Simple Trending ST58712 3-Tier Metal Plant Stand User Manual

Model: ST58712

1. INTRODUCTION

Thank you for choosing the Simple Trending 3-Tier Metal Plant Stand. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new plant stand. Please read these instructions carefully before use and retain them for future reference.

2. SETUP AND ASSEMBLY

2.1 Unpacking and Component Check

Carefully remove all components from the packaging. Verify that all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

2.2 Assembly Instructions

The Simple Trending 3-Tier Metal Plant Stand offers multiple assembly configurations, including a stair-step design, a vertical stack, or an extended horizontal layout. The assembly process is designed to be straightforward, requiring minimal tools (included).

1. **Prepare Components:** Lay out all metal frame pieces and shelves. Identify the different sizes for each tier.
2. **Assemble Individual Tiers:** Connect the side frames to the shelf panels using the provided screws and L-bar tool. Ensure all connections are secure.
3. **Connect Tiers:** Depending on your desired configuration (stair-step, vertical, or extended), connect the assembled tiers using the designated connection points and hardware. The design allows for single stacking or multiple product stacking for space-saving arrangements.
4. **Final Tightening:** Once all sections are connected, ensure all screws are tightened for stability.

3. OPERATING INSTRUCTIONS

3.1 Placement

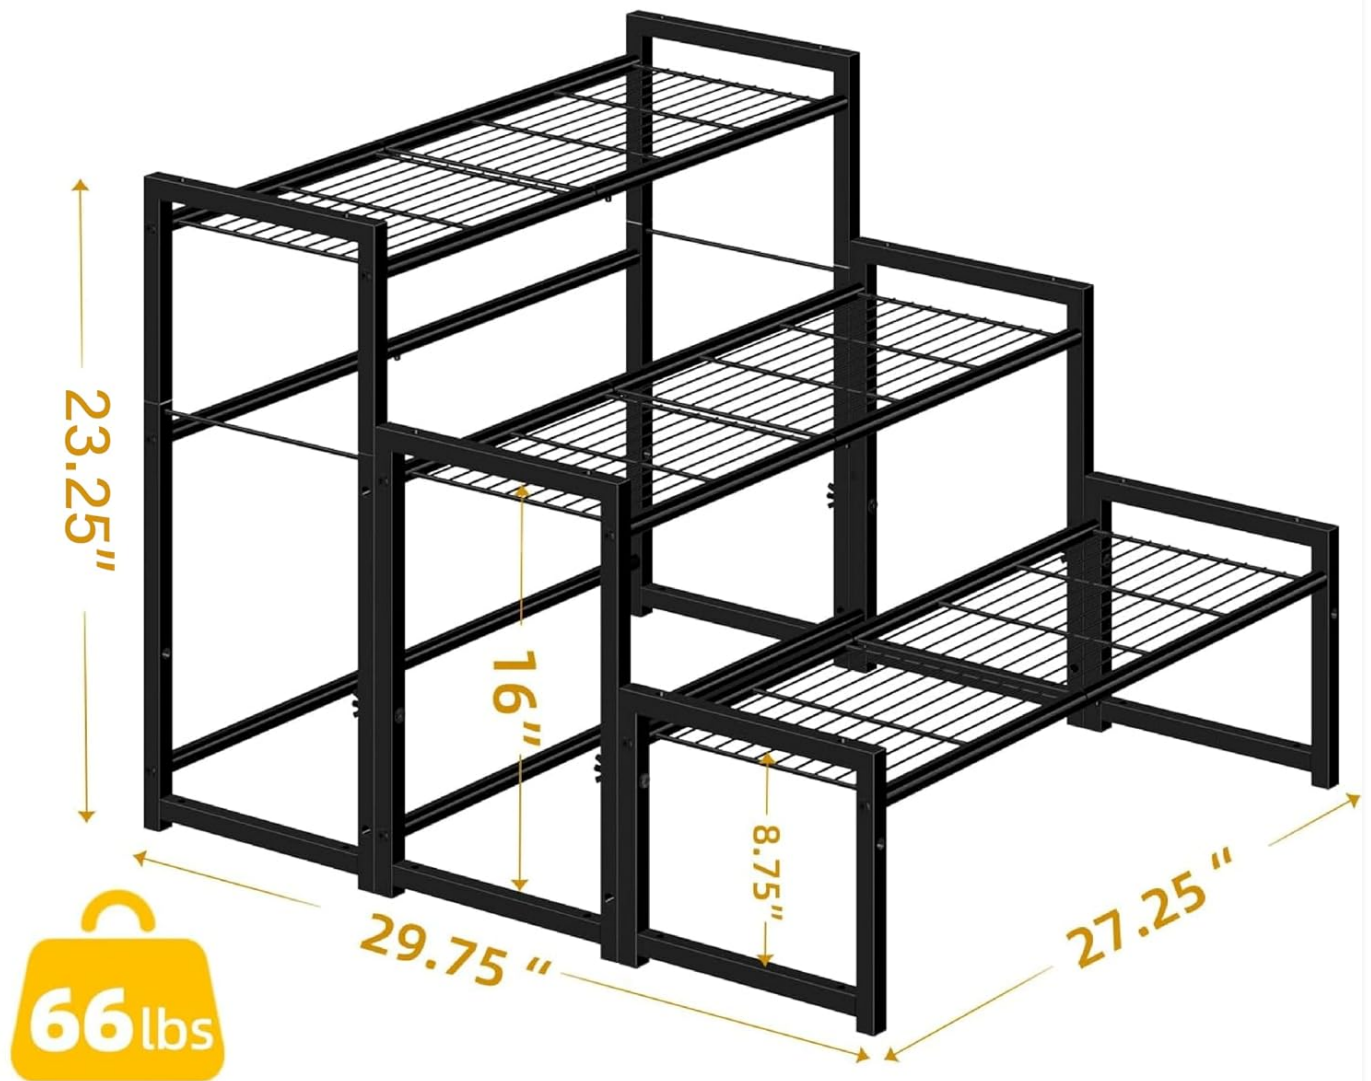

This plant stand is suitable for both indoor and outdoor use. When placing outdoors, ensure it is on a stable, level surface. For indoor use, consider placing it near a window for optimal plant growth, or in any area where additional display or storage is desired.

