

Bularie HT18-401-002-01

Bularie Spool Cap Cover Instruction Manual

Model: HT18-401-002-01

INTRODUCTION

The Bularie Spool Cap Cover is a replacement component designed for specific Hyber Tough grass trimmer models. This cap secures the trimmer's spool, protecting internal parts from debris and ensuring stable operation. It is manufactured from durable, lightweight plastic material, engineered for resilience in outdoor conditions.

COMPATIBLE MODELS

This spool cap cover is compatible with the following Hyber Tough grass trimmer models:

- HT18-401-004-01
- HT19-401-003-03
- HT18-401-002-01
- HT10-401-002-01
- HT21-401-002-04 (2022 model)

COMPATIBLE WITH HYBER TOUGH GRASS TRIMMER:

HT10-401-002-01
HT18-401-002-01
HT19-401-003-03
HT21-401-002-04

SETUP AND INSTALLATION

Replacing the spool cap cover is a straightforward process:

1. Ensure the grass trimmer is turned off and disconnected from any power source for safety.
2. Locate the existing spool cap cover on the trimmer head.
3. Gently twist and remove the old or damaged spool cap cover.
4. Align the new Bularie Spool Cap Cover with the trimmer head.
5. Press down and twist until you hear a click, indicating the cap is securely in place.

This video demonstrates the physical characteristics and simple assembly of the Bularie Spool Cap Cover, showing how the two parts fit together.

OPERATING INSTRUCTIONS

Once installed, the spool cap cover functions automatically as part of the trimmer's cutting head. Its primary role is to maintain the spool's position and protect the internal mechanisms from external elements during operation. No specific user interaction with the cap is required during trimming.

MAINTENANCE

To ensure the longevity and optimal performance of your spool cap cover:

- Regularly inspect the cap for signs of wear, cracks, or damage, especially after prolonged use.
- Clean the cap periodically to remove accumulated grass clippings, dirt, and debris. Use a damp cloth and mild soap if necessary.
- Ensure the cap is always securely fastened before operating the trimmer.
- Store the trimmer and spare caps in a clean, dry place away from extreme temperatures.

TROUBLESHOOTING

If you encounter issues with your spool cap cover:

- **Cap comes loose during operation:** Ensure it was installed correctly with a firm twist and click. Check for any debris preventing a secure fit. If the locking tabs are worn, replacement may be necessary.
- **Cap does not fit:** Verify that your trimmer model is listed under the compatible models section. Slight variations in manufacturing can occur; ensure proper alignment before applying force.

- **Excessive wear:** The cap is a wear-and-tear item. If it shows significant abrasion or damage, replace it to prevent damage to the trimmer's internal components.

SPECIFICATIONS

Attribute	Detail
Product Dimensions	6 x 4 x 1.5 inches (approx. 3.4" wide, 1.4" tall for the cap itself)
Item Weight	1.44 ounces
Manufacturer	Bularie
Model Number	HT18-401-002-01
Material	Lightweight and robust plastic
Color	Red

Product Dimensions

Please allow a slight difference due to manual measurement
