Soundcore Space One

Soundcore Space One Active Noise Cancelling Headphones

Model: Space One

Introduction

Thank you for choosing Soundcore Space One Active Noise Cancelling Headphones. This manual provides essential information for setting up, operating, and maintaining your headphones to ensure optimal performance and longevity. Please read this manual carefully before using your headphones and retain it for future reference.

What's in the Box

- Soundcore Space One Headphones
- USB-C Charging Cable
- 3.5mm AUX Cable
- Travel Pouch
- Quick Start Guide

Product Overview

Front view of the Soundcore Space One headphones in black, showcasing their sleek design and earcups.

Diagram illustrating the internal components of the upgraded noise cancelling structure, highlighting its effectiveness in reducing voices.

Close-up view of the earcup showing the 8-degree floating-axis design, which allows for effortless conformity to head contours for a natural fit.

Controls and Indicators

- **Power Button:** Press and hold to power on/off.
- **ANC Button:** Toggle between Active Noise Cancellation, Transparency, and Normal modes.
- **Volume Up/Down:** Adjust audio volume.
- **Multi-function Button:** Play/pause, skip tracks, answer/end calls.
- **USB-C Port:** For charging.
- **3.5mm Audio Jack:** For wired connection.
- **LED Indicator:** Shows power, charging, and Bluetooth status.

Setup

1. Charging Your Headphones

Before first use, fully charge your Soundcore Space One headphones. Use the provided USB-C cable to connect the headphones to a power source. The LED indicator will show charging status and turn off when fully charged.

- A full charge takes approximately 2 hours.
- A 5-minute charge provides up to 4 hours of playtime.

2. Powering On/Off

Press and hold the Power button for 3 seconds to power on or off the headphones. The LED indicator will flash white when powering on and red when powering off.

3. Bluetooth Pairing

1. With the headphones powered off, press and hold the Power button for 5 seconds until the LED indicator flashes blue rapidly. This indicates pairing mode.
2. On your device (smartphone, tablet, computer), enable Bluetooth.
3. Search for "Soundcore Space One" in the list of available devices and select it.
4. Once connected, the LED indicator will turn solid blue.

4. Connecting to Multiple Devices (Multipoint Connection)

Your Soundcore Space One headphones can connect to two Bluetooth devices simultaneously.

1. Connect the headphones to the first device as described in the Bluetooth Pairing section.
2. Disconnect the headphones from the first device's Bluetooth settings.
3. Connect the headphones to the second device.
4. Reconnect the headphones to the first device. The headphones are now connected to both devices.

Operating Your Headphones

Wearing the Headphones

Adjust the headband for a comfortable and secure fit. The earcups are designed with an 8° floating-axis to conform naturally to your head shape, ensuring comfort during long listening sessions.

A person enjoying music with the Soundcore Space One headphones, highlighting the crisp, Hi-Res audio experience provided by LDAC and 40mm drivers.

Button Functions

Button	Action	Function
Power Button	Press and hold for 3s	Power On/Off
Power Button	Press and hold for 5s (when off)	Enter Bluetooth Pairing Mode
ANC Button	Single Press	Cycle ANC / Transparency / Normal Mode
Volume Up (+)	Single Press	Increase Volume
Volume Down (-)	Single Press	Decrease Volume
Multi-function Button	Single Press	Play/Pause Music / Answer/End Call

Button	Action	Function
Multi-function Button	Double Press	Next Track
Multi-function Button	Triple Press	Previous Track
Multi-function Button	Press and hold for 2s	Reject Call / Activate Voice Assistant

Active Noise Cancellation (ANC)

The Soundcore Space One features adaptive noise cancellation that reduces external sounds by up to 98%, including human voices. Press the ANC button to cycle through the following modes:

- **ANC Mode:** Maximizes noise reduction for a quiet listening experience.
- **Transparency Mode:** Allows you to hear your surroundings while still enjoying your audio. There are 5 levels of transparency that can be adjusted via the Soundcore app.
- **Normal Mode:** Disables noise cancellation and transparency for standard audio playback.

Image depicting the long battery life of the headphones, showing 40 hours of playtime with ANC on and 55 hours with ANC off, ensuring a worry-free journey.

Soundcore App

Download the Soundcore app to enhance your experience. The app allows you to:

- Customize EQ settings.
- Adjust the level of Transparency Mode (5 levels available).
- Update headphone firmware.
- Access user tips and FAQs.

Maintenance

Cleaning

- Wipe the earcups and headband with a soft, dry cloth.

- Do not use abrasive cleaners or solvents.

Storage

- Store the headphones in the provided travel pouch when not in use.
- Avoid storing in extreme temperatures or high humidity.

Troubleshooting

Problem	Possible Cause	Solution
Headphones won't power on	Low battery	Charge the headphones fully.
Cannot pair with device	Headphones not in pairing mode / Device Bluetooth off	Ensure headphones are in pairing mode (flashing blue LED). Turn on Bluetooth on your device.
No sound	Volume too low / Incorrect audio output selected	Increase volume on headphones and device. Check audio output settings on your device.
ANC not effective	Headphones not properly worn / Incorrect mode	Adjust headphones for a snug fit. Ensure ANC mode is activated.
