BWE C-YTP11-B

BWE 3-in-1 Shower Panel Tower System

Model: C-YTP11-B

Brand: BWE

1. Introduction

This manual provides detailed instructions for the installation, operation, and maintenance of your BWE 3-in-1 Shower Panel Tower System. Please read this manual thoroughly before installation and use to ensure proper function and longevity of your product. Keep this manual for future reference.

2. Product Features

- **Multi-Function Shower Panel:** Offers a versatile shower experience with three distinct modes that can operate separately or simultaneously.
- **Rainfall Shower Head:** Provides a gentle, wide-coverage spray for a refreshing experience. Features non-clogging rubber nozzles for easy cleaning.
- **Premium 304 Stainless Steel Construction:** Ensures durability, resistance to corrosion, and a matte black finish that resists fingerprints and scratches.
- **Handheld Shower and Massage Body Jets:** Includes body massage spray jets to relieve fatigue and a convenient handheld shower for targeted rinsing and cleaning.
- **Easy Wall-Mounted Installation:** Designed for straightforward wall mounting with standard NPT 1/2 hot and cold water line connections. All necessary accessories are included.

3. Package Contents

Verify that all components are present and undamaged before beginning installation.

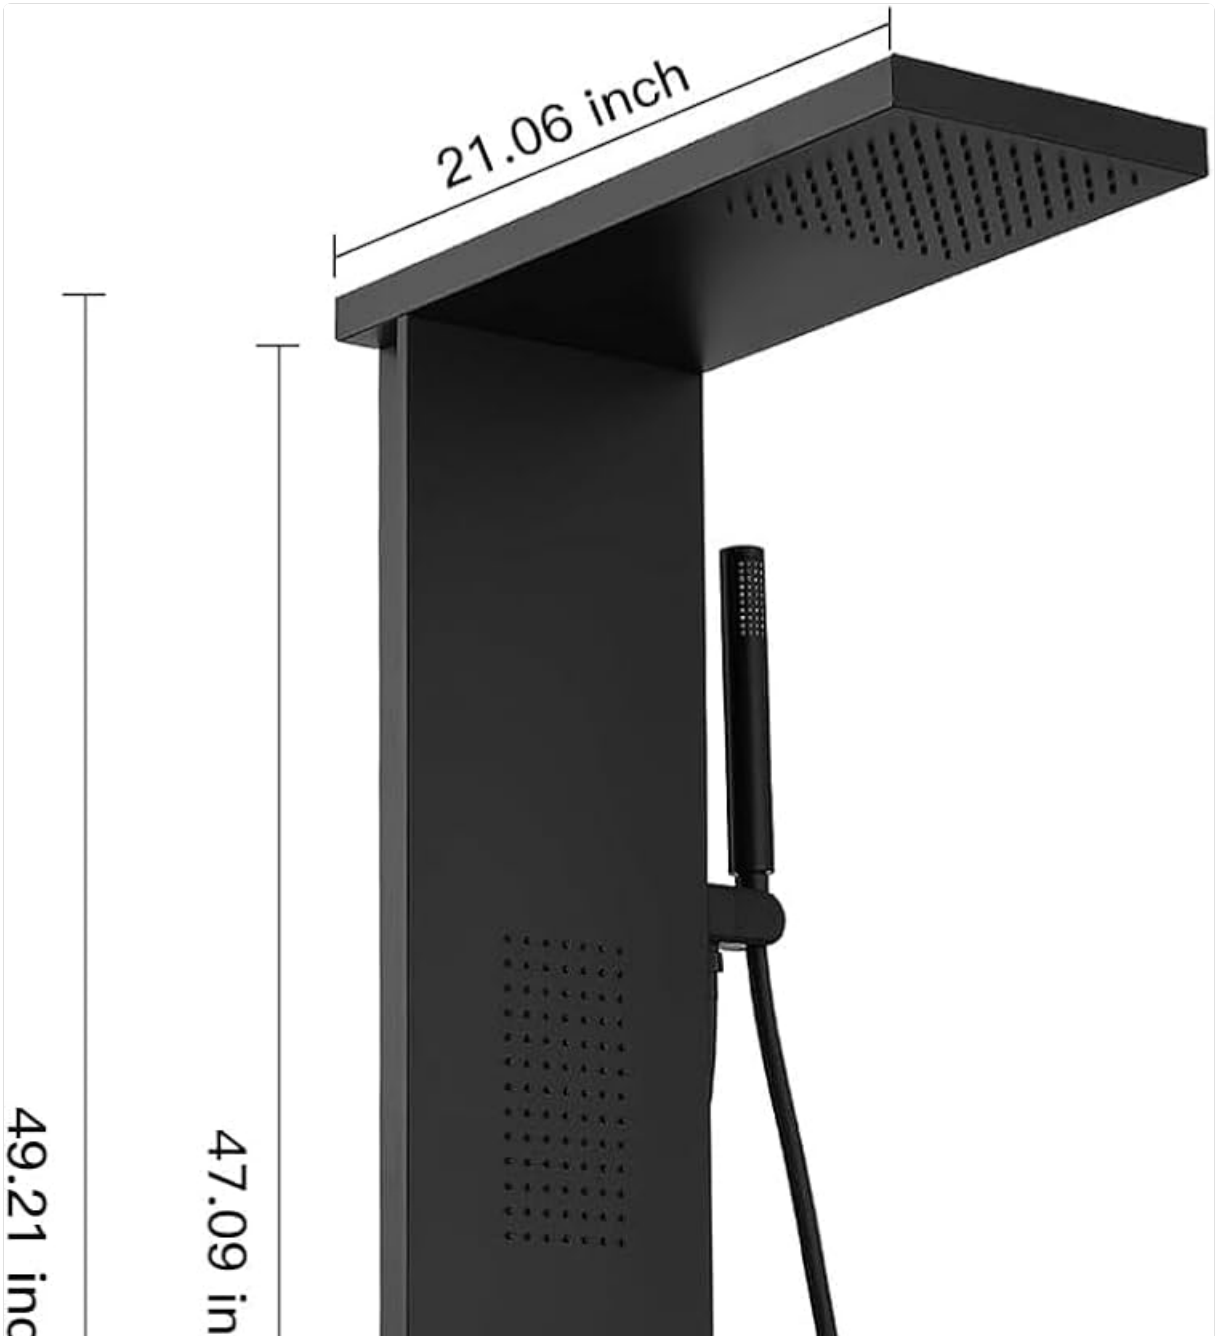

Image: Overview of all components included in the package, laid out on a white surface.

- Shower Panel Tower System (Main Unit)
- Rainfall Shower Head (Integrated)
- Handheld Shower with Hose
- Mounting Brackets and Screws
- Hot and Cold Water Hoses
- Brass Mixing Valve and Diverter Valve (Pre-installed)
- Installation Manual
- Other small accessories (washers, adapters, etc.)

4. Specifications

Feature	Detail

Feature	Detail
Brand	BWE
Model Number	C-YTP11-B
Color	Matte Black
Material	304 Stainless Steel, Metal Handles
Finish Type	Matte
Number of Handles	4 (3 function selectors, 1 temperature/volume)
