Golpart Heavy Duty Rolling Garment Rack

User Manual

1. PRODUCT OVERVIEW

The Golpart Heavy Duty Rolling Garment Rack is a versatile and robust storage solution designed to organize your clothing and accessories efficiently. Featuring a 3-tier adjustable wire shelving system, double hanging rods, and side hooks, this freestanding metal closet provides ample space and mobility for various environments.

2. PRODUCT FEATURES

- **Rugged Construction:** Crafted from sturdy black-coated steel, each metal shelf supports up to 150 lbs, with a total distributed capacity of 450 lbs. Hanging rods accommodate up to 80 lbs, and side hooks support an additional 20 lbs.
- **Versatile Storage:** Features three adjustable tiers, two hanging rods, and two sets of side hooks for optimized organization of shoes, hanging garments, and folded items.
- **Effortless Mobility:** Equipped with four 360° wheels, including two lockable wheels for secure placement and easy movement.
- **Durable Craftsmanship:** Made from top-tier iron pipe with water and rust-resistant coating, ensuring stability and longevity.
- **Easy Assembly:** Designed for swift and straightforward installation without complex tools.

3. INCLUDED COMPONENTS

Please verify that all components are present before beginning assembly:

- 4 x Rolling Wheels
- 12 x Metal Connection Pipes
- 2 x Hanging Rods
- 3 x Wire Shelves
- 4 x Plastic Hooks

4. ASSEMBLY INSTRUCTIONS

Follow these steps for a smooth assembly process. It is recommended to have a clear, flat surface for assembly.

1. **Attach Wheels:** Screw the four rolling wheels into the bottom of the main vertical poles. Ensure two of the wheels are lockable and positioned at the front for easy access.
2. **Assemble Base Frame:** Connect the bottom wire shelf to the vertical poles using the plastic clips. Ensure the clips are securely snapped into the grooves on the poles at the desired height.
3. **Install Middle and Top Shelves:** Repeat the process for the middle and top wire shelves, adjusting their heights as needed. Ensure all clips are firmly in place for stability.
4. **Attach Hanging Rods:** Secure the two hanging rods between the vertical poles at the designated positions. These rods can be detached or adjusted based on your clothing length requirements.
5. **Add Side Hooks:** Attach the plastic side hooks to the outer vertical poles. These are ideal for hanging bags, hats, or other accessories.

5. OPERATING INSTRUCTIONS

Using your Golpart Garment Rack is straightforward:

- **Loading Clothes:** Hang clothes on the two hanging rods. Utilize the top rod for longer garments and the lower rod for shorter items like shirts or folded pants.
- **Utilizing Shelves:** Place folded clothes, storage bins, shoes, or other accessories on the three wire shelves. The shelves can be adjusted in height to accommodate various item sizes.
- **Using Side Hooks:** Hang bags, belts, scarves, or hats on the side hooks for easy access and additional storage.
- **Mobility:** To move the rack, unlock the two lockable wheels. Once in the desired position, lock the wheels to secure the rack in place.

6. MAINTENANCE

To ensure the longevity and optimal performance of your garment rack, follow these maintenance guidelines:

- **Cleaning:** Wipe down the metal surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the black coating.
- **Rust Prevention:** The rack is coated for rust resistance, but to maintain this, avoid prolonged exposure to excessive moisture. Dry immediately if it gets wet.
- **Check Connections:** Periodically check all connections and clips to ensure they remain secure. Tighten any loose parts if necessary.
- **Wheel Care:** Keep the wheels free from dust and debris to ensure smooth rolling. Lubricate if necessary.

7. TROUBLESHOOTING

If you encounter any issues with your garment rack, refer to the following common solutions:

Problem	Possible Cause	Solution
Rack is wobbly/unstable	Clips not fully engaged; uneven load distribution; loose connections.	Ensure all plastic clips are securely snapped into the pole grooves. Distribute weight evenly across shelves and rods. Check and tighten all connections.
Wheels not rolling smoothly	Debris in wheels; wheels locked.	Clear any hair or debris from the wheel casters. Ensure the lockable wheels are in the unlocked position.
Hanging rods slipping	Overloaded rod; improper installation.	Do not exceed the 80 lbs weight limit per rod. Re-install rods ensuring they are firmly seated in their supports.

8. SPECIFICATIONS

Attribute	Detail
Brand	Golpart
Model Number	EA_402B
Dimensions (D x W x H)	15.75"D x 31.5"W x 78.75"H (including wheels)
