3. SAFETY INFORMATION

Our product design is safe and reliable, meeting the hairdressing needs of most barbershops and households. Please use it properly. Always ensure the device is turned off before attaching or removing guide combs, cleaning, or performing maintenance. Keep out of reach of children. Do not immerse the device in water. Store in a dry place.

4. PRODUCT FEATURES

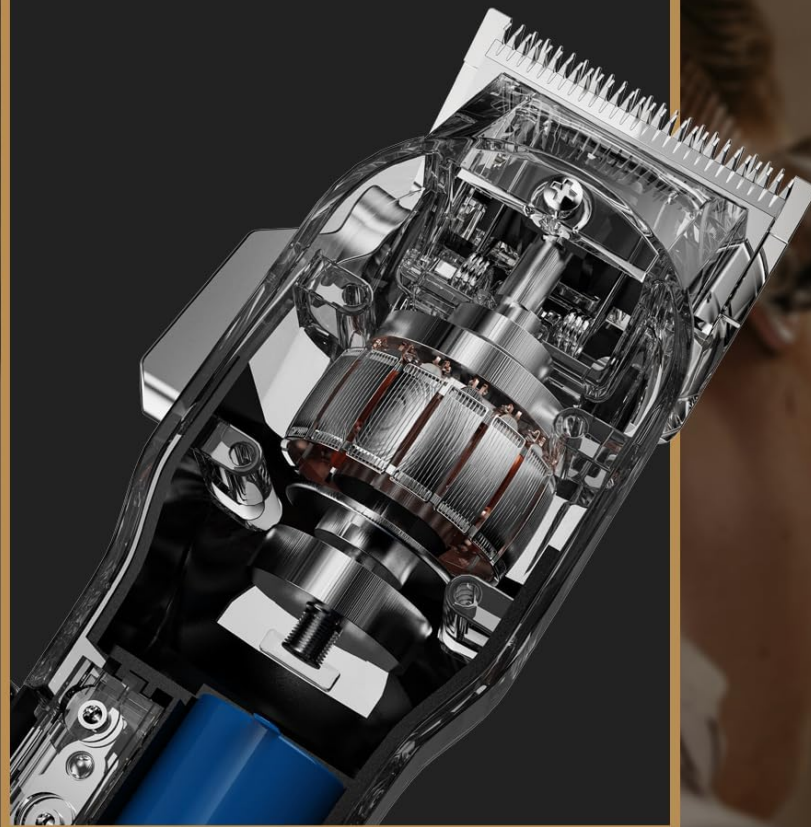

- **Powerful Motor:** 7200RPM for the main clipper and 6500RPM for the trimmer, ensuring efficient and snag-free cutting.
- **High-Quality Blades:** 440C surgical steel blades with rounded, self-sharpening edges for precision and safety. The T-blade trimmer offers 0.08mm precision.
- **Cordless Operation:** Enjoy up to 5 hours of runtime for the clipper and 3 hours for the trimmer on a single charge.
- **LCD Display:** The main clipper features an LCD screen to show real-time battery percentage and charging

reminders.

- **Versatile Guide Combs:** Includes 9 guide combs (6 metal, 3 plastic) to achieve lengths from 1/16" to 3/8" (1.5mm to 12mm).
- **Wall-Mountable Design:** Integrated hook for convenient and space-saving storage.
- **Quiet Operation:** Operates at less than 50dB, making it suitable for sensitive users, including children.

5. SETUP

Before first use, fully charge both the hair clipper and the trimmer. Connect the provided USB charging cables to the devices and a compatible USB power adapter (not included). The main clipper's LCD display will show charging progress. A full charge takes approximately 3 hours.

6. OPERATING INSTRUCTIONS

Using the Hair Clipper

1. **Select Guide Comb:** Choose the desired guide comb based on the hair length you wish to achieve. The metal guide combs offer lengths from 1.5mm to 12mm.
2. **Attach Comb:** Securely attach the chosen guide comb to the clipper blade. Ensure it clicks into place.
3. **Adjust Taper Lever:** Use the adjustable taper lever on the side of the clipper to fine-tune the cutting length between comb sizes, allowing for seamless blending and fading.

4. **Turn On:** Flip the power switch to turn on the clipper. The LCD display will illuminate.
5. **Begin Cutting:** Hold the clipper firmly and move it against the direction of hair growth for an even cut.

Using the T-Blade Trimmer

1. **Select Guide Comb (Optional):** For precise detailing, the T-blade trimmer can be used without a comb for 0.08mm precision, or with its smaller plastic guide combs for specific lengths.
2. **Turn On:** Flip the power switch to turn on the trimmer. A green light will indicate it's active.
3. **Detailing:** Use the trimmer for intricate designs, sharp lines, sideburns, necklines, and beard trimming.

7. MAINTENANCE

Regular cleaning and oiling will ensure the longevity and optimal performance of your clippers and trimmer.

- **Cleaning:** After each use, turn off the device and remove the guide comb. Use the provided cleaning brush to remove any loose hairs from the blades and the body of the clipper/trimmer.
- **Oiling:** Apply a few drops of the included blade oil to the blades after every few uses or when you notice reduced cutting performance. Turn the device on for a few seconds to distribute the oil evenly.
- **Storage:** Store the clippers and trimmer in a dry place, away from direct sunlight and moisture. The main clipper has an integrated wall hook for convenient storage.

8. TROUBLESHOOTING

- **Device not turning on:** Ensure the device is fully charged. Check the power switch for proper engagement.
- **Poor cutting performance/pulling hair:** Clean the blades thoroughly with the brush. Apply blade oil as per

maintenance instructions. Ensure the correct guide comb is securely attached. If issues persist, the blades may need professional sharpening or replacement.

- **Unusual noise:** Ensure blades are clean and oiled. If the noise persists, contact customer support.

9. SPECIFICATIONS

- **Clipper Motor Speed:** 7200 RPM
- **Trimmer Motor Speed:** 6500 RPM
- **Clipper Runtime:** 5 hours
- **Trimmer Runtime:** 3 hours
- **Charging Time:** 3 hours (for full charge)
- **Battery Type:** Lithium-Ion
