Key Features:

- **Noise Cancellation & Mute Function:** Advanced ambient noise reduction for clear calls. Easy-to-access mute button on the microphone.
- **Improved Air Conduction:** Delivers sound without bone conduction vibrations, ensuring comfort during extended wear.
- **Bluetooth 5.1 & High-Quality Sound:** Faster transmission, stable connection, low latency, and energy efficiency with stereo sound.
- **Multipoint Connection:** Connects to two devices simultaneously (Android, iOS, Windows compatible).
- **Long Battery Life:** Up to 8 hours of talk/music time, 36 hours standby, with Type-C fast charging.
- **Open-Ear Design:** Lightweight and comfortable, allowing awareness of surroundings while enjoying audio.

SETUP

1. Charging the Headset

Before first use, fully charge the headset. Use the provided USB Type-C cable to connect the headset to a power source (e.g., computer USB port, wall adapter).

- A full charge takes approximately 2 hours.
- The LED indicator will show charging status (e.g., red for charging, blue for fully charged).

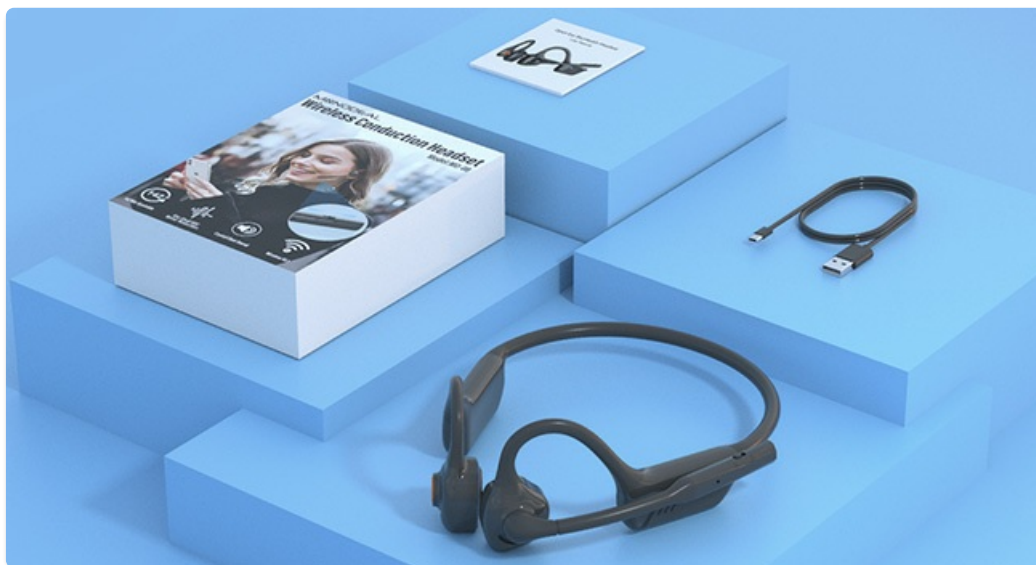

Image: Visual representation of the headset being charged via its USB-C port, indicating fast charging capability.

2. Pairing with a Device

The MONODEAL headset supports Bluetooth 5.1 for a stable and efficient connection.

1. **Power On:** Press and hold the Power button until the LED indicator flashes blue and red, indicating pairing mode.
2. **Activate Bluetooth:** On your device (smartphone, tablet, computer), enable Bluetooth.
3. **Select Headset:** In your device's Bluetooth settings, search for "MONODEAL MD08 pro" (or similar) and select it to connect.
4. **Confirmation:** Once connected, the headset's LED will flash blue slowly, and you may hear an audible confirmation.

Dual Devices Connection
Enables you to connect *2 devices* at one time

Windows   Android   Ios

Image: The headset shown connected to a laptop, smartphone, and tablet, illustrating its dual device connection capability across Windows, Android, and iOS platforms.

3. Multipoint Connection

Your headset can connect to two Bluetooth devices simultaneously, allowing seamless switching between them.

1. Pair the headset with the first device as described above.
2. Disable Bluetooth on the first device.
3. Put the headset back into pairing mode and pair it with the second device.
4. Re-enable Bluetooth on the first device. The headset should automatically connect to both devices.

When a call comes in on one device, the headset will automatically switch to that device. When the call ends, it will revert to the previous audio source.

