Tractive Smart Cat GPS Tracker

INSTRUCTION MANUAL

Introduction

The Tractive Smart Cat GPS Tracker is designed to provide real-time location tracking and comprehensive wellness monitoring for your feline companion. This device offers peace of mind by allowing you to keep an eye on your cat's whereabouts and health, whether they are indoors or exploring outdoors.

Setup Guide

Unboxing and Initial Charge

Upon unboxing your Tractive Smart Cat GPS Tracker, you will find the pet tracker unit, a cat collar, attachment clips, and a charging cable. Before first use, ensure the device is fully charged. Connect the charging cable to the tracker and a suitable USB power source. The indicator light on the tracker will show charging status.

App Installation and Account Creation

Download the official Tractive GPS app from your device's app store (available for iOS and Android). Follow the in-app instructions to create an account and pair your new tracker. A subscription plan is required to activate the GPS tracking and wellness monitoring features. Details on subscription plans are available within the app or on the Tractive website.

Operating Instructions

Real-Time GPS Tracking

The Tractive tracker provides real-time location updates every 2-3 seconds, allowing you to follow your cat's movements with no distance limits. Open the Tractive app and select the 'LIVE' mode to view your cat's current location on the map.

Real-time GPS Tracking

Track your cat's location live
with no distance limits

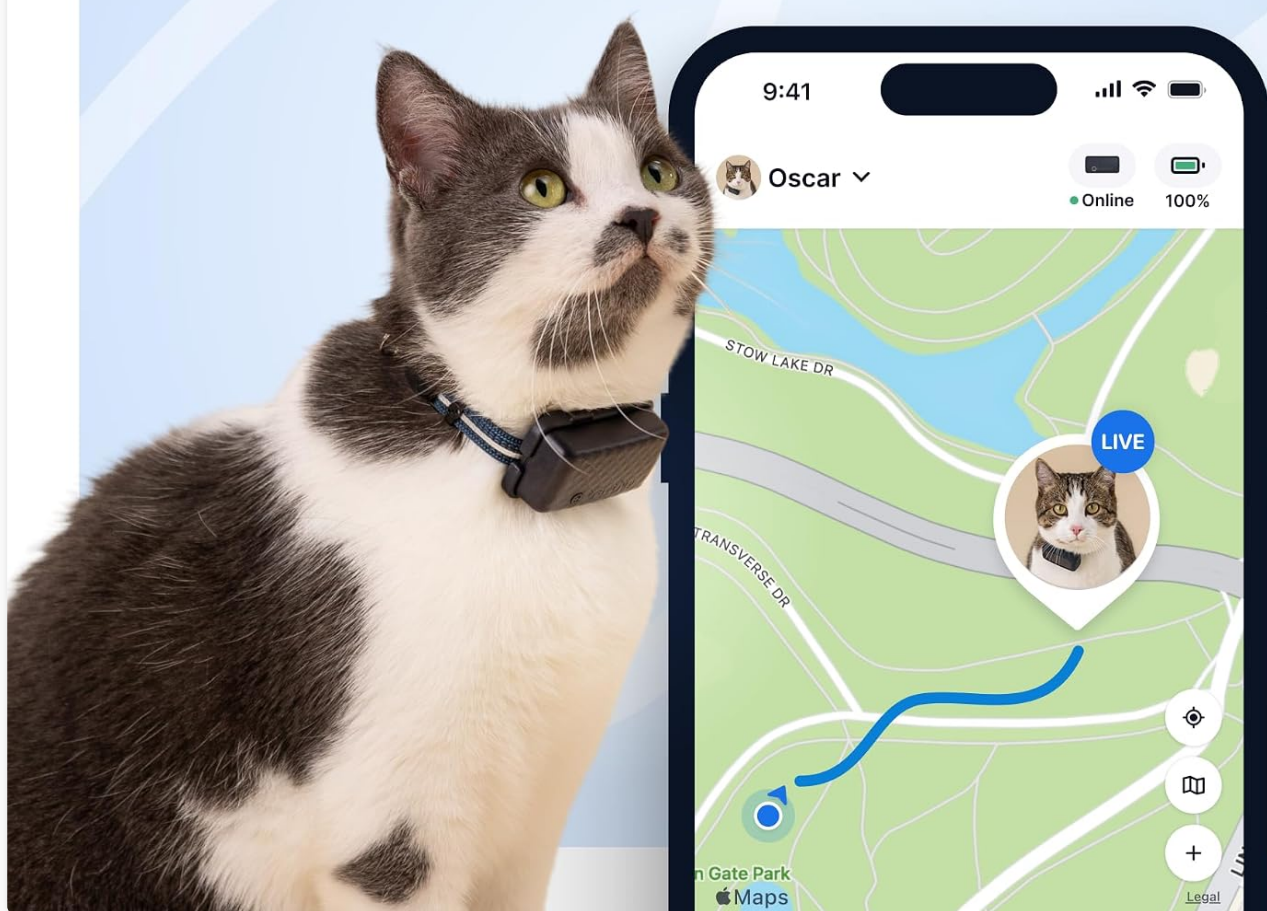

Image: A cat wearing the Tractive tracker, with a smartphone displaying the app's live GPS tracking feature, showing the cat's location on a map.

Virtual Fences and Escape Alerts

Set up virtual safe zones (e.g., your home, yard) and receive instant alerts on your smartphone if your cat leaves or enters these predefined areas. This feature is ideal for containing your pet within safe boundaries.

