## KOORUI 22N1

# KOORUI 22 Inch Computer Monitor User Manual

MODEL: 22N1

## 1. Introduction

Thank you for choosing the KOORUI 22 Inch Computer Monitor. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your new monitor. Please read this manual thoroughly before use to ensure optimal performance and longevity of your device.

## 2. Setup Guide

### 2.1 Unpacking

Carefully remove all components from the packaging. Ensure all parts listed in the packing list are present and undamaged. Retain the original packaging for future transportation or storage.

### 2.2 Stand Assembly

Attach the monitor stand to the back of the monitor. Align the stand with the mounting slots and push firmly until it clicks into place. No tools are required for stand assembly.

### 3. Operating Instructions

#### 3.1 Power On/Off

Press the power button located on the monitor to turn it on or off. The power indicator light will illuminate when the monitor is active.

#### 3.2 Display Features

The KOORUI 22N1 monitor offers a Full HD 1920x1080P resolution with a 75Hz refresh rate, providing a smooth and clear visual experience. It boasts a 99% sRGB color gamut for accurate color reproduction and a wide 178-degree viewing angle, ensuring consistent image quality from various perspectives. The monitor also incorporates eye care features to reduce eye strain during prolonged use.

# Wide Viewing Angle

178° (H), 178° (V)

## 4. Maintenance

### 4.1 Cleaning the Monitor

To clean the monitor screen, gently wipe it with a soft, lint-free cloth. For stubborn marks, dampen the cloth with a small amount of mild, non-abrasive cleaner specifically designed for electronic displays. Avoid using alcohol or ammonia-based cleaners. For the monitor casing, use a soft, dry cloth.

### 4.2 General Care

Avoid placing the monitor in direct sunlight or near heat sources. Ensure adequate ventilation around the monitor. Do not block the ventilation openings. Disconnect the power cable during lightning storms or when unused for long periods.

## 5. Troubleshooting

If you encounter issues with your monitor, please refer to the following common troubleshooting steps:

- **No Power:** Ensure the power adapter is securely connected to both the monitor and a working power outlet. Check if the power indicator light is on.
- **No Signal:** Verify that the video cable (HDMI or VGA) is correctly connected to both the monitor and your computer. Ensure the correct input source is selected on the monitor using the OSD menu.
- **Flickering or Distorted Image:** Check the video cable for damage or loose connections. Try a different video cable or port. Ensure your computer's display resolution and refresh rate are set correctly and supported by the monitor.
- **No Sound (if applicable):** Ensure the audio cable (if used) is connected correctly. Check the monitor's volume settings and your computer's audio output settings.

For further assistance, please contact KOORUI customer support.

## 6. Specifications

Feature	Specification
Standing Screen Display Size	22 Inches
Screen Resolution	1920x1080 (FHD 1080p)
