Glocusent Tri-Head Book Light (Model A23) Instruction Manual

Brand: Glocusent | Model: A23

1. PRODUCT OVERVIEW

The Glocusent Tri-Head Book Light is an innovative reading light designed for optimal illumination and user comfort. Featuring a unique tri-head design, it offers broader and more even lighting compared to traditional book lights. It includes multiple color temperatures, adjustable brightness levels, and a convenient 30-minute timer, making it ideal for various reading environments, including in bed without disturbing others.

2. What's in the Box

- 1 x Glocusent Tri-Head Book Light
- 1 x USB-C Charging Cable
- 1 x User Manual (this document)
- 1 x Bookmark

3. Setup and Charging

3.1 Initial Charge

Before first use, fully charge the book light using the provided USB-C cable. The built-in 1000mAh battery provides up to 10 hours of light on the brightest setting and up to 100 hours on the lowest setting.

3.2 Charging Procedure

1. Locate the USB-C charging port on the clip base of the book light.
2. Connect the provided USB-C cable to the port.
3. Plug the other end of the USB-C cable into a compatible USB power adapter (not included) or a

computer USB port.

4. An indicator light will show charging status (e.g., red for charging, green for fully charged).

4. OPERATING INSTRUCTIONS

4.1 Attaching the Book Light

The book light features a sturdy clip with a soft, non-slip pad to securely attach to books, e-readers, or other surfaces without causing damage. The flexible gooseneck allows for precise positioning.

4.2 Adjusting Light Heads

The unique tri-head design allows for versatile lighting. The two wing-heads are 90° adjustable, enabling

you to switch between focused spotlighting and broader illumination. This design provides wider and more even light coverage across both pages of a book.

Image 4.1: The tri-head can be adjusted for focused (0°), wide (90°), or broader (180°) lighting.

4.3 Power On/Off

Press the power button located on the light head to turn the device on or off.

4.4 Light Modes and Brightness

The book light offers 3 color temperatures and 5 adjustable brightness levels for each color. This allows for customized lighting to suit individual preferences and environments.

- **Color Temperatures:** 2700K (Amber/Eye-friendly), 4000K (Mild/Calming), 6000K (Natural/Focus-boosting).

- **Adjusting Color:** Short press the color mode button to cycle through the 3 color temperatures.
- **Adjusting Brightness:** Long press the brightness button to seamlessly adjust through 5 brightness levels. The light will dim or brighten gradually.

5. MAINTENANCE

- Keep the device clean by wiping it with a soft, dry cloth.
- Avoid exposing the book light to extreme temperatures or moisture.
- Store in a cool, dry place when not in use for extended periods.

6. TROUBLESHOOTING

6.1 Light Not Turning On

- Ensure the battery is charged. Connect the device to a power source using the USB-C cable.
- Verify that the power button is pressed correctly.

6.2 Short Battery Life

- Battery life varies depending on the brightness level used. Higher brightness consumes more power.
- Ensure the device is fully charged before use.
- If the issue persists, contact customer support.