Escape Alerts

Create a virtual fence so you get an alert if they escape

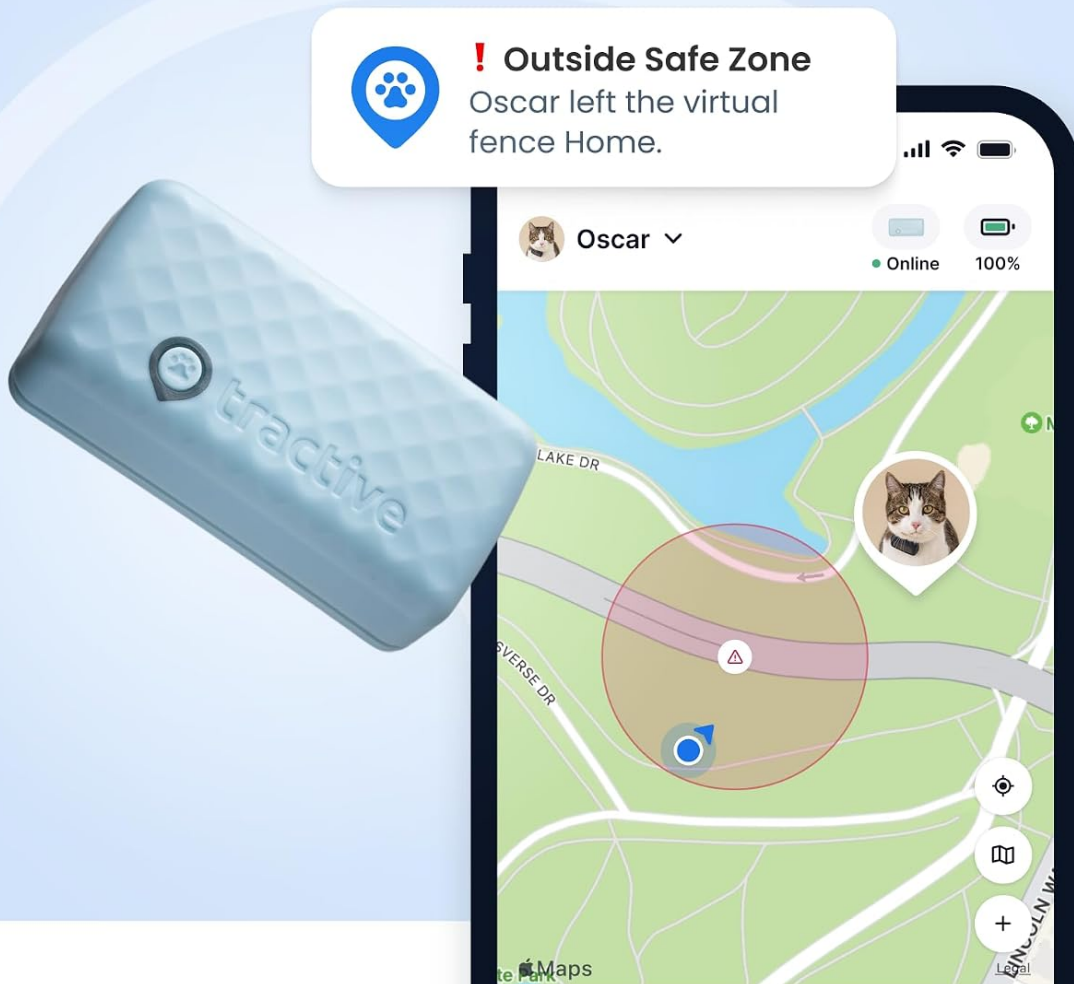

Image: The Tractive tracker next to a smartphone displaying an 'Outside Safe Zone' alert, indicating the cat has left a virtual fence area.

Location History and Territory Mapping

Review your cat's past movements and discover their favorite spots with the location history feature. The app generates weekly territory maps based on repeated movements, providing insights into their roaming habits.

Discover your cat's territory and identify changes

Health, Sleep & Activity Monitoring

Gain daily insights into your cat's sleep patterns and activity levels. The tracker monitors their wellness, and the app can notify you of unusual changes, helping you detect potential health issues early.

Light and Sound Features

Activate the tracker's built-in light and sound features via the app to help locate your cat in low-light conditions or when they are hiding nearby.

Maintenance

Battery Life

The Tractive Smart Cat GPS Tracker offers a battery life of up to 5 days, which can be extended further by utilizing Power Saving Zones. Regular charging is recommended to ensure continuous tracking.

Made for every adventure.

Waterproofing

The tracker is 100% waterproof, making it suitable for all weather conditions and ensuring durability during your cat's adventures.

Troubleshooting

- **Tracker not connecting or showing location:** Ensure the tracker is charged and within an area with cellular coverage. Check your subscription status in the Tractive app.
- **Short battery life:** Verify that Power Saving Zones are configured for areas where your cat spends most of its time (e.g., home Wi-Fi). Reduce the frequency of live tracking if not continuously needed.
- **Inaccurate location:** GPS accuracy can be affected by dense foliage, tall buildings, or indoor environments. Move to an open area for better signal reception.
- **Collar issues:** Ensure the tracker is securely attached to the collar. If using the breakaway collar, confirm it is properly fastened but can still release under pressure for safety.

For more detailed troubleshooting or specific error messages, refer to the 'Help' section within the Tractive app or visit the official Tractive support website.

Product Specifications

Feature	Detail
Brand	tractive
Model Number	TRCAT5DBNA
Item Weight	25 Grams (0.882 ounces)
Package Dimensions	3.74 x 3.7 x 1.54 inches
Battery Type	1 Lithium Polymer (included)
Connectivity Technology	Cellular
Special Features	Activity Tracking, Waterproof, Geo-Fence, Location History, Real Time Tracking
Included Components	Pet tracker, cat collar, attachment clips, charging cable
