Do not use abrasive cleaners or immerse the unit in water.

TROUBLESHOOTING

- **Sharpener Not Working:** Ensure the power cord is securely plugged into a functional 120V outlet. Check that the shavings box is fully and correctly installed. The sharpener has a safety mechanism that prevents operation if the box is not in place.
- **Pencil Not Sharpening:** Verify that the pencil diameter is between 6mm and 11mm. Ensure the pencil is inserted straight and not at an angle. If the blade is dull after extensive use, contact support for assistance.
- **Uneven Sharpening:** Ensure the pencil is inserted horizontally and not pushed too hard or off-center.

SPECIFICATIONS

Brand	AFMAT
Model Number	PSX3BK
Power Source	Corded Electric - US Plug 120V 60Hz
