5. MAINTENANCE

To ensure the longevity and hygiene of your AZ4U Refrigerator Door Shelf Bin, follow these simple maintenance

guidelines:

- **Regular Cleaning:** Clean the bin regularly with mild dish soap and warm water. Avoid abrasive cleaners or harsh chemicals, as they can damage the plastic.
- **Drying:** After washing, ensure the bin is completely dry before placing it back into the refrigerator to prevent water spots or residue buildup.
- **Avoid Overloading:** While the bin has good bearing capacity, avoid excessively heavy items that could stress the plastic or attachment points.

6. TROUBLESHOOTING

If you encounter any issues with your AZ4U Refrigerator Door Shelf Bin, please refer to the following common concerns:

6.1. Common Issues:

- **Bin Does Not Fit:**

Solution: Double-check the dimensions (14.15" x 6.6" x 3.73") and the specific model numbers listed in the compatibility section (Section 3.1). Ensure your refrigerator is a side-by-side model and you are attempting to install it on the RIGHT side door. If you are unsure about compatibility, please contact customer support with your refrigerator's full model number.

- **Bin Appears Damaged Upon Arrival:**

Solution: If the replacement part is damaged during shipping, please contact customer support immediately. We will work to provide a satisfactory solution.

- **Difficulty Installing:**

Solution: Ensure the bin is correctly aligned with the rails. Sometimes a firm, even push is required to fully seat the bin. Refer to the installation steps in Section 4.1.
