## STPCTOU ST-7BK

# STPCTOU Bird Leg Rings Instruction Manual

Model: ST-7BK

## INTRODUCTION

This instruction manual provides essential information for the proper use and care of your STPCTOU Multicolor Aluminum Bird Leg Rings. These rings are designed for the identification and tracking of various bird species, ensuring their well-being and organization. Please read this manual thoroughly before application to ensure correct usage and to prevent any discomfort or injury to your birds.

## PRODUCT OVERVIEW

The STPCTOU Bird Leg Rings are lightweight, durable aluminum bands used for bird identification. Each pack contains 50 rings in mixed colors, featuring laser-engraved numbers and letters for unique identification. The smooth surface and electropolishing treatment ensure the rings are safe and comfortable for birds.

## FEATURES

- Quality Material:** Made of tough aluminum alloy with laser engraving for clear, crisp fonts. Electropolishing treatment provides bright colors and a smooth surface that will not harm the bird.
- Identification Design:** Brightly colored rings with random numbers and letters help distinguish bird sex, age, and reduce the risk of losing pet birds.
- Lightweight and Durable:** The bird foot tag is very light, ensuring comfort for the bird, and the material is designed for long service life.
- Easy Identification:** The vibrant colors and clear markings make it easy to identify individual birds, especially in a flock.

# Features

- 🐦 Each ring has a number mark, which helps to distinguish different species and mark suspected pigeons and birds.
- ⌚ Made of high quality aluminum, durable, reusable and long service life.
- 😊 Easy to identify similar looking birds, more practical.
- 📦 Small size, light weight, easy to carry and easy to use.
- ⚙️ Fine workmanship, suitable for all birds, such as pigeons, parrots, etc.

## SETUP AND APPLICATION

It is crucial to apply the leg rings correctly to ensure the bird's safety and comfort. These closed bird anklets are typically worn when the bird is young. Please ensure the inner diameter of the anklet is suitable for your bird's ankle before purchasing to prevent injury.

### Important Note on Wearing Time:

**This bird anklet can be worn 7 days after the birth of the bird. Adult birds cannot wear these rings due to their closed design.**

**Note: Can be worn 7 days after the birth of the bird, adult birds can not wear**

**Size. 4.0 (inner diameter 4.0MM): pearl, wen bird, tiger skin, hibiscus bird**

**Size. 4.7 (inner diameter 4.7MM): waxbill, large-headed tiger skin,**

**20 days old or less peony**

**Size. 6.0 (inner diameter 6.0MM): Xuan feng, small sun**

**Size. 7.0 (inner diameter 7.0MM): Golden Sun, Monk, Parrot, Grackle**

**Size. 8.0 (ID 8.0MM): Golden Sun, Monk, Keck, Moon Wheel, Miniature Vajra**

#### **Application Steps:**

1. **Step 1: Hold the Bird Securely.** Gently hold the bird to ensure it is calm and to prevent injury during the process.
2. **Step 2: Apply Lubricant (Optional).** A small amount of lubricant can be used to help the ring slide over the bird's foot more easily.
3. **Step 3: Pass Toes Through.** Carefully pass the front three toes of the bird through the foot ring first.
4. **Step 4: Guide Back Toe.** Use a toothpick or similar blunt, thin object to gently pry the back toe out of the ring.
5. **Step 5: Adjust Ring.** Adjust the bird's ankle loop to the ankle to make sure it doesn't slip off and is comfortable.

# EASY TO USE

Closed bird anklets are usually worn when the bird is young, so please make sure the inner diameter of the anklet is suitable for your bird's ankle before purchasing to prevent injury to the bird.

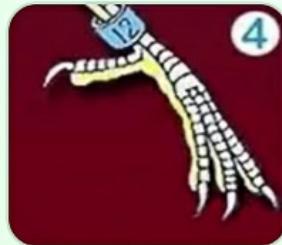

Hold on to the bird to the extent that you won't hurt it.

A lubricant can be used to pass the front three toes of the bird through the bird's foot ring first.

Use a toothpick to gently pry the back toe out of the toe ring.

Adjust the bird's ankle loop to the ankle to make sure it doesn't slip off.

## MAINTENANCE

The aluminum leg rings require minimal maintenance. To ensure longevity and hygiene:

- Cleaning:** If rings become soiled, gently wipe them with a damp cloth. Avoid harsh chemicals that could damage the material or irritate the bird.
- Inspection:** Periodically check the rings for any signs of wear, damage, or sharp edges that could potentially harm the bird.
- Storage:** Store unused rings in a dry place away from direct sunlight to preserve their color and material integrity.

## TROUBLESHOOTING

If you encounter issues with the bird leg rings, consider the following:

- Ring Does Not Fit:** Ensure you have selected the correct size for your bird's age and species. These rings are designed for young birds (7 days after birth) and may not fit adult birds. Refer to the size chart in the specifications section.
- Ring Falls Off:** This may indicate the ring is too large for the bird, or it was not applied correctly. Re-evaluate the size and re-apply following the application steps carefully.
- Bird Shows Discomfort:** If the bird appears distressed or attempts to remove the ring excessively, remove the ring immediately. Re-check the size and application method. Consult a veterinarian if discomfort persists.

## SPECIFICATIONS

Detailed specifications for the STPCTOU Bird Leg Rings:

Attribute	Detail
Brand Name	STPCTOU
Model Name	Bird Rings
Item Model Number	ST-7BK
Material	Aluminum
Size (Inner Diameter)	7MM (for this specific product variant)
