SETUP

Charging the Night Light

1. Locate the charging port on the base of the night light. This is typically a micro-USB port.

2. Connect the provided USB charging cable to the night light's charging port.
3. Connect the other end of the USB cable to a DC 5V power source, such as a USB wall adapter (not included), a computer USB port, or a power bank.
4. The charging indicator light (if present) will illuminate to show that the device is charging.
5. Allow the night light to charge fully before first use. Charging time may vary.

OPERATING INSTRUCTIONS

Turning On/Off

1. Locate the power button on the base of the night light.
2. Press the power button once to turn the night light on. The light will illuminate, creating a soft glow.
3. Press the power button again to turn the night light off.

Placement

Place the night light on a flat, stable surface in your desired location, such as a bedside table, desk, or bathroom counter. Ensure it is not obstructed to allow for optimal light dispersion.

MAINTENANCE

Cleaning

- Ensure the night light is turned off and unplugged before cleaning.
- Wipe the exterior of the night light with a soft, dry, or slightly damp cloth.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the surface.
- Do not immerse the product in water or any other liquid.

Storage

When not in use for an extended period, store the night light in a cool, dry place, away from direct sunlight and extreme temperatures.
