arboleaf CM11B

arboleaf Electric Scalp Massager CM11B User Manual

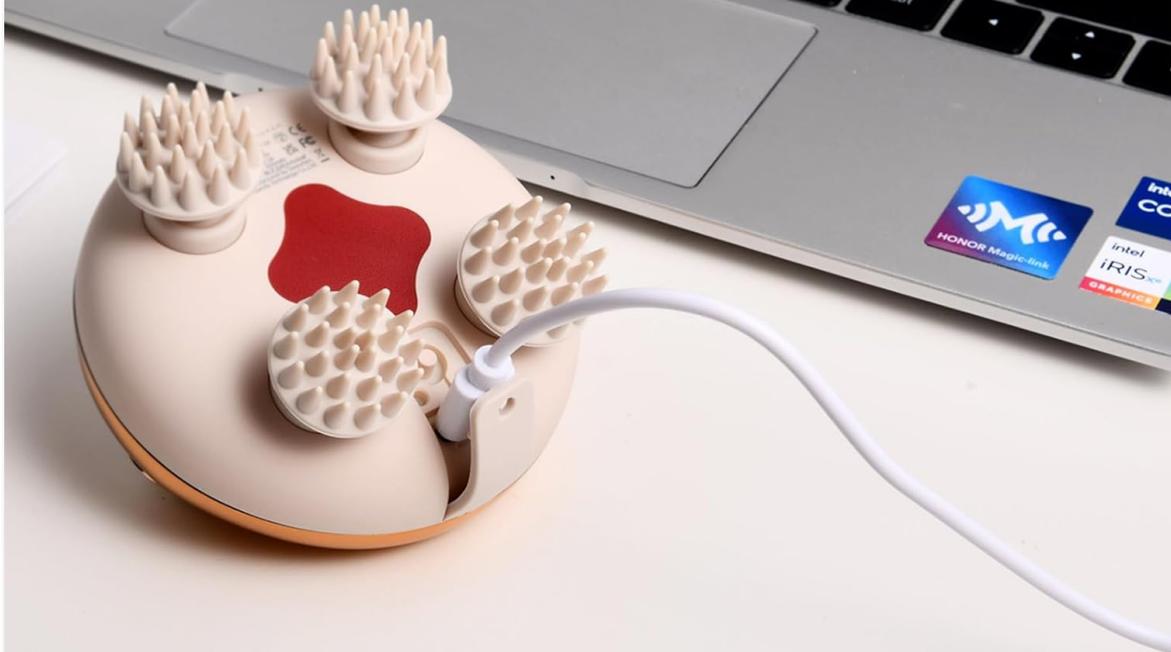

Brand: arboleaf | Model: CM11B

1. SETUP

1.1 Charging the Device

Before first use, fully charge your arboleaf Electric Scalp Massager. The device uses a USB-C charging port and typically takes 2-3 hours for a full charge. Ensure the charging port is dry before connecting the cable.

Type-C Charging, Convenient Charging On the Go

The arboleaf Electric Scalp Massager features a convenient USB-C charging port, allowing for easy charging from various power sources like a laptop.

This video demonstrates the USB charging process and highlights the versatility of the scalp massager for various body parts, including legs, neck, and head.

1.2 Attaching and Detaching Massage Heads

The massager comes with 8 silicone massage heads (128 nodes total) designed for a tangle-free experience. These heads are detachable and interchangeable, allowing for customized massage sensations. To attach, align the head with the base and gently push until it clicks into place. To detach, pull the head away from the base.

8 Silicone Massage Head

- ✓ Quiet
- ✓ Portable & Cordless
- ✓ Long-lasting Performance

The device includes two distinct sets of silicone massage heads, offering varied massage experiences. One set features pointed bristles for deeper stimulation, while the other has rounded nodes for a gentler touch.

The massage heads are easily detachable for cleaning or switching to a different type, ensuring hygiene and versatility.

