

## Realspace Nashira 52"W Computer Desk

# Realspace Nashira 52"W Computer Desk With Detachable Hutch

## USER INSTRUCTION MANUAL

### Product Overview

The Realspace Nashira 52"W Computer Desk with Detachable Hutch is designed to provide a streamlined and organized workspace. Its slender, space-saving design makes it suitable for various environments, from home offices to study areas. The full-length hutch offers a semi-enclosed space for storing and organizing daily necessities, featuring a felt-lined interior where notes and reminders can be pinned.

This desk incorporates built-in cable management features, including a middle cut-out in the hutch and a centered under-desk cable tray, to help maintain a clutter-free environment. The desk is tested to meet ANSI/BIFMA Performance Standards, ensuring its quality and durability. The desktop supports up to 200 lb (90.7 kg), and the hutch top supports up to 30 lb (13.6 kg).

### Assembly Instructions

#### Before You Begin

- Unpack all components and verify that all parts and hardware are present according to the packing list.
- Ensure you have the necessary tools for assembly (e.g., screwdriver, hammer).
- Assemble the desk on a soft, clean surface to prevent scratches.
- It is recommended to have two people for assembly.

#### Step-by-Step Assembly

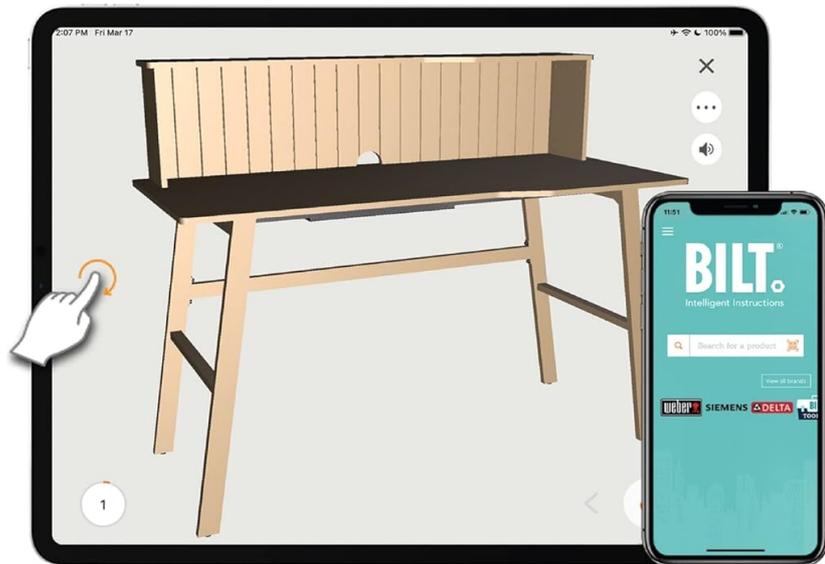

For detailed, interactive 3D assembly instructions, download the BILT Intelligent Instructions app on your smartphone or tablet. This app provides step-by-step visual guidance for a smooth assembly process.

Utilize the BILT app for interactive 3D assembly instructions.

1. Begin by assembling the desk frame according to the provided diagrams. Ensure all screws are tightened securely.
2. Attach the desktop to the assembled frame, aligning all pre-drilled holes.
3. If using the hutch, attach the hutch components together.
4. Securely attach the hutch to the desktop. The hutch is detachable, allowing for flexibility in your workspace setup.
5. Install the under-desk cable tray.
6. Verify all connections are stable and secure before use.

The Realspace Nashira Desk with Detachable Hutch, fully assembled.

The Realspace Nashira Desk can also be used without the hutch.

## Important Notes

- Do not exceed the maximum weight capacity: Desktop holds up to 200 lb (90.7 kg), Hutch top holds up to 30 lb (13.6 kg).
- Ensure the desk is placed on a level surface to prevent wobbling.
- Keep small parts away from children during assembly.

## Using Your Desk

### Workspace Utilization

- **Hutch Storage:** Use the hutch for organizing books, office supplies, and decorative items. The semi-

enclosed design helps keep your workspace tidy.

- **Felt-Lined Interior:** The felt-lined back panel of the hutch is ideal for pinning notes, reminders, and photos, keeping important information visible and accessible.

## Cable Management

- **Hutch Cut-out:** A dedicated middle cut-out in the hutch allows for easy routing of power cords and cables for monitors, laptops, and other devices, preventing tangles.

Detail of the hutch's cable management cut-out.

- **Under-Desk Cable Tray:** The centered under-desk cable tray provides a discreet location to store excess cable length and power strips, further reducing clutter on your desktop and floor.