3.2 Loading Capacity

Each tier of the plant stand is designed to hold up to 50 pounds (22.68 kg). The overall structure can support a total

weight of approximately 150 pounds (68.04 kg) when evenly distributed across all tiers. Avoid exceeding these weight limits to maintain stability and prevent damage.

PRODUCT SIZE

Weight capacity of each Tier: 50 lbs

3.3 Versatile Use

Beyond holding potted plants, this stand can be utilized as a display shelf for decorative items, books, or other small household goods. Its multi-form design allows it to adapt to various spaces and needs.

4. MAINTENANCE

4.1 Cleaning

The plant stand features a black matte powder coating, making it waterproof and resistant to rust in humid environments.

To clean, simply wipe with a damp cloth and mild detergent. Avoid abrasive cleaners that could damage the finish.

Figure 4: The plant stand is designed to be waterproof and anti-corrosion.

4.2 Regular Inspection

Periodically check all connections and screws to ensure they remain tight and secure. This helps maintain the stand's stability and extends its lifespan.

5. TROUBLESHOOTING

5.1 Instability

If the stand appears unstable, re-check all screw connections to ensure they are fully tightened. Ensure the stand is placed on a flat, level surface. The non-slip feet on the bottom are designed to protect floors and enhance stability.

5.2 Missing Parts or Assembly Issues

If you encounter any problems with installation, such as missing parts or difficulty assembling, please refer to the assembly video or contact Simple Trending customer support for assistance.
