BASENOR CA295

BASENOR Tesla Model Y TPE Rear Cargo Liner Instruction Manual

Model: CA295 | Compatible with Tesla Model Y (2020-2024)

1. INTRODUCTION

This manual provides comprehensive instructions for the installation, usage, and maintenance of your BASENOR TPE Rear Cargo Liner, designed specifically for the Tesla Model Y (2020-2024 models). This product is engineered to offer superior protection for your vehicle's cargo area.

Note: This product is not compatible with the New Tesla Model Y 2025 Refresh (Juniper).

2. PRODUCT OVERVIEW

The BASENOR TPE Rear Cargo Liner is an all-weather, anti-slip, and waterproof mat crafted from high-quality, odorless, and environmentally friendly TPE material. Its custom design ensures a precise fit for the Tesla Model Y trunk, providing robust protection against dirt, spills, and wear.

Key Features:

- **Perfect Fit:** Custom-designed for Tesla Model Y 2020-2024, ensuring full coverage and a seamless look.
- **Premium TPE Material:** Made from durable, wear-resistant, odorless, and environmentally friendly TPE that resists bending or deforming.
- **All-Weather Protection:** Shields your vehicle's interior from sand, snow, mud, and spills, keeping the cargo area clean and tidy.
- **Anti-Slip Design:** The mat's bottom is engineered to prevent slipping, securing cargo and enhancing safety.
- **Easy to Clean:** Simple to wash with water, allowing for quick removal of dirt and debris.
- **Uniform Striped Pattern:** Enhances the aesthetic appeal of your Tesla's interior.

3. INSTALLATION INSTRUCTIONS

1. **Unpack the Liner:** Carefully remove the cargo liner from its packaging. Due to shipping, the mat may have some creases. Allow it to lay flat in a warm area or in the sun for a few hours to help it regain its original shape.
2. **Prepare the Trunk Area:** Ensure the Tesla Model Y's rear trunk area is clean and free of any debris, dust, or moisture.

3. **Position the Liner:** Place the BASENOR TPE Rear Cargo Liner into the trunk. Align it with the contours of the trunk floor. The custom design ensures a precise fit.
4. **Secure the Liner:** The mat is designed with an anti-slip bottom to prevent movement. Some models may include felt sticker strips for additional adherence to the seat backs or trunk floor. Ensure the liner is fully seated and flat.

PERFECT FIT FOR TESLA MODEL Y

4. USAGE GUIDELINES

The BASENOR TPE Rear Cargo Liner is designed for everyday use to protect your Tesla Model Y's trunk. Its robust construction and all-weather properties make it suitable for various conditions and cargo types.

- **Cargo Protection:** Place items directly on the liner. The anti-slip surface helps prevent cargo from shifting during transit.
- **Spill Containment:** The raised edges and waterproof material effectively contain spills, preventing liquids from reaching the vehicle's carpet.
- **All-Weather Use:** Suitable for protecting against dirt, mud, snow, and sand in all seasons.

5. CARE AND MAINTENANCE

Maintaining your BASENOR TPE Rear Cargo Liner is simple, ensuring its longevity and continued protection for your vehicle.

1. **Routine Cleaning:** For light dirt or dust, simply wipe the liner with a damp cloth.

2. **Deep Cleaning:** For heavier dirt, mud, or spills, remove the liner from the vehicle. Wash it with water, using a mild soap if necessary. A hose or pressure washer can be used for effective cleaning.
3. **Drying:** After washing, allow the liner to air dry completely before placing it back into the vehicle. Avoid using harsh chemicals or abrasive brushes, as these may damage the TPE material.
