MJDDJA M1024

MJDDJA Halloween Mini Building Blocks Panda Instruction Manual

Model: M1024

Introduction

Welcome to the world of MJDDJA Mini Building Blocks! This manual provides detailed instructions for assembling your Halloween Sitting Panda with Pumpkin micro building block set. Designed to promote concentration, hand-eye coordination, and critical thinking, this set offers a rewarding building experience for enthusiasts aged 6 and up.

Safety Information

This product is made from durable ABS material and meets US safety standards. While designed for safety, please observe the following:

- **Choking Hazard:** Contains small parts. Not suitable for children under 3 years. Recommended for ages 6 and up.
- **Material Safety:** The blocks have smooth edges to prevent injury during assembly.
- **Adult Supervision:** For younger builders, adult supervision is recommended, especially during the initial sorting and assembly phases due to the micro size of the blocks.

What's in the Box

Upon opening your MJDDJA Halloween Mini Building Blocks set, you will find:

- Micro building blocks (approximately 531 pieces)
- 1 Instruction Manual

Please verify all components are present before beginning assembly.

Setup and Assembly

Assembling your mini panda requires patience and attention to detail. Follow these steps for a successful build:

1. Preparation and Sorting

Before you begin, it is highly recommended to sort all the micro blocks by color and shape. This will significantly reduce assembly time and frustration, especially with the small size and similar appearance of many pieces.

Image: Comparison of normal and mini blocks, illustrating the small size of the components.

2. Following the Instructions

Refer to the included instruction manual for step-by-step visual guides. The first few layers can be the most challenging. It is often easier to build the first two layers simultaneously rather than one by one to ensure stability.

- **Layer by Layer:** Build the model layer by layer, ensuring each block is firmly pressed into place.
- **Precision:** Due to the micro size, precision is key. Use a flat surface for building.
- **Fitting Pieces:** If a piece doesn't fit perfectly, try removing adjacent pieces, placing the new piece, and then re-attaching the others. This can help align the micro blocks.

3. Key Features Assembly

Pay special attention to the assembly of distinct features:

Image: Detailed views of the panda's head, ears, and the pumpkin held in its hands.

The panda's head, ears, and the pumpkin accessory are crucial details that bring the model to life. Ensure these sections are securely attached as per the instructions.

Operating and Display

Once assembled, your MJDDJA Halloween Mini Building Blocks Panda is ready for display.

- **Display:** Place your completed panda on a stable surface. Its compact size makes it suitable for desks, shelves, or as a decorative piece.
- **Durability:** The assembled model is designed to be stable. While durable, avoid excessive force or dropping to prevent pieces from detaching.
- **Interactive Play:** While primarily a display model, the sturdy construction allows for gentle handling and imaginative play.

Maintenance

To keep your MJDDJA Mini Building Blocks Panda in excellent condition:

- **Cleaning:** Gently wipe the model with a dry, soft cloth to remove dust. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying.
- **Storage:** If disassembling for storage, keep all pieces in a secure container to prevent loss.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause colors to fade over time.

Troubleshooting

Problem	Solution

Problem	Solution
Missing Pieces	Contact MJDDJA customer support for worry-free service regarding missing pieces.
Pieces do not fit together easily	Ensure correct orientation. Sometimes, removing adjacent pieces, placing the new piece, and then re-attaching the others can help. Apply gentle, even pressure.
Model is unstable during early stages	Ensure the first few layers are built on a flat, stable surface. Double-check that all blocks are fully pressed down and interlocked. Building the first two layers together can improve initial stability.

Specifications

Attribute	Detail
Product Dimensions (Assembled)	Approximately 3 x 2.8 x 3 inches (7.6 x 7.1 x 7.6 cm)
Item Weight	4.2 ounces (119 grams)
Model Number	M1024
Recommended Age	6 years and up (Manufacturer recommended age: 3 years and up, but due to micro blocks, 6+ is more appropriate for independent building)
Material	Durable ABS Plastic
Number of Pieces	Approx. 531
