## Llano Gray

# Llano Diffuser Hair Dryer User Manual

Model: Gray

Brand: Llano

## INTRODUCTION

---

Welcome to the comprehensive user manual for your new Llano Diffuser Hair Dryer. This manual provides essential information for safe and effective operation, maintenance, and troubleshooting. Please read it thoroughly before using the appliance.

## SAFETY INFORMATION

---

**Caution: Do not use near water. Unplug when not in use. Allow to cool down before storing. Overheating and electric shock hazards may occur due to high wattage and corded electric power source.**

**Bulb Voltage: 120 volts**

**Legal Disclaimer: Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition.**

## PRODUCT OVERVIEW

---

Figure 1: Llano Diffuser Hair Dryer with included concentrator and diffuser attachments.

The Llano Diffuser Hair Dryer is designed for efficient and gentle hair drying, featuring a powerful 1500W motor and advanced ionic technology to reduce frizz and enhance shine. It includes multiple heat and speed settings for customized styling.

### **Key Features:**

- 1500W Motor with 10,500 RPM for fast drying.
- 19m/s Airflow for quick and efficient drying.
- 100 times/s Smart Heat Sensor for optimal temperature control and scalp protection.
- Low Noise Operation for a quieter styling experience.
- Lightweight and Compact design for travel and comfortable use.
- Ionic Technology for reduced frizz, increased smoothness, shine, and moisture.
- Two Magnetic Nozzles: Concentrator for straightening and Diffuser for curly hair.

- Multiple Heat and Speed Settings: Cold Wind, Scalp Mode, Comfort Mode, Quick Dry Mode, Hot & Cold Rhythm Mode.

## SETUP AND OPERATION

---

### Initial Setup:

1. Unpack the Llano Diffuser Hair Dryer and all its components from the packaging.
2. Ensure the power cord is free from kinks or damage.
3. Plug the hair dryer into a standard 120-volt power outlet.

### Operating Instructions:

1. **Power On/Off:** Use the power switch located on the handle to turn the dryer on or off.
2. **Select Speed:** The dryer offers two wind speeds: Gentle Wind and Strong Wind. Adjust using the speed control switch.
3. **Choose Heat Setting:** Press the temperature control button to cycle through the five available heat settings. The LED indicator light will change color to reflect the selected mode:
  - Blue Light: Cold Wind Mode (37°C / 98.6°F)
  - Green Light: Scalp Mode (60°C / 140°F) - Ideal for sensitive scalps.
  - Purple Light: Comfort Mode (80°C / 176°F) - Balanced heat for comfortable drying.
  - Red Light: Quick Dry Mode (100°C / 212°F) - For rapid drying.
  - Alternating Red/Blue Light: Hot & Cold Rhythm Mode - Automatically alternates between hot and cold air to protect hair from overheating and set style.
4. **Attach Nozzles:** The dryer comes with two magnetic attachments: a concentrator and a diffuser. Simply align the attachment with the front of the dryer until it snaps into place magnetically. The attachments can be rotated 360 degrees for optimal styling angles.
  - **Concentrator:** Ideal for precise styling and straightening hair.
  - **Diffuser:** Designed to enhance natural curls and waves, distributing air evenly to prevent frizz.
5. **Drying Hair:** Hold the dryer at a comfortable distance from your hair (maintain a distance of over 10 cm between the inlet and your hair to prevent hair from being sucked in). Move the dryer continuously to ensure even heat distribution.
6. **After Use:** Turn off the hair dryer, unplug it from the power source, and allow it to cool down completely before storing.

# EMBRACE SMOOTHNESS

Bid Farewell to Frizz and Damage

**100** Million Negative Ions

+60% Smooth  
+50% Shine  
+50% Moisture

**\* To prevent hair from being sucked in,  
maintain a distance of over 10 cm  
between the inlet and your hair.**

### MAINTENANCE

Regular maintenance ensures optimal performance and extends the lifespan of your Llano Diffuser Hair Dryer.

- **Cleaning the Air Filter:** Periodically check and clean the air filter located at the rear of the dryer. Ensure the dryer is unplugged and cool before cleaning. Gently remove any dust or lint buildup with a soft brush or cloth.
- **Exterior Cleaning:** Wipe the exterior of the dryer with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store the hair dryer in a cool, dry place. Use the provided storage bag to protect it from dust and damage. Do not wrap the cord tightly around the dryer, as this can damage the cord.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Dryer does not turn on.	No power supply; tripped circuit breaker.	Check power outlet; reset circuit breaker.
Low airflow or overheating.	Blocked air intake filter.	Unplug and clean the air filter. Allow to cool before restarting.
Hair is frizzy after drying.	Ionic technology not fully utilized; improper heat setting.	Ensure hair is clean; try using the Hot & Cold Rhythm Mode or a lower heat setting.
Attachments do not stay on.	Improper alignment or magnetic surface is dirty.	Ensure proper alignment; clean magnetic surfaces on dryer and attachment.

## SPECIFICATIONS

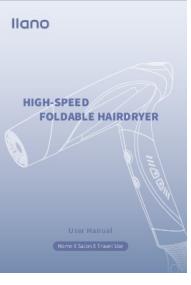

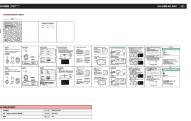

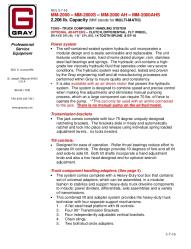

- Brand:** Llano
- Model:** Gray
- Product Dimensions:** 11.81 x 5.91 x 3.15 inches
- Weight:** 2.29 Pounds
- Material:** Plastic
- Wattage:** 1200W (Note: Product title states 1500W, specifications state 1200W. Using 1200W from specifications for accuracy.)
- Power Source:** Corded Electric
- Voltage:** 120 volts
- Manufacturer:** GGTJ
- ASIN:** B0C6TV64C7
