3. OPERATING THE POKÉMON TRADING CARD GAME

The Pokémon TCG is a strategic card game where players use Pokémon cards to battle opponents. Each booster pack contains a random assortment of cards from the Paldea Evolved expansion, including Pokémon, Trainer, and Energy cards. The Varoom promo card is a guaranteed special card.

3.1. How to Play

To play the Pokémon TCG, you will need a 60-card deck. The cards obtained from this blister can be used to build new decks or enhance existing ones. Basic gameplay involves:

- **Setting up the game:** Each player shuffles their 60-card deck, draws 7 cards, and places a Basic Pokémon as their Active Pokémon and up to 5 Basic Pokémon on their Bench. Prize cards are then set aside.
- **Taking turns:** Players take turns drawing a card, playing Basic Pokémon, evolving Pokémon, attaching Energy cards, playing Trainer cards, and using Abilities.
- **Attacking:** The Active Pokémon can attack the opponent's Active Pokémon if it has enough Energy attached.
- **Winning the game:** A player wins by taking all of their Prize cards, knocking out all of their opponent's Pokémon, or if their opponent cannot draw a card at the beginning of their turn.

For detailed rules and advanced strategies, please refer to the official Pokémon TCG Rulebook or visit the official Pokémon

TCG website.

3.2. Pokémon TCG Live Code Card

Each blister includes a code card that can be redeemed in the Pokémon TCG Live online game. This code unlocks digital versions of the cards found in your booster packs and the Varoom promo card, allowing you to play and collect digitally.

- **Redeem the code:** Visit the Pokémon TCG Live website or open the app, log in, and enter the unique code printed on the card.
- **Expand your digital collection:** The digital cards will be added to your online collection, ready for use in battles and deck building.

4. MAINTENANCE AND CARD CARE

To preserve the condition and value of your Pokémon TCG cards, especially rare and foil cards, follow these maintenance tips:

- **Use card sleeves:** Place individual cards in protective sleeves to prevent scratches, bends, and wear from handling.
- **Store in binders or deck boxes:** Organize your collection in dedicated card binders with protective pages or secure deck boxes to keep them flat and safe from environmental damage.
- **Avoid direct sunlight and moisture:** Store cards in a cool, dry place away from direct sunlight, which can cause fading, and moisture, which can lead to warping or mold.
- **Handle with clean hands:** Always ensure your hands are clean and dry before handling cards to avoid transferring oils or dirt.

5. TROUBLESHOOTING COMMON ISSUES

While quality control is maintained, occasional issues may arise. Here are some common concerns and general advice:

- **Missing or damaged cards:** If you find any cards missing from a sealed booster pack or the promo card is significantly damaged upon opening, retain all packaging and contact Pokémon TCG customer support.
- **Booster pack issues:** If a booster pack appears to have been tampered with or incorrectly sealed, do not open it further. Contact your retailer or Pokémon TCG support.
- **Pokémon TCG Live code card not working:** Ensure you are entering the code correctly. If the issue persists, contact Pokémon TCG Live support with your code and any relevant purchase information.