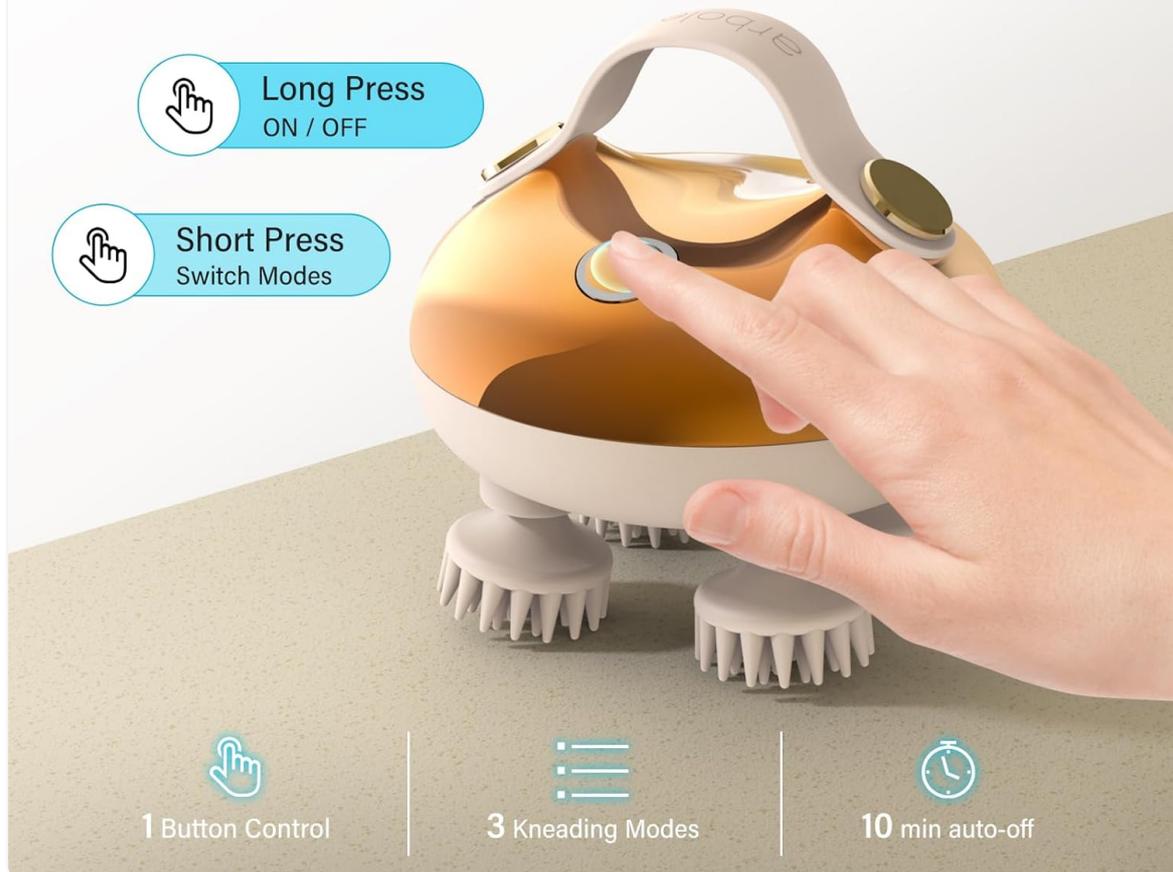

This video highlights the ease of changing the massage heads and confirms the device's ability to avoid hair tangling during use.

2. OPERATING INSTRUCTIONS

2.1 Power On/Off and Mode Selection

The arboleaf Electric Scalp Massager features a user-friendly one-button operation. Press and hold the power button to turn the device on or off. Once on, short press the button to cycle through the 3 available massage modes. The device also has a smart 10-minute auto-shutoff function to prevent overuse.

One-button activation, enjoy pressure-free experience

The single-button interface simplifies operation, allowing users to easily power on/off and switch between three distinct kneading modes.

2.2 Usage Areas and Benefits

This versatile massager can be used on various body parts for relaxation and stress relief. It is suitable for the scalp, neck, back, legs, and arms. Its 360° simulated human finger kneading action promotes overall well-being and can help reduce muscle discomfort.

360° Rotational Kneading, Simulating Human Hands

Exhausted? Dizziness?
Headache?

Deep Relaxation

Experience deep relaxation and relief from stress and tension with the 360° rotational kneading action, simulating human hands.

