

NEWQIDA 12V 10Ah/Tread Tire Yellow-1

NEWQIDA 12V Kids Electric Ride on Dump Truck User Manual

Model: 12V 10Ah/Tread Tire Yellow-1

IMPORTANT SAFETY WARNINGS

Please read this manual carefully before assembly and operation. Keep this manual for future reference. Failure to follow these safety instructions may result in serious injury or death.

- **Adult Supervision Required:** This product is intended for children aged 3-8 years. Constant adult supervision is mandatory during operation.
- **Weight Limit:** Do not exceed the maximum weight capacity of 110 lbs (50 kg).
- **Seating:** Designed for one rider. Ensure the child is properly seated and secured with the safety belt.
- **Operating Environment:** Use on flat, dry surfaces. Avoid slopes, uneven terrain, public roads, swimming pools, or other water bodies.
- **Protective Gear:** Always ensure the child wears appropriate safety gear, such as a helmet and knee pads.
- **Charging:** Only use the provided charger. Do not overcharge the battery. Keep the charger away from water.
- **Battery Safety:** Do not short-circuit the battery terminals. Do not attempt to open or modify the battery.
- **Remote Control:** The remote control allows parents to override child operation for safety. Familiarize yourself with its functions.
- **Moving Parts:** Keep hands, feet, hair, and clothing away from moving parts.

PACKAGE CONTENTS

Verify all components are present before beginning assembly:

- NEWQIDA Ride on Dump Truck Body
- Remote Control Unit
- 12V 10Ah Battery (pre-installed or separate)
- Charger
- Shovel Accessory
- Assembly Hardware (screws, washers, etc.)
- User Manual (this document)

ASSEMBLY INSTRUCTIONS

Assembly typically involves attaching wheels, steering wheel, and connecting the battery. Refer to the detailed video guide for visual assistance.

1. **Unpack Components:** Carefully remove all parts from the packaging.
2. **Wheel Installation:** Attach the four wheels securely to the axles. Ensure all washers and nuts are tightened as per instructions.
3. **Steering Wheel Assembly:** Connect the steering wheel to the steering column and secure it.
4. **Battery Connection:** Locate the battery compartment (often under the seat) and connect the battery terminals. Ensure correct polarity.
5. **Dump Bed Assembly:** If the dump bed is separate, attach it to the main body. The shovel accessory can be placed in the designated holder.
6. **Final Checks:** Before first use, ensure all connections are secure and all screws are tightened.

INITIAL SETUP

Battery Charging

Before first use, fully charge the 12V 10Ah battery for 8-12 hours. Do not charge for more than 18 hours to prevent battery damage.

- Locate the charging port (usually near the battery compartment).
- Plug the charger into the charging port, then into a standard wall outlet.
- The charger indicator light will show charging status (refer to charger manual for specific light indications).
- Disconnect the charger once charging is complete.

Remote Control Pairing

The remote control may need to be paired with the vehicle before first use or after battery replacement.

- Ensure the vehicle is turned OFF.

- Insert batteries into the remote control (typically 2x AAA, not included).
- Press and hold the pairing button on the remote control (refer to remote diagram for location).
- While holding the button, turn ON the vehicle.
- Release the pairing button once the indicator light on the remote stops flashing or a confirmation sound is heard.

OPERATING INSTRUCTIONS

Vehicle Controls (Kids Manual Operation)

Image: Detailed view of the vehicle's dashboard and controls for manual operation.

- **Power Button/Key Start:** Turn the vehicle ON/OFF.
- **Foot Pedal:** Press to accelerate. Release to brake.
- **Steering Wheel:** Turn left or right to steer the vehicle.
- **Forward/Backward Switch:** Select driving direction.
- **Speed Switch:** Adjust between high and low speeds.

- **Music/Horn Buttons:** Activate built-in music or horn sounds.
- **USB Interface/Bluetooth:** Connect external devices to play music.
- **Dump Bed Controller:** Use the lever or switch to raise and lower the electric dump bed. (Instruction: Pulling out the handle under the seat and then control the shift.)

Remote Control Operation (Parental Control)

The remote control allows parents to safely guide the vehicle or intervene when necessary.

- **Forward/Backward:** Control the vehicle's movement.
- **Left/Right:** Steer the vehicle.
- **Speed Selection:** Adjust speed settings (High/Low).
- **Emergency Brake (P):** Press to immediately stop the vehicle.

MAINTENANCE

- **Cleaning:** Wipe the vehicle with a soft, damp cloth. Do not use abrasive cleaners or solvents. Avoid spraying water directly onto electrical components.
- **Battery Care:**
 - Charge the battery after each use.
 - If storing for extended periods, charge the battery once a month to prolong its lifespan.
 - Store the battery in a cool, dry place.
- **Storage:** Store the vehicle indoors in a dry area, away from direct sunlight and extreme temperatures.
- **Inspections:** Regularly check for loose screws, damaged wiring, or worn parts. Replace any damaged components immediately.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Vehicle does not move.	Battery is low or dead. Battery connection is loose. Fuse is blown. Motor malfunction.	Charge the battery. Check and secure battery connections. Replace the fuse (consult manual for type). Contact customer support.
Remote control not working.	Remote batteries are dead. Remote not paired. Interference.	Replace remote batteries. Re-pair the remote control (see "Remote Control Pairing" section). Move to an area with less interference.
Vehicle moves slowly.	Low battery charge. Overloaded vehicle. Operating on unsuitable terrain.	Charge the battery. Reduce load (ensure only one child, within weight limit). Move to a flatter, smoother surface.

Problem	Possible Cause	Solution
Dump bed not operating.	Control knob not engaged. Wiring issue.	Ensure the handle under the seat is pulled out and the shift knob is correctly operated. Check wiring connections to the dump bed motor. Contact support if issue persists.