Mounting Type	Wall Mount
Product Dimensions	51.5 x 8 x 2.7 inches (approximate)
Item Weight	19.32 pounds
Water Connection	Standard NPT 1/2

5. Safety Information

- Always turn off the main water supply before attempting any installation or maintenance.
- Ensure all connections are secure to prevent leaks.
- If you are unsure about any installation steps, consult a qualified plumber.
- Do not use abrasive cleaners or harsh chemicals on the shower panel, as this may damage the finish.
- Keep small parts out of reach of children.

6. Installation

The BWE Shower Panel is designed for wall-mounted installation. Professional installation is recommended for optimal results.

Installation Video Guide

Step-by-Step Instructions:

1. **Prepare the Wall:** Ensure the wall surface is clean, dry, and structurally sound. Turn off the main water supply to the installation area.

2. **Mark Mounting Points:** Hold the shower panel against the wall at the desired height. Use a pencil to mark the locations for the mounting brackets and water connections. Ensure the panel is level.
3. **Install Mounting Brackets:** Drill pilot holes at the marked points for the mounting brackets. Insert wall anchors if necessary, then secure the mounting brackets to the wall using the provided screws.
4. **Connect Water Lines:** Apply plumber's tape to the threads of the hot and cold water supply lines. Connect the hot and cold water hoses from the shower panel to your wall's supply lines. Ensure connections are tight to prevent leaks.
5. **Mount the Shower Panel:** Carefully align the shower panel with the installed mounting brackets and slide it into place. Secure the panel to the brackets using the provided screws.
6. **Connect Handheld Shower:** Attach the handheld shower hose to the designated outlet on the shower panel.
7. **Test for Leaks:** Slowly turn on the main water supply and check all connections for leaks. Address any leaks immediately by tightening connections.

