IMPORTANT SAFETY INSTRUCTIONS

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, injury to

persons, or exposure to excessive microwave energy.

- Read all instructions before using the appliance.
- Do not attempt to operate this oven with the door open as this can result in harmful exposure to microwave energy.
- Do not place any object between the oven front face and the door or allow soil or cleaner residue to accumulate on sealing surfaces.
- Do not operate the oven if it is damaged. It is particularly important that the oven door closes properly and that there is no damage to the: (1) Door (bent), (2) Hinges and latches (broken or loosened), (3) Door seals and sealing surfaces.
- The oven should not be adjusted or repaired by anyone except properly qualified service personnel.
- Ensure proper grounding to reduce the risk of electric shock.
- Do not use the microwave for purposes other than heating food.
- Always use microwave-safe cookware.
- Supervise children closely when the microwave is in use.
- Do not heat sealed containers, as they may explode.
- Do not overcook food.
- Regularly clean the oven cavity, door, and seals.

SETUP AND INSTALLATION

- Unpacking:** Carefully remove the microwave oven from its packaging. Remove all packing materials, including the glass turntable and rolling ring.
- Placement:** Place the microwave on a firm, level surface that is strong enough to hold the oven and the food you are cooking. Ensure there is adequate ventilation around the unit.
 - Minimum clearance of 3 inches (7.5 cm) between the other sides and any adjacent wall.
 - Minimum clearance of 12 inches (30 cm) above the top of the microwave oven to any upper cabinets.
 - The minimum installation height is 3 feet (90 cm).
- Turntable Installation:**
 - Place the turntable support ring on the oven floor.
 - Place the glass turntable securely on top of the turntable support. Ensure it is properly seated in the center

hub.

4. **Power Connection:** Plug the microwave oven into a standard 3-prong grounded electrical outlet (120V, 60Hz). Do not use extension cords or adapters.