OPERATING INSTRUCTIONS

The headset features intuitive controls for managing calls and media playback.
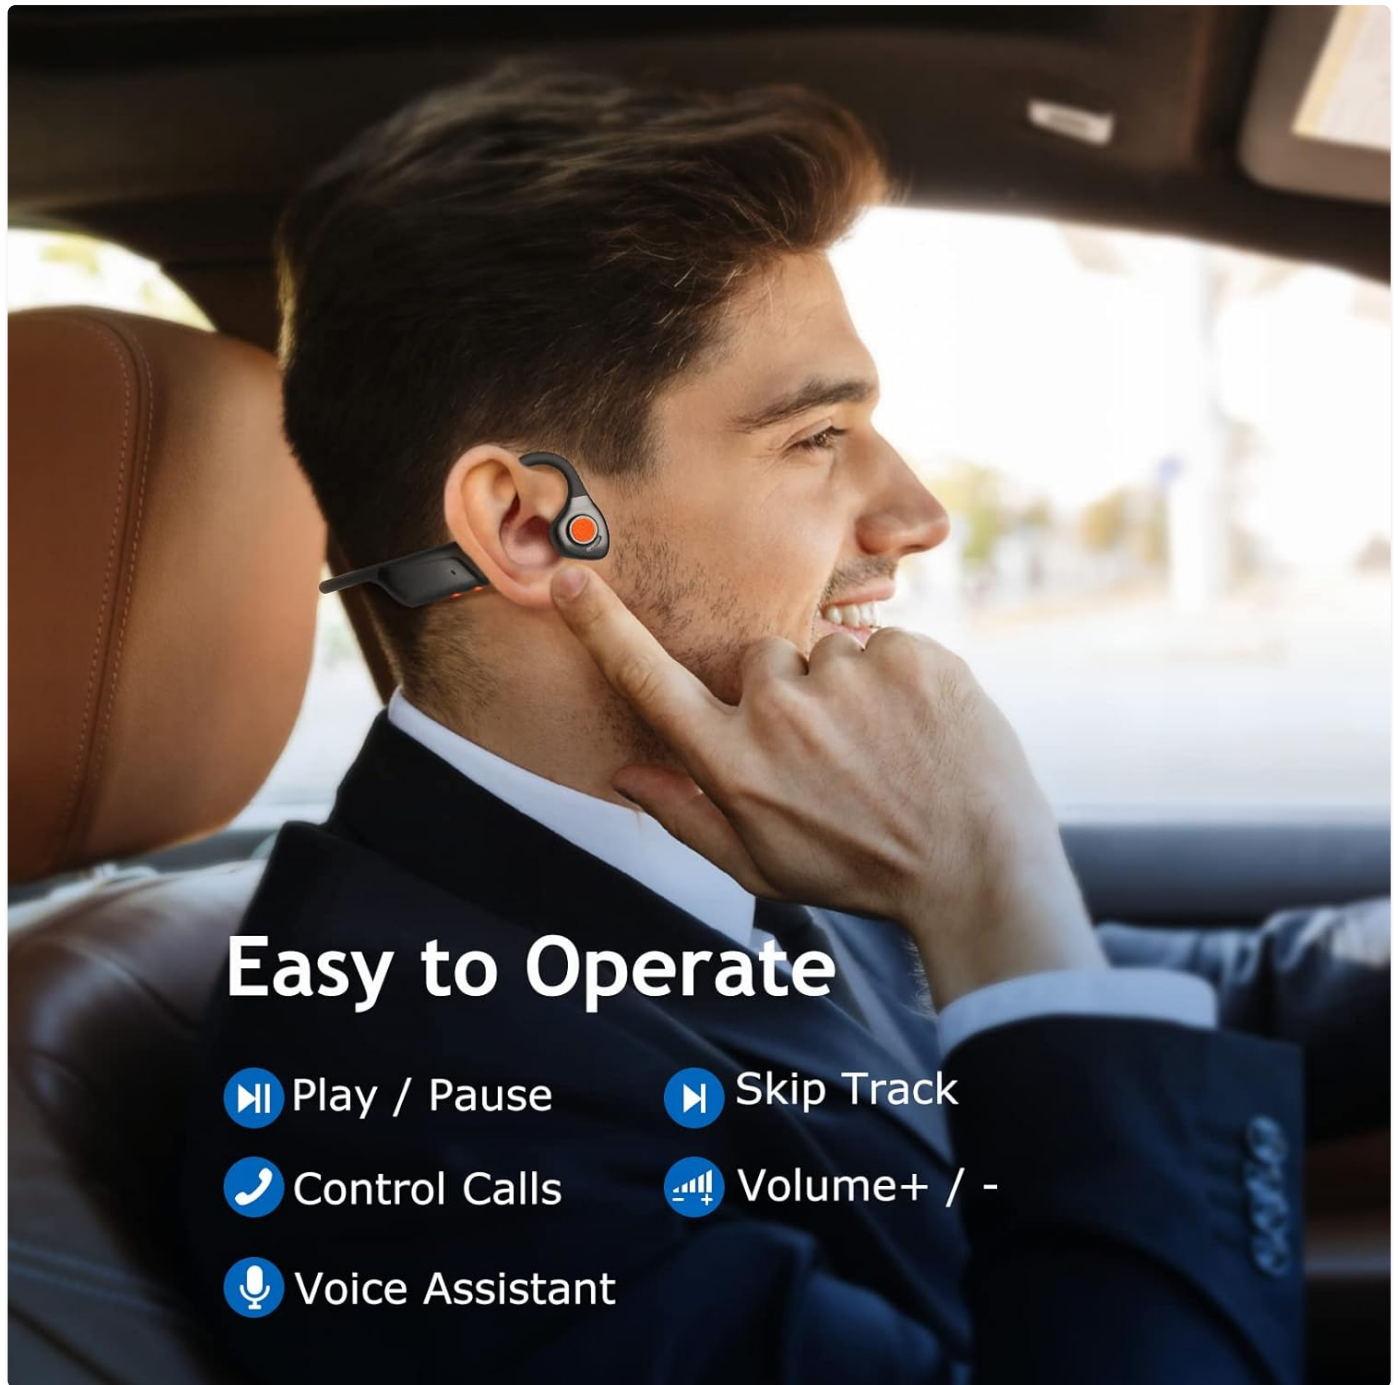