Reduce Fatigue

Promote Scalp Well-being

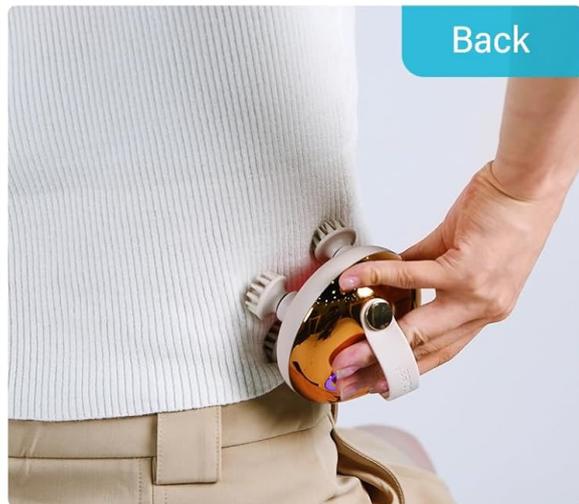

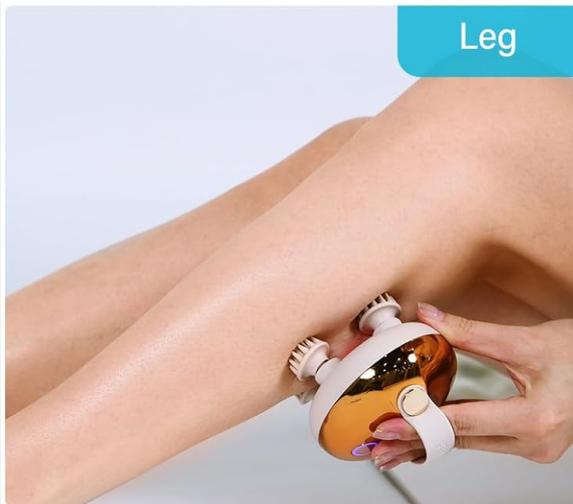

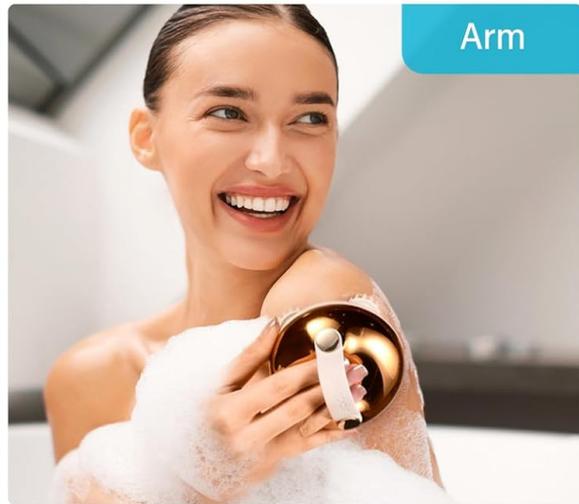

Deep Relaxation

Cleanse the Scalp

The massager is designed for versatile use across the head, neck, back, and legs, providing targeted relief.

Whole Body Spa

Enjoy a comprehensive massage experience, targeting areas such as the neck, shoulders, arms, legs, and back for full-body relaxation.