## Care and Maintenance

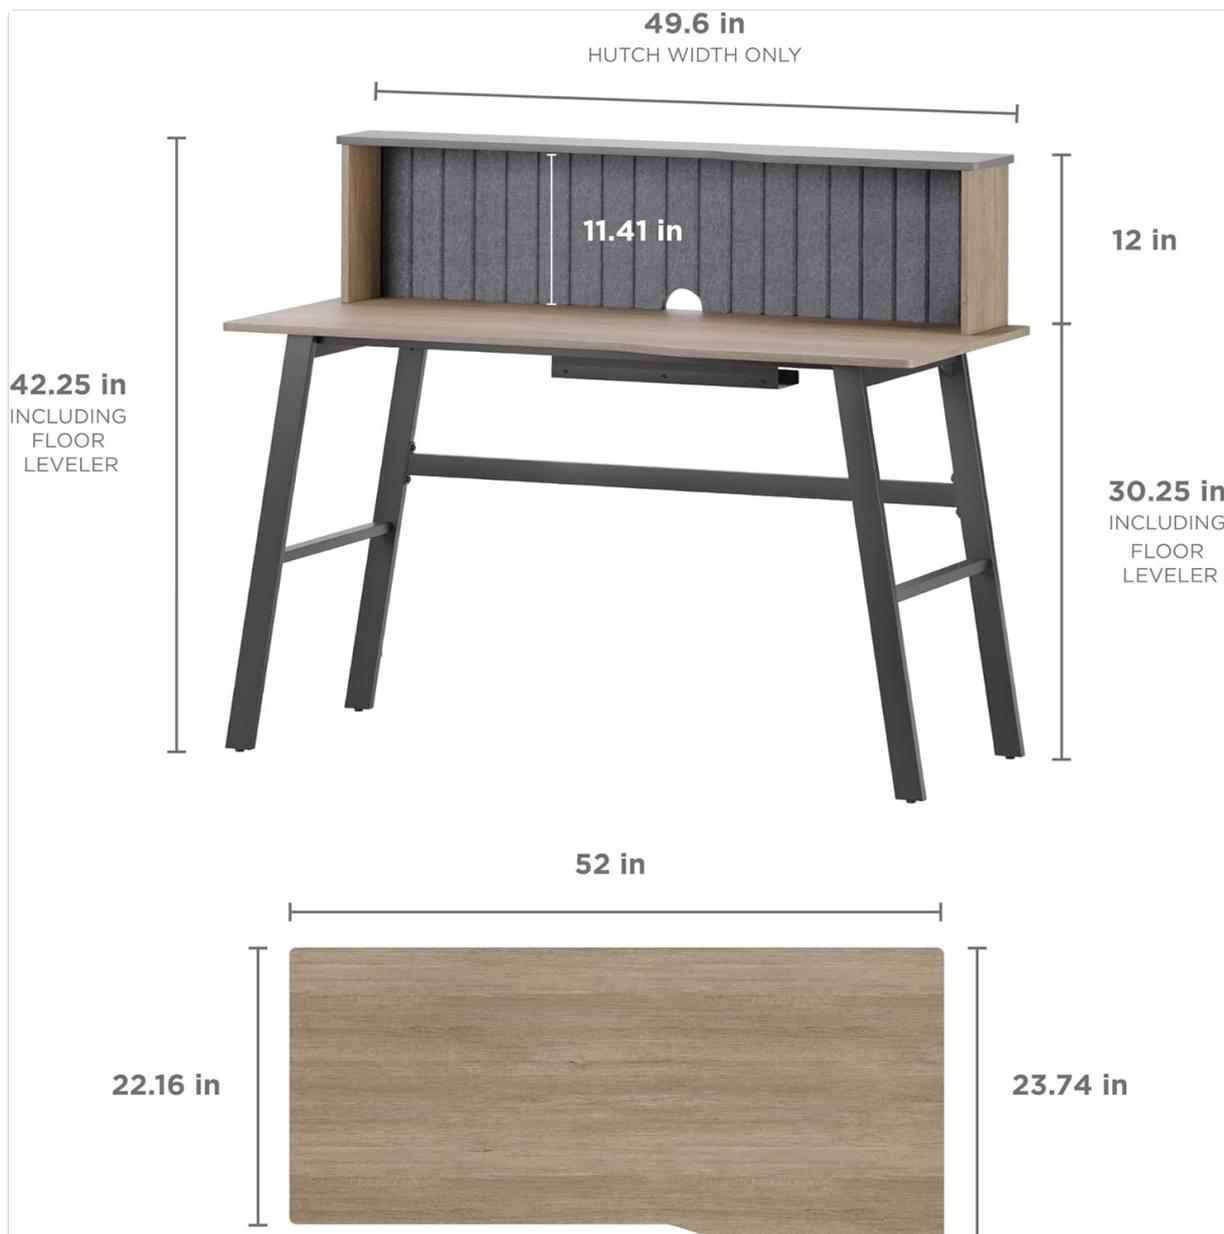

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the wood finish.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration.
- **Heat and Moisture:** Do not place hot items directly on the surface. Use coasters or protective pads. Avoid excessive moisture.

- **Hardware Check:** Periodically check and tighten all screws and fasteners to ensure the desk remains stable and secure.

## Troubleshooting Common Issues

Problem	Solution
Desk wobbles after assembly.	Ensure all screws and fasteners are fully tightened. Check if the desk is on a level surface. Adjust floor levelers if present.
Parts do not align during assembly.	Double-check the assembly steps and diagrams. Ensure you are using the correct parts for each step. Do not overtighten screws until all parts are loosely fitted.
Hutch feels unstable.	Ensure the hutch is securely attached to the desktop with all designated fasteners. Verify the desktop itself is stable.

## Product Specifications
