Gemmy GE550082

Gemmy GE550082 10 ft Halloween Inflatable Jack O' Lantern Reaper Archway User Manual

Model: GE550082

Introduction

This manual provides comprehensive instructions for the setup, operation, and maintenance of your Gemmy GE550082 10 ft Halloween Inflatable Jack O' Lantern Reaper Archway. Please read these instructions carefully before use to ensure safe and proper operation. This inflatable decoration is designed for outdoor holiday display, featuring a self-inflating mechanism, internal lighting with swirling effects, and a distinctive archway design.

Safety Information

WARNING: Use with adult supervision. This product is an electrical device and not a toy. To avoid risk of fire, burns, personal injury, and electric shock, it should not be played with or placed where small children can reach it.

- Always unplug the inflatable when not in use or during strong winds.
- Do not operate near water or in excessively wet conditions.
- Ensure all electrical connections are dry and protected from moisture.
- Keep away from open flames and heat sources.
- Do not obstruct the fan intake or exhaust.
- Use only the provided power adapter and fan.
- Inspect the inflatable and power cord for damage before each use. Do not use if damaged.

Package Contents

Verify that all components are present in the package:

- 1 x Inflatable Airblown Decoration with Lights
- 1 x Heavy Duty Fan (pre-installed)
- 4 x Ropes
- 6 x Yard Stakes (metal)
- 4 x Plastic Stakes

Figure 1: Included ropes and stakes for securing the inflatable.

Setup Instructions

Follow these steps to properly set up your inflatable decoration:

1. **Choose a Location:** Select a flat, clear area in your yard, free from sharp objects, debris, or overhead obstructions. Ensure the location is near a power outlet and protected from excessive wind.
2. **Unpack and Unfold:** Carefully remove the inflatable from its packaging. Unfold the fabric completely and lay it flat on the ground. Ensure the fan is facing upwards and not obstructed.
3. **Position the Inflatable:** Place the inflatable in its desired display position. The archway should be oriented as intended for viewing.
4. **Connect Power:** Plug the power cord into a grounded outdoor-rated electrical outlet. The inflatable will begin to

self-inflate immediately.

5. **Allow Full Inflation:** Wait for the inflatable to fully expand. This may take a few minutes. Ensure all parts are upright and properly formed.
6. **Secure the Inflatable:**
    - Locate the tether points on the inflatable.
    - Attach the provided ropes to these tether points.
    - Extend the ropes outwards at an angle and secure them to the ground using the metal yard stakes. Push the stakes fully into the ground.
    - For the base of the inflatable, use the plastic stakes to secure the bottom loops or tabs to the ground.
    - Adjust the tension of the ropes to ensure the inflatable stands securely and is not leaning.

Figure 4: Detail of the heavy-duty fan, responsible for inflation.

Operating Instructions

Operating your Gemmy inflatable is straightforward:

- **Inflation:** Once plugged into a power source, the internal fan will automatically activate, and the inflatable will begin to inflate. The Jack-o'-lantern head will light up with swirling lights as it inflates.
- **Deflation:** To deflate, simply unplug the power cord from the electrical outlet. The inflatable will slowly deflate on its own.
- **Nighttime Display:** The integrated lights are designed for nighttime visibility, providing a festive and spooky effect.

Maintenance

Proper maintenance ensures the longevity of your inflatable decoration:

- **Cleaning:** If the inflatable becomes dirty, wipe it gently with a damp cloth. Do not use harsh chemicals or abrasive cleaners. Ensure the inflatable is completely dry before storing.
- **Storage:** After use, unplug and allow the inflatable to fully deflate. Carefully fold or roll the fabric to prevent creasing and damage. Store in a cool, dry place, away from direct sunlight and pests. Keep the original packaging for best storage.
- **Inspection:** Periodically check the fabric for tears, the fan for obstructions, and the power cord for any signs of wear or damage. Repair small tears with a patch kit (not included) or contact customer support for guidance.

Troubleshooting

If you encounter issues with your inflatable, refer to the following table:

Problem	Possible Cause	Solution
Inflatable does not inflate	No power; Fan obstructed; Fabric tear	Check power connection; Clear fan intake/exhaust; Inspect for tears and repair.
Inflatable does not stand upright	Insufficient air; Improperly secured; Strong winds	Ensure fan is running; Adjust ropes and stakes; Relocate to a more sheltered area or deflate during high winds.
Lights are not working	Loose connection; Damaged bulb/LED; Power issue	Check internal light connections; Contact customer support if lights are integrated and non-replaceable.
Fan is noisy or vibrating excessively	Obstruction in fan; Fan motor issue	Unplug and check for debris in the fan blades; If issue persists, contact customer support.

Specifications

- **Model Number:** GE550082
- **Dimensions (L x W x H):** 138.19 x 51.18 x 120.08 inches (approximately 10 ft tall)
- **Material:** Nylon fabric
- **Special Feature:** Self-inflating, Swirling Lights
- **Light Color:** Bright White (for swirling effect)
- **Item Weight:** 8 pounds
- **UPC:** 191245500827
- **Manufacturer:** Gemmy

Warranty and Support
