Lyromix Lyromix Dog Kennel Outdoor

Lyromix Large Outdoor Dog Kennel Instruction Manual

Model: Lyromix Dog Kennel Outdoor

1. INTRODUCTION

Thank you for choosing the Lyromix Large Outdoor Dog Kennel. This manual provides essential information for the safe assembly, proper use, and effective maintenance of your new dog kennel. Please read these instructions carefully before beginning assembly and retain them for future reference.

This heavy-duty outdoor dog kennel is designed to provide a secure and spacious enclosure for large breeds, featuring a galvanized steel structure, robust chain-link mesh, an upgraded door lock, and a waterproof, UV-protected roof.

2. SAFETY INFORMATION

- Always ensure all connections are securely fastened before allowing pets into the kennel.
- Regularly inspect the kennel for any signs of wear, damage, or loose components. Tighten or replace as necessary.
- Do not allow children to play unsupervised near or inside the kennel.
- Position the kennel on a level, stable surface to prevent tipping.
- Ensure adequate ventilation within the kennel, especially during hot weather.
- The kennel is designed for pets. Do not use it for purposes other than its intended use.

3. PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Galvanized Steel Tubes (Frame components)
- Chain Link Mesh Panels
- Door Panel with Upgraded Lock

- Waterproof & UV-Protected PE Roof Cover
- 304 Stainless Steel Mesh Ties (approx. 150 pieces)
- Assembly Hardware (bolts, nuts, washers)
- Instruction Manual

4. SETUP AND ASSEMBLY

Assembly typically requires two people for optimal ease and safety. Refer to the detailed instructions provided in the package for step-by-step guidance.

1. **Prepare the Area:** Choose a level, clear outdoor space for the kennel. Ensure sufficient room around the kennel for assembly.
2. **Assemble the Frame:** Connect the galvanized steel tubes according to the diagrams in the included manual to form the base and side frames. Ensure all connections are tight.
3. **Attach Mesh Panels:** Securely attach the chain link mesh panels to the assembled frame using the provided 304 stainless steel mesh ties. Ensure the mesh is taut and firmly attached to prevent loosening or bending. The mesh features a 2.5mm thick wire for enhanced durability.
4. **Install the Door:** Integrate the door panel, ensuring the upgraded door lock mechanism functions correctly. The lock is designed to prevent accidental opening by pets.
5. **Install the Roof:** Drape and secure the waterproof and UV-protected PE roof cover over the top frame. Ensure it is properly tensioned to allow rainwater to run off quickly and provide maximum UV protection.

Upgrade Galvanized Structure

5. USAGE

The Lyromix Large Outdoor Dog Kennel provides a spacious and secure environment for your dog to play, run, and exercise. Its dimensions of 7.5 x 7.5 x 5.6 ft offer ample room, allowing for the placement of a dog house or feeding area inside.

- **Pet Placement:** Introduce your dog to the kennel gradually. Ensure they have access to fresh water and shelter from extreme weather conditions.
- **Door Access:** The kennel features an easily accessible walk-in door, simplifying the process of feeding your dog and cleaning the enclosure.
- **Weather Protection:** The included PE roof cover offers protection from rain and harmful UV rays, creating a comfortable space for your pet in various weather conditions.

Easily Walk in Dog Kennel

You can easily go in to feed your dog and clean the kennel

Dude, how easy it is for me to walk in without the door frame above!

6. MAINTENANCE

Regular maintenance will extend the life of your Lyromix dog kennel and ensure a safe environment for your pet.

- **Cleaning:** Periodically clean the kennel frame and mesh with mild soap and water. Rinse thoroughly and allow to dry completely.
- **Roof Care:** Clean the PE roof cover as needed. Ensure it remains free of debris to maintain its waterproof and UV-protective properties.
- **Inspection:** Regularly check all bolts, nuts, and mesh ties for tightness. Re-tighten any loose fasteners. Inspect the chain link mesh for any damage or sharp edges that could harm your pet.
- **Rust Prevention:** While made of galvanized tubes, regular cleaning and inspection can help prevent rust, especially in humid environments.

7. TROUBLESHOOTING

If you encounter issues with your Lyromix dog kennel, consider the following:

- **Kennel Instability:** Ensure the kennel is placed on a completely flat and stable surface. Verify all frame connections are securely tightened.
- **Mesh Loosening:** If the chain link mesh appears loose, check and re-tighten all stainless steel mesh ties. Add additional ties if necessary to secure the mesh firmly.
- **Roof Sagging/Water Accumulation:** Ensure the roof cover is properly tensioned and secured to the frame. Adjust its position to allow for proper water runoff.
- **Door Not Latching:** Inspect the door lock mechanism for any obstructions or misalignment. Ensure the door frame is correctly aligned with the main kennel frame.

For persistent issues, please contact Lyromix customer support.

8. SPECIFICATIONS

Brand	Lyromix
Model Name	Lyromix Dog Kennel Outdoor
Material	Galvanized Metal, Stainless Steel (Mesh Ties), PE (Roof)
Product Dimensions (L x W x H)	7.5 x 7.5 x 5.6 ft (228.6 x 228.6 x 170.69 cm)
