## Poster Master PM000034-08x10

# Poster Master Astronomy Poster (Model PM000034-08x10) Instruction Manual

This manual provides detailed instructions for the installation, care, and specifications of your Poster Master 8x10 Unframed Watercolor Solar System Astronomy Poster.

## 1. PRODUCT OVERVIEW

The Poster Master Astronomy Poster features a watercolor solar system design, ideal for educational or decorative purposes. This specific model is an 8x10 inch unframed print, produced with high-quality materials for lasting visual appeal.

# The Solar System

## Key Features:

- **Dimensions:** 8 inches (width) x 10 inches (height).
- **Material:** Fine art matte paper.
- **Print Quality:** Giclée method for vivid and durable colors.
- **Origin:** Printed and packaged in the USA.

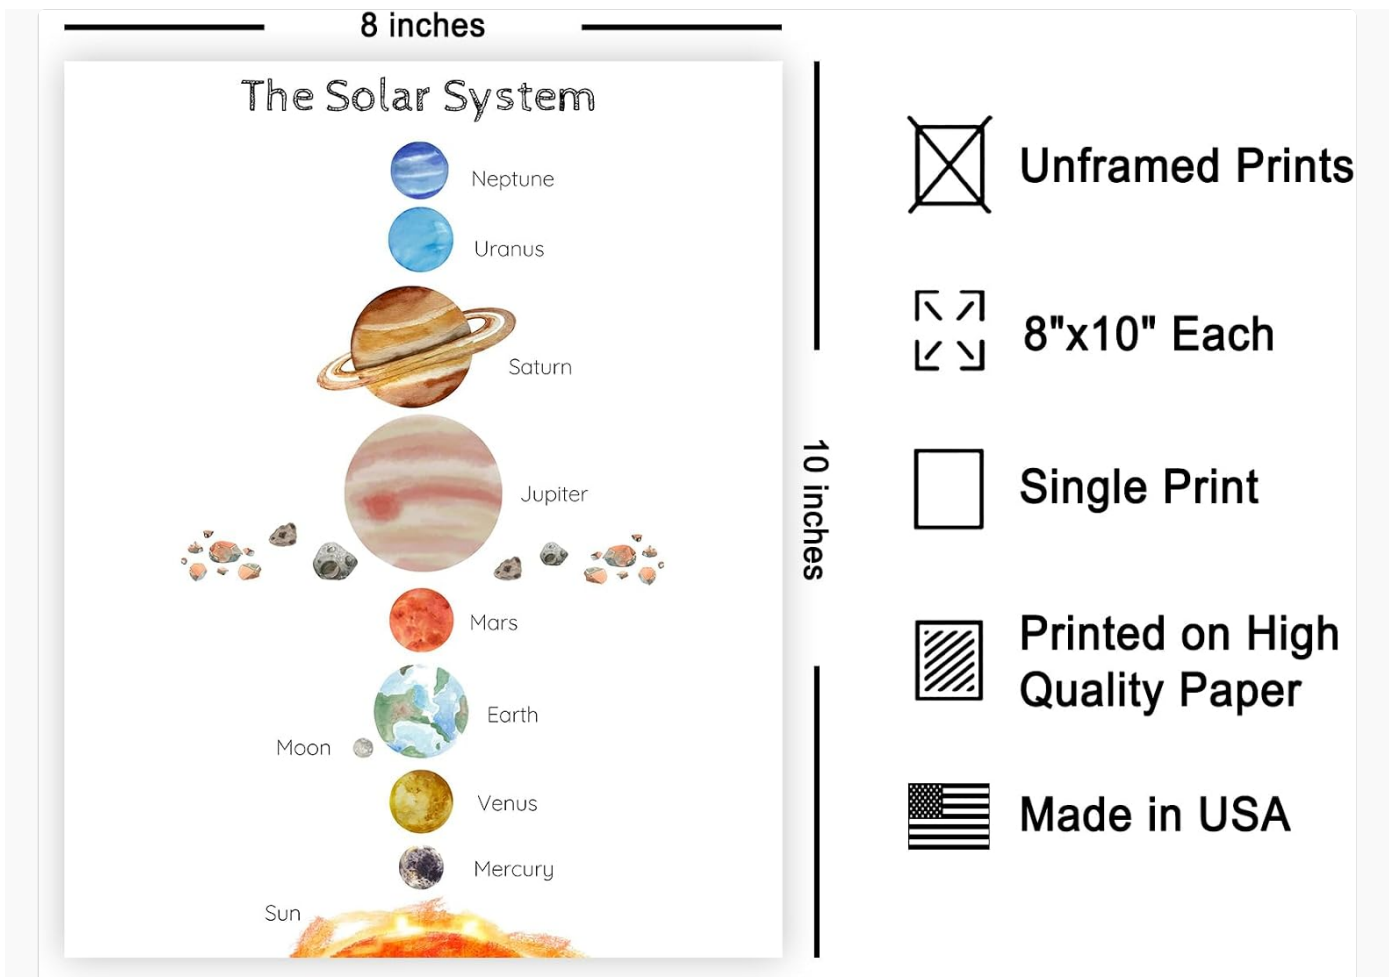

Image 1.2: Product dimensions and key features.

## 2. INSTALLATION AND DISPLAY

This poster is supplied unframed, offering flexibility in how it is displayed. Consider the following options for installation:

### Display Options:

1. **Framing:** For a classic and protected display, place the poster in an 8x10 inch frame. Ensure the frame includes a backing board and a clear front (glass or acrylic) to protect the print.
2. **Poster Hangers:** Utilize magnetic poster hangers or clip frames that grip the top and bottom edges of the print. This allows for easy hanging and a minimalist aesthetic.
3. **Adhesive Strips/Putty:** For a temporary or lightweight solution, use removable adhesive strips or poster putty on the back corners of the print. Ensure the wall surface is clean and dry before application. Avoid using strong adhesives that may damage the print or wall.

When selecting a location, choose an area away from direct sunlight and excessive humidity to preserve the print's quality.