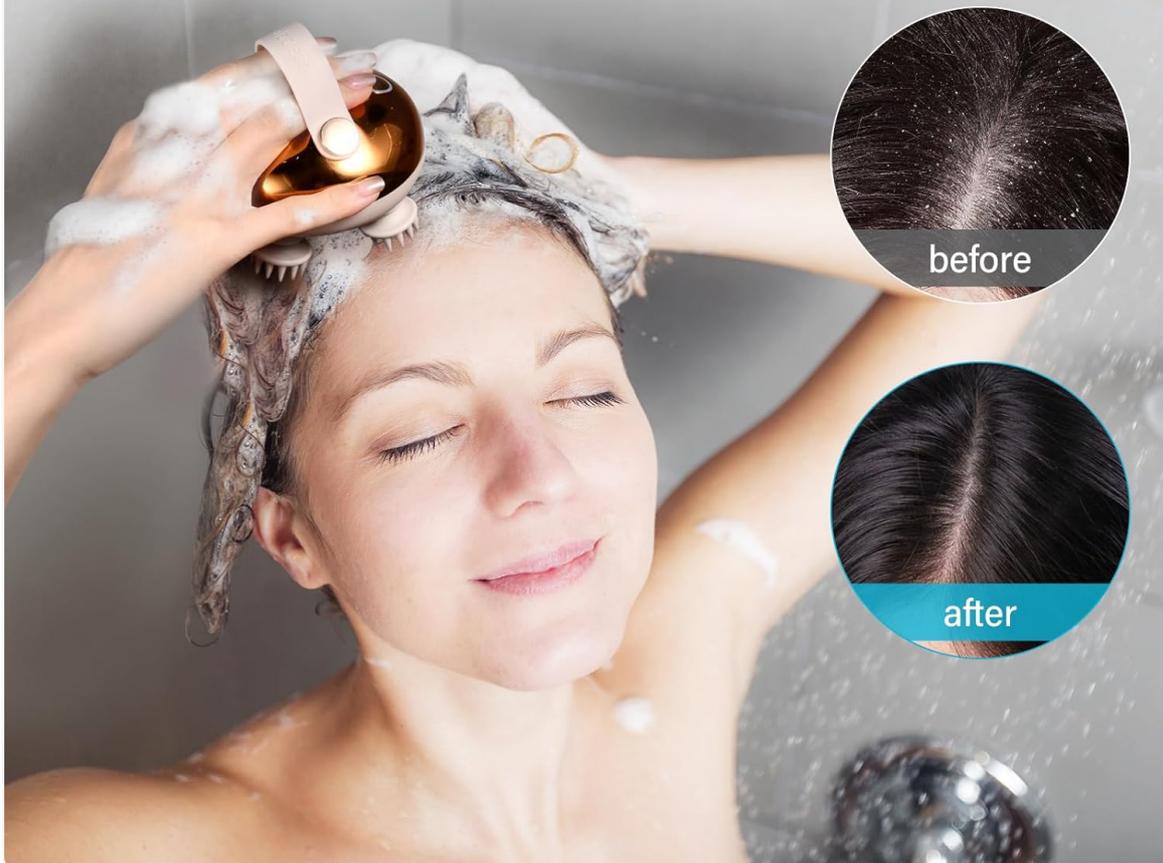

This video demonstrates the arboleaf Scalp Massager in action, showcasing its effectiveness for head massage.

2.3 Wet and Dry Use

The arboleaf Electric Scalp Massager is IPX7 waterproof, allowing for versatile wet and dry use. It can be used in the shower for deep scalp cleansing or dry for a soothing massage. The ergonomic silicone handle ensures a comfortable and secure grip even when wet.

Dry & Wet Double Use

Cleanse the scalp

The massager is suitable for both dry and wet use, making it ideal for deep scalp cleansing during a shower.

This video provides a quick how-to guide for using the scalp massager in both wet and dry conditions.

2.4 Pet Massager Functionality

Beyond human use, the arboleaf Electric Scalp Massager can also serve as a gentle pet massager for cats and dogs, providing a soothing experience for your furry companions.

The arboleaf massager is also suitable for pets, offering a gentle and relaxing massage experience for cats and dogs.

3. MAINTENANCE

3.1 Cleaning the Device

The arboleaf Electric Scalp Massager is IPX7 waterproof, making it easy to clean. Simply rinse the device under running water after each use. Ensure the charging port cover is securely closed during cleaning. The detachable massage heads can also be removed for thorough cleaning.

The IPX7 waterproof rating and 2-layer water-resistant charging port design ensure the device can be safely rinsed for cleaning.

Ergonomic Non-slip while bathing

silicone handle,
comfortable to grasp

bad grip,
slip off easily

The non-slip handle provides a secure and comfortable grip, particularly useful during wet use in the shower.

4. TROUBLESHOOTING AND SAFETY

4.1 Important Safety Tips

- Do not insert your hands into the four massage heads while using the massager.
- Do not immerse the massager in water for an extended period of time.
- Charge the massager using the provided USB cord.
