MaxxPet 88047

MaxxPet Large Cat Cage - Outdoor Run and Aviary - Model 88047

Instruction Manual

1. INTRODUCTION

Thank you for choosing the MaxxPet Large Cat Cage. This outdoor enclosure provides a safe and stimulating environment for your cats to enjoy fresh air and exercise. Designed with robust materials and multiple levels, it offers ample space for play and relaxation. Please read this manual thoroughly before assembly and use to ensure proper setup and safety.

2. SAFETY INSTRUCTIONS

- Always ensure all parts are securely fastened before allowing pets inside.
- Regularly inspect the cage for any damage, loose parts, or sharp edges that could harm your pet.
- Place the cage on a level, stable surface to prevent tipping.
- Do not allow children to play unsupervised near or inside the cage.
- Ensure adequate ventilation and protection from extreme weather conditions.
- Keep small children and pets away during assembly to prevent injury from small parts.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning assembly. If any parts are missing or damaged, please

contact customer support.

Item	Description	Quantity
Frame Panels	Aluminum frame sections with galvanized mesh	Various
Platforms/Shelves	Wooden platforms for resting and climbing	Multiple
Suspended Walkways	Connective bridges for movement between levels	2
Roof Cover	Removable and waterproof fabric roof	1
Door Assembly	Main entrance door with secure latch	1
Hardware Kit	Screws, bolts, and tools for assembly	1 set

4. SETUP AND ASSEMBLY

Assembly requires two people and approximately 2-3 hours. Follow the numbered steps in the included graphical assembly guide for detailed instructions. The main steps are outlined below:

- 1. Prepare the Area:** Choose a flat, level outdoor area for the cat cage. Ensure sufficient space around the cage for assembly and future access.
- 2. Assemble Base Frame:** Connect the base frame panels using the provided hardware. Ensure all connections are tight and secure.
- 3. Install Side and Rear Panels:** Attach the side and rear mesh panels to the base frame. Pay attention to the orientation of panels with door openings.
- 4. Attach Front Panels and Door:** Secure the front panels and install the main entrance door. Ensure the door latch operates smoothly and securely.
- 5. Install Internal Platforms and Walkways:** Position and secure the various platforms and suspended walkways inside the cage. These provide climbing and resting areas for your cats.
- 6. Assemble Roof Structure:** Connect the roof frame sections.
- 7. Attach Roof Cover:** Secure the waterproof roof cover to the roof structure using the hook-and-loop fasteners. This provides shade and protection from rain.

Video 1: This video demonstrates the assembly of the roof cover and shows the secure door latches, as well as cats enjoying the various platforms and the overall space of the enclosure.

5. OPERATING INSTRUCTIONS

The MaxxPet Large Cat Cage is designed for ease of use and pet comfort.

- **Access Door:** Use the main entrance door for easy access to the cage for feeding, cleaning, and interacting with your cats. Ensure the latch is always securely closed when cats are inside.
- **Internal Environment:** The multiple levels, platforms, and suspended walkways encourage natural climbing and play behavior. You can add toys, scratching posts, and bedding to enhance your cat's experience.
- **Weather Protection:** The removable waterproof roof cover provides protection from sun and rain. Adjust or remove it as needed based on weather conditions.
- **Cat Entry/Exit:** Guide your cats into and out of the enclosure carefully. Always ensure the door is closed behind them to prevent escape.

6. MAINTENANCE

Regular maintenance will prolong the life of your cat cage and ensure a healthy environment for your pets.

- **Cleaning:** Clean the platforms and floor regularly with pet-safe cleaning solutions. The galvanized mesh can be wiped down with a damp cloth.
- **Roof Cover:** The waterproof roof cover can be wiped clean. Ensure it is dry before storing if removed for extended periods.
- **Inspection:** Periodically check all screws, bolts, and latches for tightness. Tighten any loose fasteners. Inspect the mesh for any signs of damage or wear.
- **Wood Care:** The wooden components are treated for outdoor use, but occasional inspection for weathering or damage is recommended.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Door does not close securely	Misalignment or loose latch	Check alignment of door and frame. Tighten latch screws.
Cage feels unstable	Uneven ground or loose connections	Relocate to a level surface. Tighten all frame connections.
Water pooling inside	Improper roof cover installation or damaged cover	Ensure roof cover is securely attached and taut. Inspect for tears.
Cats not using platforms	Unfamiliarity or discomfort	Encourage use with treats or toys. Ensure platforms are stable.

8. SPECIFICATIONS
