news	Activates News sound mode.
OPT	Switches the sound bar to Optical input mode.
COAX	Switches the sound bar to Coaxial input mode.
AUX boost	Switches the sound bar to AUX input mode and may provide an audio boost.

4. Setup

4.1 Battery Installation

The remote control requires two (2) AAA Alkaline batteries (not included).

1. Locate the battery compartment on the back of the remote control.
2. Slide the battery cover downwards to open it.
3. Insert two AAA batteries, ensuring the positive (+) and negative (-) terminals align correctly with the markings inside the compartment.
4. Slide the battery cover back into place until it clicks securely.

4.2 Initial Use

This replacement remote control is pre-programmed and does not require any additional setup or pairing with your Saiyin Sound Bar. Once batteries are installed, it is ready for immediate use.
Tip: If the remote does not respond, ensure the sound bar is powered on and try turning the sound bar off and then on again using its physical power button, then attempt to use the remote.

5. Operating Instructions

Point the remote control directly at the sound bar's sensor for optimal performance.

- **Power On/Off:** Press the **Power** button to turn the sound bar on or off.
- **Volume Adjustment:** Use the **+** and **-** buttons to adjust the main volume level.
- **Mute/Unmute:** Press the **MUTE** button to silence the audio or restore it.
- **Subwoofer Control:** Use **Sub-** and **Sub+** to fine-tune the subwoofer's output level.
- **Input Selection:** Press **BT**, **OPT**, **COAX**, or **AUX boost** to switch between different audio input sources.
- **Sound Modes:** Select **movie**, **music**, or **news** to apply optimized audio presets for different content types.

6. Maintenance

6.1 Battery Replacement

Replace batteries when the remote's range decreases or it becomes unresponsive. Always replace both batteries simultaneously with new AAA Alkaline batteries.

6.2 Cleaning

Wipe the remote control with a soft, dry cloth. Do not use liquid cleaners or abrasive materials, as they may damage the surface or internal components.

6.3 Storage

If the remote control will not be used for an extended period, remove the batteries to prevent leakage and corrosion. Store the remote in a cool, dry place away from direct sunlight and extreme temperatures.

7. Troubleshooting

Problem	Possible Cause	Solution
Remote not responding.	Dead or incorrectly installed batteries. Obstruction between remote and sound bar. Remote out of range.	Replace batteries, ensuring correct polarity. Remove any obstructions. Move closer to the sound bar. Ensure sound bar is powered on.
Buttons not working correctly.	Low batteries. Dirt or debris under buttons.	Replace batteries. Gently clean around buttons with a dry cloth.
Sound bar not responding to specific functions (e.g., input change).	Sound bar specific issue.	Refer to your Saiyin Sound Bar's original manual for troubleshooting specific sound bar functions.

If issues persist after attempting these solutions, please contact customer support.
