

Picun ANC-05 MAX

Picun Active Noise Cancelling Headphones User Manual

MODEL: ANC-05L / ANC-05 MAX

Brand: Picun

1. Introduction

Thank you for choosing Picun Active Noise Cancelling Headphones. These headphones are designed to provide an immersive audio experience with advanced noise cancellation, extended battery life, and superior comfort. This manual will guide you through the setup, operation, and maintenance of your new headphones.

2. What's in the Box

- Wireless Headphones
- USB-C Cable
- 3.5mm Aux Cable
- User Manual

3. Product Overview

The Picun ANC-05L headphones feature a sleek, ergonomic design for maximum comfort during extended use. They are equipped with intuitive controls and robust features to enhance your listening experience.

3.1 Design and Comfort

The headphones are designed with soft over-ear pillows featuring advanced ventilation and memory foam earcups that gently mold around your ears. The 100° swiveling ear cups and self-adjustable, flexible headband ensure a fatigue-free listening experience, providing maximum comfort and a secure seal.

Ergonomic & Comfortable Design

1. Earcups are made from memory foam cushion with soft protective leather.
2. Collapsible design multi-angle rotation earcup.
3. Retractable headband fits for both adults and teenagers.

3.2 Controls and Ports

All control buttons are conveniently located on the left earcup. This includes the power button, volume up/down buttons, and the Active Noise Cancelling (ANC) button. A USB-C port is available for charging, and a 3.5mm aux jack allows for wired connection.

3.3 Battery Life

Enjoy up to 100 hours of playing time on a single full charge. The USB-C fast charging technology allows for a full recharge within 3 hours. A quick 10-minute charge provides up to 4 hours of listening, making them ideal for travel.

4. Setup

4.1 Bluetooth Pairing

1. Ensure the headphones are fully charged.
2. Press and hold the power button on the left earcup until the LED indicator blinks blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "Picun ANC-05L" (or similar name) from the list of devices.

5. Once connected, the LED indicator will turn solid blue or off, depending on the model.

The latest Bluetooth 5.4 chip ensures fast and stable connections, compatible with most mobile devices.

5. Operating Instructions

5.1 Active Noise Cancelling (ANC)

The industry-leading Active Noise Cancelling technology effectively reduces noise by up to 95% in various noisy environments such as aviation, subways, cars, and crowded places. Press the dedicated ANC button on the left earcup to activate or deactivate noise cancellation, allowing you to focus on your audio.

5.2 Media Controls

- **Play/Pause:** Single press the power button.
- **Volume Up/Down:** Single press the '+' or '-' buttons.
- **Next Track:** Press and hold the '+' button.
- **Previous Track:** Press and hold the '-' button.

5.3 Calls (AI ENC)

The built-in microphone with automatic AI ENC (Environmental Noise Cancellation) technology ensures clear hands-free calls by shielding ambient noise. The microphone enhances voice pick-up for crystal clear communication.

Note: The microphone only works in Bluetooth mode, not with the aux cord.

6. Maintenance

- Clean the earcups and headband regularly with a soft, dry cloth.
- Avoid exposing the headphones to extreme temperatures, humidity, or liquids.

- Store the headphones in a cool, dry place when not in use.
- Do not attempt to disassemble or repair the headphones yourself.

7. Troubleshooting

- **No Power:** Ensure the headphones are fully charged.
- **Cannot Pair:** Make sure the headphones are in pairing mode (blinking blue/red LED). Turn off and on your device's Bluetooth, then try again. Ensure no other devices are connected to the headphones.
- **No Sound:** Check volume levels on both the headphones and your connected device. Ensure the headphones are properly paired. If using the aux cable, ensure it is fully inserted.
- **Poor Sound Quality:** Ensure the headphones are within Bluetooth range of your device. Check for interference from other wireless devices.
- **ANC Not Working:** Press the ANC button to activate. Ensure the headphones are properly seated on your ears for optimal noise cancellation.
