Homhougo VC-HLED

Homhougo Full Bed Frame with LED Lights Headboard and USB Port User Manual

Model: VC-HLED

1. INTRODUCTION

Thank you for choosing the Homhougo Full Bed Frame. This bed frame features an upholstered headboard with integrated LED lighting and a convenient USB charging port. Designed for comfort and modern aesthetics, it provides a sturdy foundation for your mattress without the need for a box spring. This manual provides essential information for safe assembly, operation, and maintenance of your new bed frame.

2. SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- Ensure all parts are present and undamaged before beginning assembly.
- Assemble the bed frame on a soft, clean surface to prevent scratches.
- Do not overtighten screws during assembly.
- Periodically check all connections to ensure they remain tight.
- Do not exceed the maximum weight capacity of the bed frame (refer to specifications).
- Keep electrical components (LED lights, USB port) away from water or excessive moisture.
- Only use the provided power adapter for the LED lights and USB port.

3. PACKAGE CONTENTS

Verify that all components listed below are included in your package. If any parts are missing or damaged, please contact customer support.

Adjustable LED Headboard with Fast-Charging USB Port

Headboard height adjusts from 40.6" to 44.5"

Image 3.1: An illustration showing various components of the Homhougo Full Bed Frame, including the headboard, side rails, footboard, and support slats, along with hardware.

Typical components include:

- Upholstered Headboard with LED and USB port
- Side Rails (Left and Right)
- Footboard
- Center Support Beam
- Wooden Slats with Velcro
- Support Legs
- Hardware Pack (screws, bolts, Allen wrench)
- Power Adapter for LED/USB
- Remote Control for LED Lights

4. SETUP AND ASSEMBLY

The Homhougo Full Bed Frame is designed for easy assembly. Each part is clearly labeled. Follow the numbered instructions provided in the separate assembly guide included in your package. A typical assembly

can be completed in approximately 30 minutes.

Image 4.1: An illustration detailing the dimensions of the full-size bed frame and indicating an approximate 30-minute installation time.

Key Assembly Steps:

- 1. Unpack and Identify Parts:** Lay out all components and hardware. Match them against the parts list.
- 2. Assemble Headboard:** Attach the headboard support legs if they are separate. Ensure the LED strip and USB port are correctly oriented.
- 3. Connect Side Rails:** Securely attach the side rails to the headboard and footboard using the provided hardware.
- 4. Install Center Support:** Place and secure the center support beam and its legs.
- 5. Attach Slats:** Roll out the wooden slats across the frame. The Velcro design ensures easy installation and helps prevent noise.

Image 4.2: Close-up view of the strong wooden support slats and the Velcro design for easy, noise-free installation, eliminating the need for a box spring.

Adjusting Headboard Height:

The headboard height is adjustable to suit your mattress thickness and preference. It can be set to three different levels, typically ranging from 40.6 inches to 44.5 inches from the floor. Adjust the headboard before fully tightening all bolts to ensure proper alignment.

Image 4.3: A detailed view of the adjustable headboard, highlighting the integrated fast-charging USB port and power outlets, with arrows indicating the height adjustment range from 40.6" to 44.5".

5. OPERATING INSTRUCTIONS

LED Lights Operation:

The integrated LED lights in the headboard can be controlled using the provided remote control. Ensure the bed frame is connected to a power outlet using the supplied adapter.

Strong Support Slats
No Box Spring Needed

Velcro Design
Easy Installation & Noise Free

Image 5.1: The Homhougo bed frame with its RGB LED headboard illuminated, accompanied by the remote control used to change colors and modes.

- **Power On/Off:** Press the **ON/OFF** button on the remote to turn the lights on or off.
- **Color Selection:** Use the color buttons on the remote to select your desired LED color.
- **Brightness Adjustment:** Use the **Brightness Up/Down** buttons to adjust the intensity of the lights.
- **Mode Selection:** The remote may include buttons for various lighting modes (e.g., flash, strobe, fade, smooth) to create different ambiances.

USB Charging Port:

The headboard includes a fast-charging USB port to conveniently charge your electronic devices. Simply connect your device's USB cable to the port. Ensure the bed frame is plugged into a power outlet for the USB port to function.

6. MAINTENANCE

- **Cleaning the Upholstery:** For general cleaning, gently vacuum the upholstered surfaces to remove dust. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner according to its instructions, testing on an inconspicuous area first.

- **Cleaning LED/USB Area:** Wipe the LED strip and USB port area with a dry, soft cloth. Do not use liquid cleaners directly on electrical components.
- **Hardware Check:** Periodically (every 3-6 months) check all bolts and screws to ensure they are tight. Loose connections can lead to squeaking or instability.
- **Slat Inspection:** Inspect the wooden slats for any signs of damage or wear. Replace any broken slats to maintain proper mattress support.

7. TROUBLESHOOTING

LED Lights Not Working:

- Ensure the power adapter is securely plugged into both the bed frame and a working wall outlet.
- Check if the remote control battery needs replacement.
- Verify that the remote control is pointed towards the receiver on the headboard.

USB Port Not Charging:

- Confirm the bed frame is connected to a power outlet.
- Try a different USB cable or device to rule out cable/device issues.
- Ensure the device requires standard USB charging and is not drawing excessive power.

Bed Frame Squeaks:

- Tighten all bolts and screws, especially those connecting the side rails to the headboard and footboard, and the center support.
- Ensure all support legs are firmly on the floor and evenly distributed.
- Check if the wooden slats are properly seated and the Velcro is engaged.

8. SPECIFICATIONS

Attribute	Detail
Model Number	VC-HLED
Size	Full
Product Dimensions (L x W x H)	78.7" x 57.9" x 44.5"
Adjustable Headboard Height	40.6" - 44.5"
Color	Grey
