## Sejoy TXD-X6-COFF

# Sejoy Electric Shaver User Manual

Model: TXD-X6-COFF

This manual provides detailed instructions for the safe and efficient use of your Sejoy Electric Shaver. Please read thoroughly before operation.

## 1. PRODUCT OVERVIEW

---

The Sejoy Electric Shaver is designed for a comfortable and efficient shaving experience. It features a 3D floating rotary shaver head, IPX7 waterproof rating for versatile wet and dry use, and a magnetic detachable head for easy cleaning. The anti-pinch system ensures consistent power, even with low battery, preventing discomfort during shaving.

## 2. SETUP

### 2.1 Charging the Shaver

Before first use, fully charge the shaver. The shaver comes with a Type-C USB cable for convenient charging. It can be connected to a computer, power bank, car USB interface, or any standard USB adapter.

- Connect the Type-C USB cable to the shaver's charging port.
- Connect the other end of the cable to a compatible USB power source.
- A full charge takes approximately 1.5 hours and provides up to 60 minutes of continuous use.
- The battery status display will indicate when recharging is needed.

# ULTRA-THIN DOUBLE-RING CUTTER NET 3D FLEXIBLE FLOATING HEADS

The contact area between the mesh and the face is greatly increased, doubles the efficiency without stubble.

## 3. OPERATING INSTRUCTIONS

### 3.1 Wet and Dry Shaving

The Sejoy Electric Shaver supports both comfortable dry shaving and refreshing wet shaving with foam or gel.

- **Dry Shaving:** For a quick and convenient shave, use the shaver on dry skin.
- **Wet Shaving:** For a smoother and cleaner shave, apply shaving cream or gel to your face before using the shaver. The IPX7 waterproof design allows for safe use in the shower.

# CONVENIENT & COMFORTABLE

**Dry shaving**  
Convenient and faster

**Wet shaving**  
Comfortable and cleaner

## 3.2 3D Floating Shaver Head

The shaver is equipped with three double-ring floating electric razor heads and a double-track ultra-thin cutter net. This design allows the shaver to form an ergonomic V-Track shaving angle of up to 152 degrees, ensuring 360° contouring to your face for close contact and a gentle shave.

# 3D INDEPENDENT SHAVING

3D independent floating head Comfortable veneers

Smooth and shaved without dead ends

Glide effortlessly around cheeks, chin, sideburns and more, sliding over for quick shaving.

Figure 5: Ultra-thin double-ring cutter net for efficient shaving.

### 3.3 Anti-Pinch System

The shaver incorporates an Anti-Pinch system that maintains stable power operation even when the battery is low. This prevents hair from being pulled or pinched, ensuring a comfortable shave throughout the battery life.

## 4. MAINTENANCE AND CLEANING

### 4.1 Cleaning the Shaver

The magnetic detachable design and IPX7 waterproof rating make cleaning the shaver simple and hygienic.

- After each use, detach the magnetic shaver head.
- Rinse the shaver head and the main body under running water. The full body wash capability ensures thorough cleaning.
- Use the small cleaning brush (included in the package) to remove any stubborn hair residues from the blades and cutter net.
- Allow all parts to air dry completely before reattaching the shaver head.

Figure 6: Easy cleaning under running water.

## 4.2 Self-Sharpening Blades

The shaver is equipped with self-sharpening steel blades. Through automatic sharpening, the blades maintain their sharpness and durability over time, ensuring consistent performance.

## 5. SPECIFICATIONS

| Feature            | Detail                                      |

## 6. TROUBLESHOOTING

If you encounter issues with your Sejoy Electric Shaver, consider the following common points:

- **Unusual Noise:** Some users have reported a high screeching noise. Ensure the shaver head is clean and properly attached.
- **Loss of Functionality After Water Exposure:** While IPX7 waterproof, ensure the charging port is dry before charging. Some users have reported issues if the charging port gets wet.
- **Blades/Tabs Breaking:** Inspect the plastic tabs holding the blades for any damage. If broken, the shaver may become unusable.
- **Battery Draining Quickly:** Ensure the shaver is fully charged for the stated 60 minutes of use. If the issue persists, the battery may need servicing.

For persistent issues not covered here, please contact customer support.

## 7. WARRANTY AND SUPPORT

Information regarding product warranty and specific customer support contact details is not available in the provided product data. Please refer to the product packaging or the manufacturer's official website for warranty claims and support inquiries.
