

## Ibergrif M41002-2

# Ibergrif M41002-2 Oval O Shape Family Toilet Seat User Manual

Model: M41002-2

## 1. INTRODUCTION

---

This manual provides detailed instructions for the installation, operation, maintenance, and troubleshooting of your Ibergrif M41002-2 Oval O Shape Family Toilet Seat. Please read this manual thoroughly before installation and use to ensure proper function and longevity of the product. Keep this manual for future reference.

## 2. SAFETY INFORMATION

---

- Ensure all components are securely fastened during installation to prevent injury.
- Do not stand on the toilet seat or lid.
- Avoid using abrasive cleaners or harsh chemicals, as these can damage the surface of the seat.
- Supervise children when using the child seat to ensure their safety.
- The maximum load capacity for this toilet seat is 150 kg. Exceeding this limit may cause damage or injury.

## 3. PACKAGE CONTENTS

---

Carefully unpack the box and ensure all the following items are present:

- 1 x PP Family Toilet Seat (main seat with integrated child seat)
- 1 x Fixing Kit (includes bolts, washers, and nuts for installation)
- 1 x Instruction Sheet (this manual)

## 4. PRODUCT FEATURES

- **Integrated Child Seat:** A removable child seat is attached to the main toilet seat, suitable for potty training. It can be easily removed when no longer needed. The child seat lifts automatically when the main seat is closed for hygiene.
- **Soft Close Function:** The main toilet seat and lid feature a slow-lowering, soft-close mechanism to prevent slamming and reduce noise. *Note: The child toilet seat does not have a soft close function.*
- **Quick Release Button:** A quick-release button allows for easy removal of the toilet seat from the hinges, facilitating thorough cleaning of the toilet bowl and seat.
- **Quality Material:** Constructed from high-quality Polypropylene (PP) plastic, offering durability, flexibility, and resistance to color fading. The material is also anti-bacterial, durable, scratch-resistant, and anti-yellowing.
- **Universal O-Shape Fit:** Designed to fit most standard O-shaped toilet bowls.
- **Ergonomic Design:** Engineered for comfort, distributing pressure evenly to reduce leg numbness during extended use.

### Installation Steps:

- 1. Prepare the Toilet:** Remove your old toilet seat. Clean the area around the mounting holes on the toilet bowl.
- 2. Assemble Fixing Kit:** Insert the rubber plugs into the mounting holes on the toilet bowl. Place the metal bases over the plugs.
- 3. Attach Hinges:** Align the hinges of the new toilet seat with the metal bases. Secure them using the provided screws and washers. Ensure the hinges are positioned correctly to allow the seat to sit flush on the bowl.
- 4. Adjust and Tighten:** Adjust the position of the seat to ensure it is centered and aligned with the toilet bowl. Once satisfied, tighten the screws firmly to secure the seat in place. Do not overtighten.
- 5. Test Soft Close:** Gently lower the seat and lid to confirm the soft-close function is working correctly.

## 6. OPERATING INSTRUCTIONS

---

### Using the Child Seat:

To use the integrated child seat, simply lift the main toilet lid. The child seat will be accessible. When not in use, the child seat can be lifted and will remain in an upright position, or it will lift automatically when the main seat is closed.

### Soft Close Function:

To engage the soft close, gently push the main toilet seat or lid downwards. The mechanism will slowly and quietly lower the seat and lid to the closed position. Avoid forcing the seat down, as this can damage the soft-close mechanism.

### Quick Release for Cleaning:

To remove the seat for cleaning, locate the quick-release buttons (usually near the hinges at the back of the seat). Press these buttons and lift the entire seat assembly upwards. This allows for easy access to clean the toilet bowl and the seat itself. To reattach, align the seat with the hinges and press down until it clicks into place.

## 7. MAINTENANCE AND CLEANING

Regular cleaning will help maintain the appearance and hygiene of your toilet seat.

- **Daily Cleaning:** Use a soft cloth with mild soap and water to wipe down the seat and lid.
- **Deep Cleaning:** For more thorough cleaning, utilize the quick-release function to remove the seat. Clean all surfaces of the seat and the toilet bowl area with a non-abrasive bathroom cleaner.
- **Avoid Harsh Chemicals:** Do not use abrasive powders, scouring pads, or cleaners containing bleach, acids, or strong solvents, as these can scratch or discolor the polypropylene material.
- **Drying:** Always dry the seat thoroughly after cleaning to prevent water spots and maintain hygiene.

## 8. TROUBLESHOOTING

If you encounter any issues with your Ibergrif toilet seat, refer to the following common problems and solutions:

- **Seat Does Not Fit Properly:**

*Solution:* Double-check the dimensions of your toilet bowl against the product specifications (14.69"L

x 18.31"W). Ensure your toilet is an O-shape. Re-adjust the mounting hardware to ensure the seat is centered and the bolts are correctly aligned with the holes.

- **Soft Close Not Working:**

*Solution:* Ensure the soft-close mechanism is not obstructed. Avoid forcing the seat down, as this can damage the mechanism. If the issue persists, check if the hinges are properly installed and tightened.

- **Child Seat Not Lifting/Lowering Smoothly:**

*Solution:* Check for any obstructions around the child seat hinges. Ensure the child seat is correctly attached to the main seat.

- **Seat Feels Loose:**

*Solution:* Tighten the mounting bolts underneath the toilet bowl. Do not overtighten, but ensure they are snug.