7. Operating Instructions

Your BWE 3-in-1 Shower Panel features multiple functions controlled by distinct knobs.

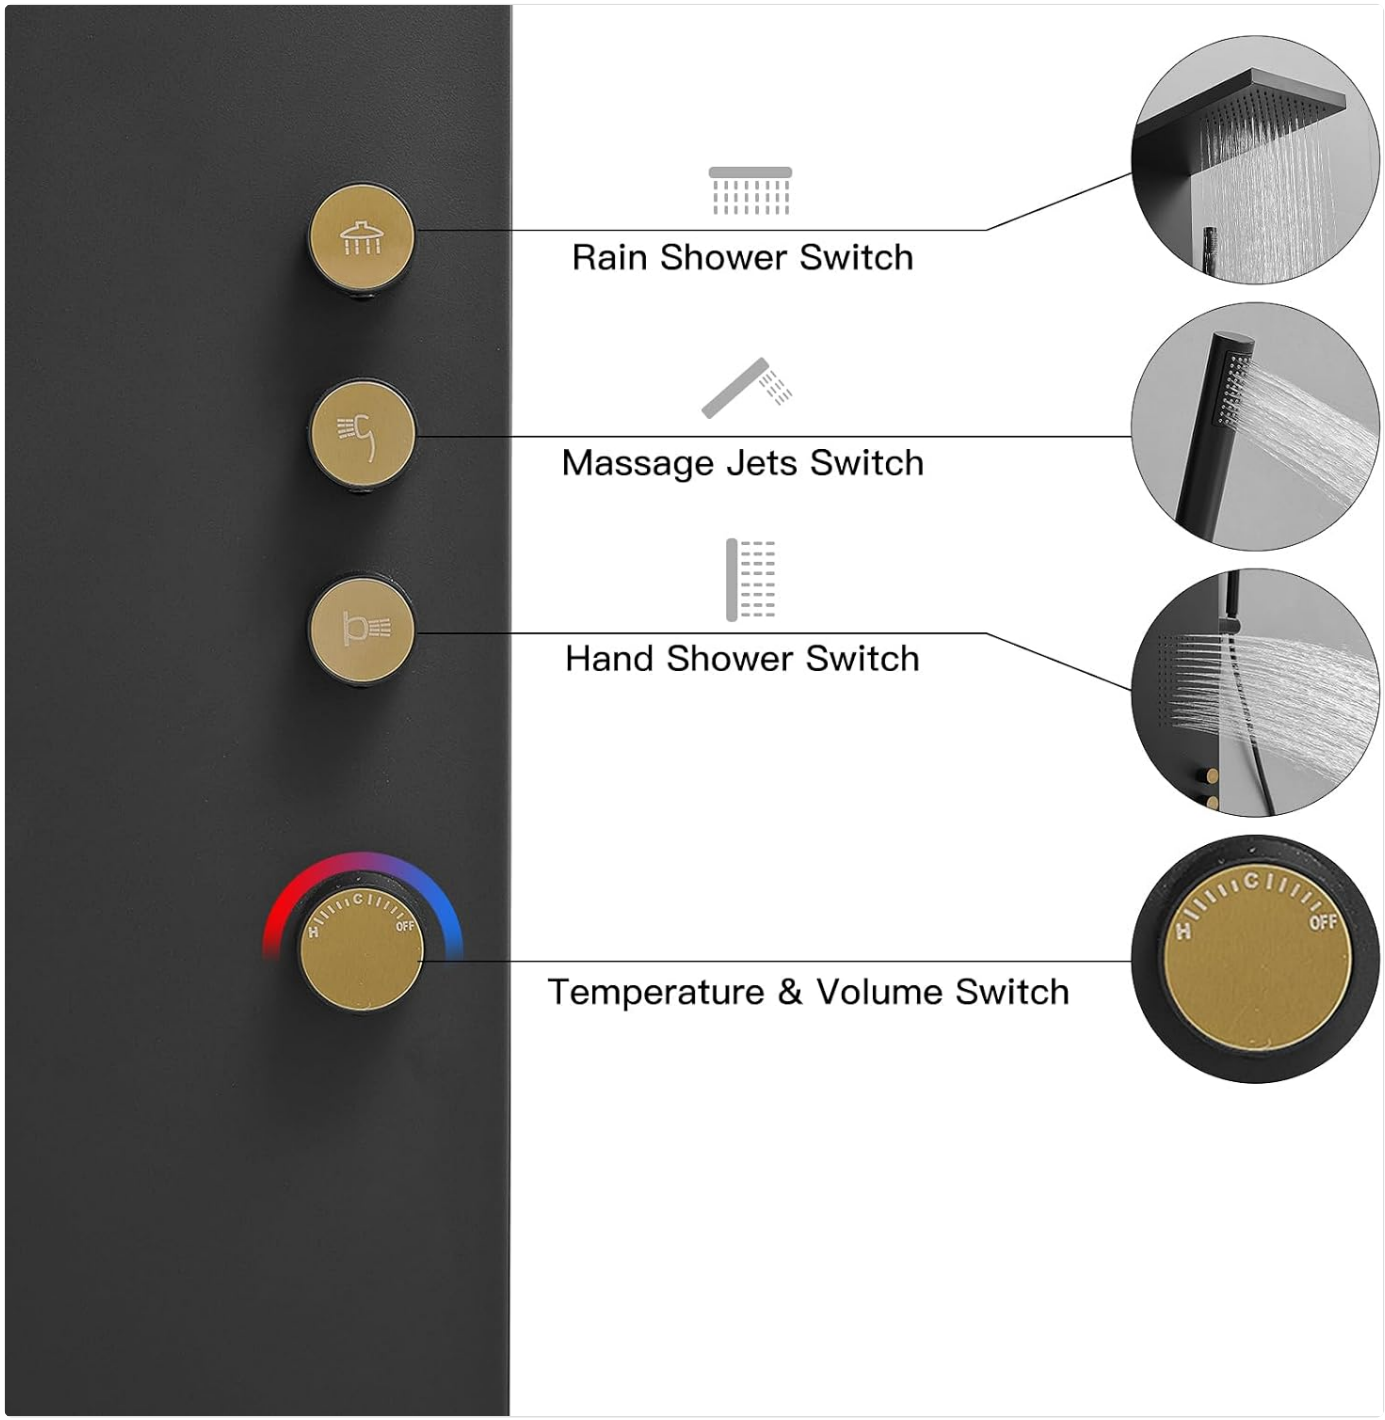

Image: Detail of the control knobs for selecting shower modes and adjusting temperature/volume.

- **Temperature and Volume Control:** The bottom knob controls both water temperature and volume. Rotate it to adjust the desired temperature and push/pull to control water flow.
- **Rainfall Shower:** The top knob activates the overhead rainfall shower. Rotate it to turn on/off or adjust flow.
- **Massage Jets:** The middle knob activates the body massage jets. Rotate it to turn on/off or adjust flow.
- **Handheld Shower:** The second from bottom knob activates the handheld shower. Rotate it to turn on/off or adjust flow.

You can select individual functions or combine them for a customized shower experience by rotating the respective knobs.

8. Maintenance

- **Cleaning the Finish:** To maintain the matte black finish, clean regularly with a soft cloth and mild soap or a non-abrasive bathroom cleaner. Rinse thoroughly and dry with a soft cloth to prevent water spots.
- **Cleaning Nozzles:** The rainfall shower head and massage jets feature rubber nozzles. To remove mineral buildup, gently rub the nozzles with your fingers or a soft brush.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, ammonia-based products, or harsh chemicals, as these can damage the finish and internal components.
- **Check for Leaks:** Periodically inspect all connections for any signs of leaks and tighten if necessary.

9. Troubleshooting

Problem	Possible Cause	Solution
Low Water Pressure	Clogged nozzles, partially closed shut-off valves, low household water pressure.	Clean shower head and jet nozzles. Ensure shut-off valves are fully open. Consult a plumber if household water pressure is consistently low.
Leaks from Connections	Loose connections, worn washers/seals.	Tighten all connections. Replace worn washers or seals if necessary. Ensure plumber's tape was used correctly during installation.
Water Temperature Issues	Incorrect setting of temperature/volume knob, issues with household water heater.	Adjust the temperature/volume knob. Check your household water heater for proper function.
No Water Flow	Main water supply off, clogged lines.	Ensure main water supply is on. Check for any blockages in water lines.

10. Warranty and Support

For warranty information, product support, or to purchase replacement parts, please contact BWE customer service through the retailer where you purchased the product or visit the official BWE website. Please have your model number (C-YTP11-B) and proof of purchase ready when contacting support.