Image: Visual guide to the headset's multi-function button, illustrating controls for play/pause, skipping tracks, managing calls, adjusting volume, and accessing voice assistant.

Power On/Off:

- **Power On:** Press and hold the Power button for 3 seconds.
- **Power Off:** Press and hold the Power button for 5 seconds.

Call Management:

- **Answer/End Call:** Press the Multi-function button once.
- **Reject Call:** Press and hold the Multi-function button for 2 seconds.
- **Mute/Unmute Microphone:** Press the dedicated Mute button on the microphone boom.
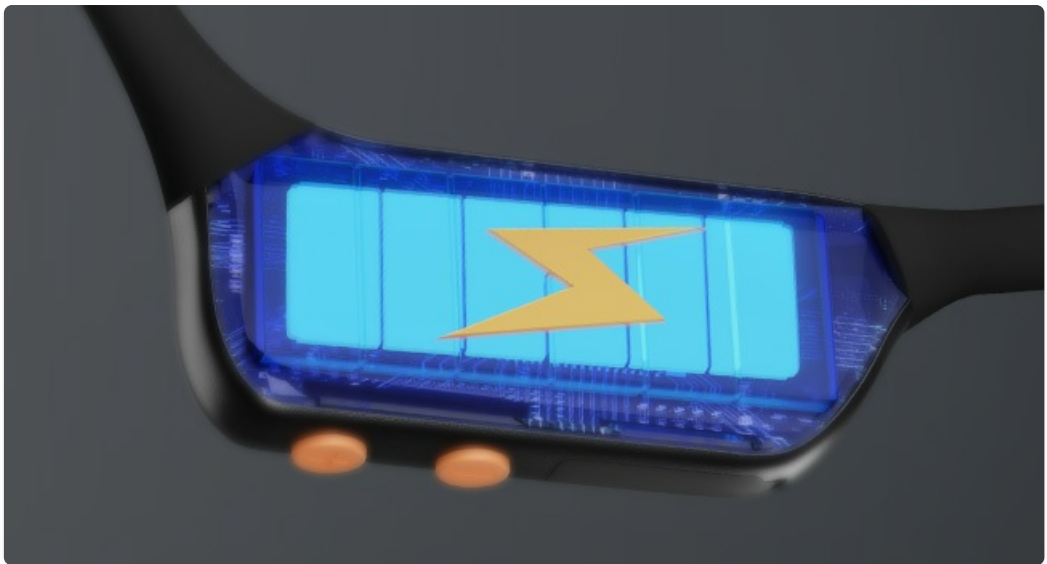

Image: Detailed view of the mute button located on the microphone boom for quick call privacy.

Audio Control:

- **Play/Pause:** Press the Multi-function button once.
- **Next Track:** Double-press the Multi-function button.
- **Previous Track:** Triple-press the Multi-function button.
- **Volume Up:** Press the Volume + button.
- **Volume Down:** Press the Volume - button.

Voice Assistant:

- **Activate Voice Assistant:** Press and hold the Multi-function button for 2 seconds (when not on a call).

MAINTENANCE

Proper care will extend the life of your headset.

- **Cleaning:** Wipe the headset with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Water Resistance:** While designed for daily use, avoid submerging the headset in water.
- **Charging:** Only use the provided charging cable or a certified Type-C cable.

TROUBLESHOOTING

If you encounter issues, try the following solutions:

Problem	Solution
Headset won't turn on.	Ensure the headset is fully charged. Connect it to a power source and try again.
Cannot pair with device.	Make sure the headset is in pairing mode (flashing blue and red). Ensure Bluetooth is enabled on your device. Move the headset closer to your device. Forget the device in your phone's Bluetooth settings and try pairing again.

| Problem	Solution
No sound or low volume.	Increase the volume on both the headset and your connected device. Ensure the headset is properly connected to your device. Check if the audio output is set to the headset on your device.
Microphone not working.	Ensure the microphone is not muted. Check microphone settings on your connected device.
Connection drops frequently.	Ensure no obstacles are between the headset and your device. Move away from other strong wireless signals (Wi-Fi, other Bluetooth devices). Re-pair the headset with your device.
