

350mL Portable Mini Food Blender

Generic 350mL Portable Mini Food Blender Instruction Manual

1. PRODUCT OVERVIEW

The Generic 350mL Portable Mini Food Blender is a compact and convenient appliance designed for blending various food items. It features a 350mL capacity, a food-grade stainless steel 3D blade, and a built-in 1400mAh rechargeable battery for portability. The blender is constructed from food-grade, non-toxic, and environmentally friendly PP and ABS materials, ensuring it is BPA-free and safe for use.

Multifunctional Blender

Image 1.1: The portable mini blender is suitable for preparing various items such as fresh juice, baby food, vegetable juice, ice cream, smoothies, soy milk, and mask mud.

2. SAFETY INSTRUCTIONS

Please read all safety instructions carefully before using the blender to prevent injury or damage.

- Do not immerse the motor base in water or other liquids.
- Keep hands and utensils out of the blender jar while blending to prevent injury.
- Ensure the lid is securely fastened before operating the blender.
- Do not operate the blender when empty.
- Keep the blender out of reach of children.
- Use only the provided USB cable for charging.
- Avoid blending excessively hot liquids, as pressure buildup can cause the lid to eject.
- Do not attempt to sharpen the blades.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x Portable Juicer
- 1 x USB Cable
- 1 x User Manual (this document)
- 1 x Blender Bottom Cover

4. SETUP AND CHARGING

4.1 Initial Charge

Before first use, fully charge the blender. The built-in 1400mAh rechargeable battery typically takes 2-3 hours to fully charge.

4.2 Charging Methods

The blender can be charged using various methods:

- Power bank
- AC adapter (not included)
- Computer USB port
- Car charging port

USB Rechargeable Battery

Portable for home, office, traveling, picnic ect.

Image 4.1: The blender features a USB rechargeable battery and can be charged via laptop, power bank, or car charger.

5. OPERATING INSTRUCTIONS

5.1 Preparing Ingredients

Cut fruits and vegetables into small pieces (approximately 1 inch or 2.5 cm) to ensure optimal blending performance. Do not exceed the 350mL capacity mark.

5.2 Blending Process

1. Add your desired ingredients to the blender cup.
2. Ensure the lid is securely tightened.
3. Double-tap the on/off button to start the blending cycle. The blender will operate for approximately 30 seconds.
4. For continuous blending or to stop mid-cycle, double-tap the on/off button again.

5.3 Recommended Uses

This personal blender is suitable for making:

- Nutrient-rich single-serving smoothies

- Milkshakes
- Juices
- Blending ice and frozen fruits
- Baby food

6. MAINTENANCE AND CLEANING

Regular cleaning ensures the longevity and hygiene of your blender.

6.1 Auto-Cleaning Function

For quick cleaning:

1. Pour a small amount of water into the blender cup.
2. Add an optional drop of mild dish soap.
3. Secure the lid.
4. Double-tap the on/off button to start the auto-cleaning cycle until clean.

6.2 Manual Cleaning

For thorough cleaning:

- The removable base can be rotated and detached for cleaning.
- Carefully clean the blades with a brush, avoiding direct contact with hands.
- Wash the cup and lid with warm, soapy water.
- Rinse all components thoroughly and allow them to air dry completely before reassembly or storage.

Image 6.1: The removable base allows for easy cleaning under running water.

7. TROUBLESHOOTING

If you encounter issues with your blender, refer to the following common solutions:

- **Blender does not start:** Ensure the blender is fully charged. Check that the cup is securely attached to the base and the lid is properly tightened.
- **Blades are stuck:** Reduce the amount of ingredients or add more liquid. Ensure ingredients are cut into small pieces. Gently shake the blender to dislodge items.
- **Leakage:** Verify that the lid and base are tightly sealed. Check for any damage to the silicone seals.
- **Poor blending performance:** Ensure the battery is sufficiently charged. Do not overfill the blender. Cut ingredients into smaller pieces.

8. SPECIFICATIONS

Brand	Generic
-------	---------

Model	350mL Portable Mini Food Blender
Capacity	350 Milliliters
Product Dimensions	3.34"D x 3.34"W x 9.52"H
Item Weight	1.01 pounds
Power Source	Battery Powered (USB Rechargeable)
Battery Capacity	1400mAh
Voltage	5.4 Volts
Number of Speeds	1
Controls Type	Push Button
Blade Material	Stainless Steel
Material Type Free	BPA Free

9. WARRANTY AND SUPPORT

This product is covered by a 12-month exchange or money-back guarantee. Lifetime technical support is also provided.