### 3. CARE AND MAINTENANCE

Proper care will ensure the longevity and vibrancy of your Poster Master print.

#### Guidelines:

- **Handling:** Always handle the print by its edges to avoid fingerprints or creases on the printed surface.
- **Cleaning:** If necessary, gently dust the surface with a soft, dry, lint-free cloth. Avoid using liquid cleaners or abrasive materials.
- **Environment:** Keep the poster away from direct sunlight, which can cause fading over time. Avoid areas with high humidity or extreme temperature fluctuations.
- **Storage:** If storing the poster, keep it flat or rolled in a protective tube. Ensure it is stored in a dry, cool place, ideally within its original packaging or acid-free materials.

### 4. TROUBLESHOOTING

While posters are generally simple products, here are solutions to common concerns:

### Common Issues:

- **Curling Edges:** If the poster edges curl, gently roll the poster in the opposite direction or place it under a flat, heavy object for a few hours. Framing or using poster hangers can also prevent curling.
- **Dust Accumulation:** Use a soft, dry microfiber cloth to gently wipe away dust. For framed posters, clean the frame's glass or acrylic with an appropriate cleaner, ensuring no liquid seeps onto the print.
- **Minor Creases:** For very minor creases, placing the poster under a heavy, flat object for an extended period (e.g., 24-48 hours) may help flatten it. Avoid attempting to iron or apply heat directly to the print.

## 5. SPECIFICATIONS

Attribute	Detail
Product Dimensions	8 x 10 x 0.2 inches
Item Weight	1 ounces
Manufacturer	Poster Master
Model Number	PM000034-08x10
ASIN	B0C6JLDPK1
Date First Available	August 25, 2023

## 6. SUPPORT INFORMATION
