## OtO OtO Lawn Smart Sprinkler

# OtO Lawn Smart Sprinkler Instruction Manual

Model: OtO Lawn Smart Sprinkler | Brand: OtO

## INTRODUCTION

The OtO Lawn Smart Sprinkler is an innovative irrigation system designed for precise and efficient watering of your lawn and plants. This manual provides detailed instructions for setting up, operating, and maintaining your OtO device to ensure optimal performance and water conservation.

## PRODUCT FEATURES

- **Smart Watering:** Automatically waters exactly where needed, saving time and effort.
- **Precision Zones:** Unlimited customizable spray zones for lawns, shrubs, gardens, and trees.
- **Solar-Powered:** Operates using solar energy, eliminating the need for batteries, wires, or outlets.
- **Weather Intelligence:** Checks local forecasts to skip watering during rain or high winds.
- **Quick DIY Setup:** Easy installation requiring only a hose and Wi-Fi, no trenching or digging.
- **Durable Construction:** UV-resistant body, weatherproof housing (32°–149°F), and solid brass fittings for year-round use.
- **Expandable Coverage:** One unit covers up to 5,000 sq ft, with the option to daisy-chain multiple units.
- **App Control:** Manage schedules and units remotely using the free OtO app.
- **Security Loop:** Allows for securing the device to an object for peace of mind.

## WHAT'S IN THE Box

Your OtO Lawn Smart Sprinkler package includes:

- OtO Lawn Smart Sprinkler Unit
- Mounting Bracket (Steel)
- 1 Lithium Ion battery (included, pre-installed)
- Instruction Manual

## SETUP GUIDE

### 1. Unboxing and Initial Charge

Remove all components from the packaging. Ensure the unit is fully charged before initial setup. The device is solar-powered, but an initial charge via the provided wall plug is recommended for optimal performance.

## 2. Mounting the OtO Unit

The OtO unit can be installed in minutes without complex tools or professional assistance. It can be elevated on a fence or staked directly into the ground using the included steel mounting bracket.

- Choose a location with direct sunlight exposure for the solar panel.
- Secure the mounting bracket to your desired surface (fence or ground).
- Attach the OtO unit securely to the mounting bracket.

## Sets up in minutes.

Elevate on a fence or stake in the ground.

 **No professional install**  **No trenching**

Figure 1: Various installation methods for the OtO Smart Sprinkler, demonstrating its flexibility for different yard layouts.

## 3. Connecting to Water and Wi-Fi

Connect a standard garden hose to the inlet on the OtO unit. Ensure a secure connection to prevent leaks. The OtO unit requires a 2.4 GHz Wi-Fi signal for app connectivity. Place the device within range of your home's Wi-Fi router.

## 4. App Download and Device Pairing

- Download the free OtO Lawn app from your smartphone's app store.

- Create an account or log in.
- Follow the in-app instructions to pair your OtO device. This typically involves turning on the device and connecting to its unique Wi-Fi signal temporarily during the pairing process.

## OPERATING INSTRUCTIONS

### 1. Defining Watering Zones

Use the OtO app to define unlimited customizable spray zones for your yard. This precision allows you to water specific areas like lawns, shrubs, or garden beds without overwatering sidewalks or dry spots.

# One device, unlimited zones.

Waters in any shape up  
to an industry-leading  
40 feet.

Figure 3: An aerial perspective illustrating how the OtO Smart Sprinkler can define multiple, customized watering zones within a single yard.

## 2. Setting Up Schedules

The OtO app allows you to create and manage watering schedules. Leverage the weather intelligence feature for optimal watering. The system checks local forecasts and automatically skips watering if rain or high winds are detected, conserving water.

# A gardener who never forgets.

Get the best lawn on the block with smart scheduling.

Figure 4: The OtO app interface demonstrating smart scheduling capabilities, including irrigation history and weather-based skip functions.

## 3. Manual Watering

For immediate watering needs, you can initiate manual watering directly from the app. This is useful for testing zones or providing extra water to specific areas as needed.

## MAINTENANCE

### 1. General Care

The OtO Smart Sprinkler is designed for durability with a UV-resistant body and weatherproof housing. Regularly inspect the unit for any debris or obstructions that might affect its performance. Clean the solar panel periodically to ensure efficient charging.

### 2. Winterizing

Before the first freeze, disconnect the OtO unit from the hose and store it indoors in a dry, protected area. This prevents damage

from freezing water and extends the lifespan of the device. Ensure the unit is fully charged before storage.

## TROUBLESHOOTING

If you encounter issues with your OtO Smart Sprinkler, consider the following:

- **No Water Spray:** Check if the hose is securely connected and the water supply is turned on. Verify that the app schedule is active or initiate a manual run.
- **Poor Spray Coverage:** Ensure the nozzle is clear of debris. Adjust the spray zones in the app to optimize coverage.
- **Device Offline:** Check your Wi-Fi connection and ensure the OtO unit is within range. Restart your Wi-Fi router and the OtO device if necessary.
- **Battery Not Charging:** Confirm the solar panel is receiving direct sunlight. Clean the solar panel if it's dirty.

For further assistance, please refer to the in-app help section or contact OtO customer support.

## SPECIFICATIONS

Package Dimensions	17.25 x 14.25 x 5.75 inches
Item Weight	9.23 pounds
ASIN	B0C78GV866
Batteries	1 Lithium Ion batteries required. (included)
Brand	OtO
Color	Beige
Material	Brass
Style	Automatic
UPC	628011530172
