

Dallfoll BL-NPB07

Dallfoll 4-in-1 Electric Milk Frother

Model: BL-NPB07 - User Manual

1. INTRODUCTION

Thank you for choosing the Dallfoll 4-in-1 Electric Milk Frother. This appliance is designed to create various milk preparations, including hot dense foam, hot airy foam, warm milk, and cold milk foam, enhancing your coffee and beverage experience. Please read this manual carefully before use to ensure safe and optimal operation.

2. IMPORTANT SAFETY INSTRUCTIONS

- Read all instructions before using the appliance.
- Do not immerse the main unit (frother pot) or power base in water or other liquids. Only the whisk is washable under running water.
- Ensure the power cord is not damaged and is kept away from hot surfaces.
- This appliance is equipped with an automatic shut-off feature and temperature control for safe operation. It will turn off automatically with 3 beeps when the milk preparation is complete.
- Always place the frother on a stable, flat, and heat-resistant surface. The non-slip rubber base provides stability.
- Do not operate the appliance if it has been damaged in any way. Contact customer support for assistance.
- Keep out of reach of children.
- Only use the provided whisks and accessories.

3. PRODUCT COMPONENTS

The Dallfoll Electric Milk Frother comes with the following components:

- Electric Milk Frother Unit
- Power Base
- Frothing Whisk (for dense/airy foam)
- Heating Whisk (for warm milk)
- Cleaning Brush
- User Manual
