# Larcele Micro Building Blocks Animal Set KLJM-09: Panda D Instruction Manual

Model: LCE-KLJM-09US

Brand: Larcele

## 1. INTRODUCTION

---

This manual provides comprehensive instructions for assembling the Larcele Micro Building Blocks Animal Set, model KLJM-09, featuring the Panda D design. This set contains 1782 very tiny building bricks designed for detailed construction. Patience and careful attention to the instructions are key to a successful build. It is recommended to use tweezers (not included) for handling the small pieces.

## 2. SAFETY INFORMATION

---

**WARNING: CHOKING HAZARD - Small parts. Not for children under 3 years.**

While the product meets criteria for ages 3+, based on customer feedback, we recommend this building set for individuals aged 14 and above due to the very small size of the components and the complexity of assembly.

## 3. PRODUCT OVERVIEW

---

The Larcele Micro Building Blocks Animal Set KLJM-09 allows you to construct a detailed panda figure. This set includes 1782 micro-sized plastic bricks. The finished product dimensions are approximately 5 x 5 x 5 inches, with an item weight of 14.9 ounces.

Please note that one set of blocks can only be assembled into one panda figure. If you wish to build both panda variations shown in some product images, two separate sets are required.

## Size Reference

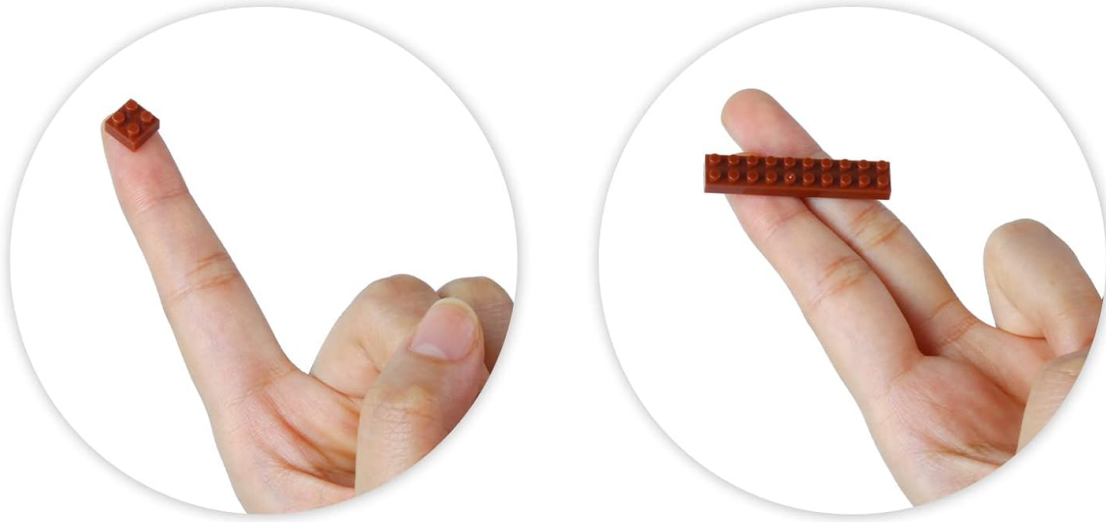

Figure 3.1: Size reference of the micro building blocks. The image displays various small blocks next to coins (Euro, US Quarter, British Pound) and held between fingers, emphasizing their tiny scale.

Note: A set of blocks can only be assembled into **1 panda**, if you want them all, you need to buy **2 sets**.

Figure 3.2: Two panda figures assembled from micro blocks. A note below clarifies that a single set can only build one panda, and two sets are needed for both.

## 4. ASSEMBLY INSTRUCTIONS

The assembly process involves building the model layer by layer. Carefully follow the provided instructions to identify the correct placement for each brick. The initial layers may seem complex, but the process becomes easier as the structure takes shape. Patience is essential for an enjoyable building experience.

### 4.1 General Assembly Tips

- **Sort Bricks:** Before starting, sort the bricks by color and shape to facilitate easier identification during assembly.
- **Use Tweezers:** Due to the tiny size of the bricks, using a pair of fine-tipped tweezers (not included) is highly recommended for precise placement.
- **Layer-by-Layer Construction:** Follow the instruction manual to build the model one layer at a time. Pay close attention to the diagrams for brick orientation and connection points.
- **Secure Connections:** Ensure each brick is firmly pressed into place to create a stable structure.

### 4.2 Visual Assembly Guide

Your browser does not support the video tag.

Video 4.1: This video demonstrates the general assembly process for Larcele micro building blocks, showing how to sort bricks, identify connection points, and build layer by layer. It highlights the precision required for these tiny components.

Figure 4.2: An example of a completed panda figure on a rocking horse, showcasing the intricate details achievable with micro building blocks.

Figure 4.3: Another completed panda figure, this one adorned with green glasses and holding a small instrument, demonstrating the creative possibilities.

## 5. MAINTENANCE

To ensure the longevity of your Larcele Micro Building Blocks set and assembled models, follow these maintenance guidelines:

- **Cleaning:** Gently wipe assembled models with a dry, soft cloth to remove dust. For deeper cleaning, use a slightly damp cloth with mild soap, then dry thoroughly. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store un-assembled bricks and completed models in a cool, dry place away from direct sunlight and extreme temperatures. Keep small parts in their original bags or a sealed container to prevent loss.
- **Handling:** Handle assembled models with care to prevent accidental disassembly, especially for delicate sections.

## 6. TROUBLESHOOTING

If you encounter any issues during assembly or with your Larcele Micro Building Blocks set, consider the following:

- **Missing Pieces:** Carefully check all packaging and surrounding areas. Due to the small size, pieces can be easily overlooked. If pieces are genuinely missing, contact Larcele customer support.
- **Difficulty Connecting Bricks:** Ensure bricks are correctly oriented and aligned with the studs. Apply firm, even pressure. If a brick does not fit, double-check the instructions for the correct part and placement.
- **Model Instability:** Re-examine previous layers to ensure all bricks are securely connected and correctly placed according to the instructions. Loose connections can lead to instability.

## 7. SPECIFICATIONS

Feature	Detail
Product Name	Larcele Micro Building Blocks Animal Set (Panda D)
Model Number	LCE-KLJM-09US
Brand	Larcele
Number of Pieces	1782
Product Dimensions	5 x 5 x 5 inches (assembled)
Item Weight	14.9 ounces
Material	Plastic
Recommended Age	14+ (Manufacturer recommended age 3+, but 14+ based on customer feedback for complexity)

## 8. WARRANTY AND SUPPORT

Specific warranty details for the Larcele Micro Building Blocks Animal Set KLJM-09 are not provided in this manual. For information regarding product warranty, returns, or technical support, please contact Larcele customer service directly through their official website or the retailer where the product was purchased.
