3. PACKAGE CONTENTS

Ensure all items are present in the package:

- 1 x Nillkin Keyboard Case
- 1 x Multi-language Manual
- 1 x Charging Cable
- Exquisite Packaging Box

4. SETUP

4.1 Charging the Keyboard

Before first use, fully charge the keyboard. Connect the provided Type-C charging cable to the keyboard's charging port and a power source. The power indicator light will turn red during charging and green when fully charged. A full charge typically takes 2-3 hours.

Video: Demonstrates how to charge the keyboard and connect it to the tablet.

4.2 Installing the iPad into the Case

Carefully align your iPad with the case, ensuring the camera and ports match the cutouts. Gently press the iPad into the protective frame until it is securely seated. The case features reinforced shockproof design on all four corners for enhanced protection.

Video: Shows the correct method for installing the tablet into the Nillkin case for optimal protection.

4.3 Connecting the Keyboard (Bluetooth Pairing)

To connect the keyboard to your iPad via Bluetooth:

1. Ensure the keyboard is charged.
2. Turn on the power switch located on the right side of the keyboard.
3. On your iPad, go to **Settings > Bluetooth** and turn Bluetooth ON.
4. Press the **Fn** key and the **C** key on the keyboard simultaneously. The indicator light on the keyboard will start to flash, indicating it's in pairing mode.
5. On your iPad, select "Bluetooth Keyboard" from the list of available devices.
6. Once connected, the indicator light on the keyboard will stop flashing.

Video: Detailed steps on how to connect the Nillkin keyboard case to your tablet via Bluetooth.

5. OPERATING INSTRUCTIONS

5.1 Keyboard Backlighting

The keyboard features 7 backlit colors with 3 adjustable brightness levels. This is useful for typing in low-light conditions.

- To change backlight color: Press **Fn + Backlight Key** (usually a lightbulb icon).
- To adjust brightness: Press the **Backlight Key** repeatedly to cycle through brightness levels.

BACKLIT KEYS FOR ANY ENVIRONMENT

5.2 Function Keys and Shortcuts

A full row of function keys is customized for your tablet, supporting iPadOS shortcuts for quick editing of documents and presentations, maximizing productivity.

Video: Demonstrates the combined use of the FN key on the keyboard for various functions.

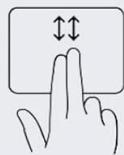

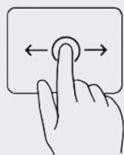

5.3 Multi-Touch Trackpad

The built-in precision trackpad allows for quick and easy navigation of your iPad. It supports full multi-touch gestures such as tap, swipe, scroll, and switching apps. Anti-misoperation technology automatically disables the touchpad when typing.

- **Tap to Click:** To enable this feature, go to **Settings > General > Trackpad** > Turn on "Tap to Click". Once enabled, you can tap an app icon on the trackpad to open it without pressing.

MULTI-TOUCH TRACKPAD

Video: Instructions on how to enable and use the "Tap to Click" feature for a better touch experience.

5.4 Flexible and Detachable Two-piece Design

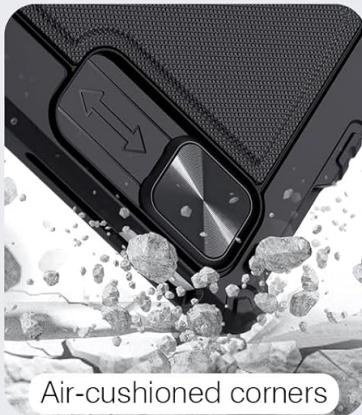

The keyboard case features a two-piece design, allowing you to detach the keyboard from the tablet case. This provides flexibility for different usage scenarios, such as using the iPad as a standalone tablet with its protective case and stand, or attaching the keyboard for a laptop-like experience.

PROTECTIVE CASE WITH DETACHABLE KEYBOARD

Slide Camera Cover

6. MAINTENANCE

6.1 Cleaning

To clean the keyboard case, use a soft, damp cloth. Avoid using harsh chemicals or abrasive materials that could damage the surface. For the keyboard keys, a soft brush or compressed air can remove dust and debris. Do not immerse the keyboard in water.

6.2 Battery Care

The keyboard is equipped with a 500mAh battery, providing up to 100 hours of continuous use without backlighting and 14 hours with backlighting. To prolong battery life, avoid extreme temperatures and store the keyboard in a cool, dry place when not in use for extended periods. The auto sleep/wake functionality helps conserve battery.

7. TROUBLESHOOTING

7.1 Keyboard Not Connecting

- Ensure the keyboard is fully charged.
- Verify Bluetooth is enabled on your iPad.
- Repeat the pairing process (Fn + C) to re-enter pairing mode.
- Forget the device on your iPad's Bluetooth settings and try pairing again.

7.2 Trackpad Issues

- Ensure "Tap to Click" is enabled in iPad Settings (Settings > General > Trackpad).
- Check for any obstructions on the trackpad surface.
- Restart your iPad and the keyboard.
