Cangaroo 109987

Cangaroo Linen Bed Rail 130 cm User Manual

Model: 109987

INTRODUCTION

The Cangaroo 130 cm Linen Bed Rail is designed to provide a safe sleeping environment for your child, preventing accidental falls from bed. This manual provides detailed instructions for the proper assembly, operation, maintenance, and troubleshooting of your bed rail. Please read this manual thoroughly before use and retain it for future reference.

Figure 1: Cangaroo 130 cm Linen Bed Rail (Rose)

This image shows the Cangaroo 130 cm Linen Bed Rail in a rose color, extended and ready for use. It features a grey frame with a pink linen top border and a mesh safety barrier.

SAFETY INFORMATION

Always prioritize safety when using the bed rail. Failure to follow these instructions could result in serious injury or death.

- **Adult Supervision:** This product is not a substitute for adult supervision. Always keep your child under supervision.
- **Proper Installation:** Ensure the bed rail is securely installed according to the instructions. A loose or improperly installed bed rail can be a hazard.
- **Mattress Compatibility:** This bed rail is designed to be placed under the mattress. Ensure your mattress is heavy enough to hold the bed rail firmly in place. It is suitable for most beds and slatted bases.
- **Gap Prevention:** Ensure there are no gaps between the bed rail and the mattress or bed frame that could trap a child's head or body.
- **Age and Weight Limits:** This bed rail is intended for children transitioning from a crib to a regular bed. Do not use for infants or children under 18 months.

- **Regular Checks:** Periodically check the bed rail for wear, damage, or loose parts. Discontinue use if any damage is found.
- **No Climbing:** Instruct your child not to climb on the bed rail.

PARTS LIST

Before assembly, ensure all parts are present and undamaged.

- Main Bed Rail Frame (1)
- Support Legs/Base (2)
- Linen Fabric Cover (Pre-assembled)
- Instruction Manual (This document)

Figure 2: Cangaroo Bed Rail Color Variants

This image displays the Cangaroo bed rail in multiple color options: beige, turquoise, grey, and rose. The rose version is prominently featured in the foreground, illustrating the product's design and available choices.

SETUP AND INSTALLATION

Follow these steps to properly install the Cangaroo Bed Rail:

1. **Unpack:** Carefully remove all components from the packaging.

2. **Assemble Support Legs:** Attach the support legs to the main bed rail frame. Ensure they click securely into place.
3. **Prepare Bed:** Lift the mattress from the bed frame or slatted base.
4. **Position Bed Rail:** Place the assembled bed rail on the bed frame or slatted base, ensuring the support legs extend underneath where the mattress will rest. The bed rail should be positioned along the side of the bed where fall protection is needed.
5. **Lower Mattress:** Carefully lower the mattress back onto the bed frame, ensuring it rests firmly on top of the bed rail's support legs. The weight of the mattress will hold the bed rail in place.
6. **Check Security:** Gently push and pull the bed rail to ensure it is stable and does not move excessively. There should be no significant gaps between the bed rail and the mattress.

Figure 3: Bed Rail Placement

This image illustrates the Cangaroo bed rail positioned on a bed frame, with its support legs extending horizontally. This demonstrates how the bed rail is placed underneath the mattress for secure installation.

OPERATING INSTRUCTIONS

The Cangaroo Bed Rail features a convenient foldable front mechanism for easy access to the bed.

1. **To Fold Down:** Locate the release buttons or levers on both sides of the bed rail, typically near the top corners. Press these buttons simultaneously and gently push the top section of the bed rail downwards. The front panel will pivot and fold flat, allowing for easy entry and exit from the bed, or for making the bed.
2. **To Raise Up:** Grasp the top bar of the bed rail and pull it upwards until it locks securely into the upright position. Ensure both sides are fully locked before leaving your child unattended. You should hear an audible click.

Figure 4: Foldable Front Mechanism

This image provides a close-up view of the Cangaroo bed rail's upper section, highlighting the mechanism that allows the front panel to fold down. This feature enables convenient access to the bed.

Figure 5: Bed Rail in Folded Position

This image shows the Cangaroo bed rail with its front panel folded downwards, demonstrating how it can be lowered for easy access or to make the bed. The rail remains attached to the bed frame.

MAINTENANCE AND CARE

Proper maintenance will extend the life of your Cangaroo Bed Rail.

- **Cleaning:** The linen fabric cover can be spot cleaned with a damp cloth and mild soap. Do not use harsh chemicals or

- abrasive cleaners. Allow to air dry completely before re-use.
- **Frame Cleaning:** Wipe the metal and plastic parts of the frame with a damp cloth.
 - **Storage:** When not in use for extended periods, the bed rail can be disassembled and stored in a dry, cool place.
 - **Inspection:** Regularly inspect all parts for signs of wear, tear, or damage. Pay close attention to the fabric, mesh, and locking mechanisms.

TROUBLESHOOTING

If you encounter any issues with your Kangaroo Bed Rail, refer to the following common problems and solutions:

| Problem | Possible Cause | Solution |
|---|--|---|
| Bed rail feels unstable or wobbly. | Not properly positioned under the mattress; mattress too light; support legs not fully extended. | Ensure the bed rail's support legs are fully under the mattress. Verify the mattress is heavy enough to secure the rail. Re-adjust position. |
| Foldable mechanism is stiff or not locking. | Mechanism dirty or obstructed; not pressing release buttons simultaneously. | Clean the mechanism area. Ensure both release buttons are pressed fully and simultaneously when folding. Apply gentle, even pressure when raising. |
| Gaps between bed rail and mattress/bed frame. | Incorrect bed rail size for bed; improper installation. | Ensure the bed rail is centered and flush against the mattress. If gaps persist, the bed rail may not be compatible with your specific bed type or mattress size. Discontinue use if significant gaps remain. |

SPECIFICATIONS

| Feature | Detail |
|--------------------------------|--|
| Brand | Kangaroo |
| Model Number | 109987 |
| Color | Rose (Other colors available separately) |
| Product Dimensions (L x W x H) | 130 x 43 x 2 cm (51.2 x 16.9 x 0.8 inches) |
