WiMiUS S26

WiMiUS S26 Projector User Manual

Model: S26 | Brand: WiMiUS

INTRODUCTION

Thank you for choosing the WiMiUS S26 Projector. This high-performance projector is designed to deliver an immersive viewing experience with its Full HD 1080P native resolution, 4K support, and high brightness. Equipped with advanced connectivity options like 5G/2.4G WiFi and Bluetooth 5.1, it offers versatile usage for home entertainment, gaming, and professional presentations. This manual provides detailed instructions to help you set up, operate, and maintain your projector for optimal performance.

SAFETY INFORMATION

Please read all safety instructions carefully before using the projector.

- Do not look directly into the projector lens when the lamp is on.
- Ensure proper ventilation to prevent overheating. Do not block ventilation openings.
- Use only the power adapter supplied with the projector.
- Do not expose the projector to rain or moisture to avoid electric shock or fire.
- Avoid placing the projector on unstable surfaces.
- Unplug the projector during lightning storms or when unused for long periods.

PACKAGE CONTENTS

Verify that all items are included in your package:

- 1x WiMiUS S26 Projector
- 1x Power Cable
- 1x HDMI Cable
- 1x AV Cable
- 1x Remote Control (batteries not included)
- 1x Lens Cloth

- 1x User Manual

PRODUCT OVERVIEW

The WiMiUS S26 projector features a compact design with various ports for connectivity.

Figure 1: WiMiUS S26 Projector and Included Accessories. This image displays the main projector unit, a smartphone, and a carrying case, highlighting the projector's compact size and portability.

Wide Compatibility

WiMiUS home projector meets multiple devices and bring you more enjoyment

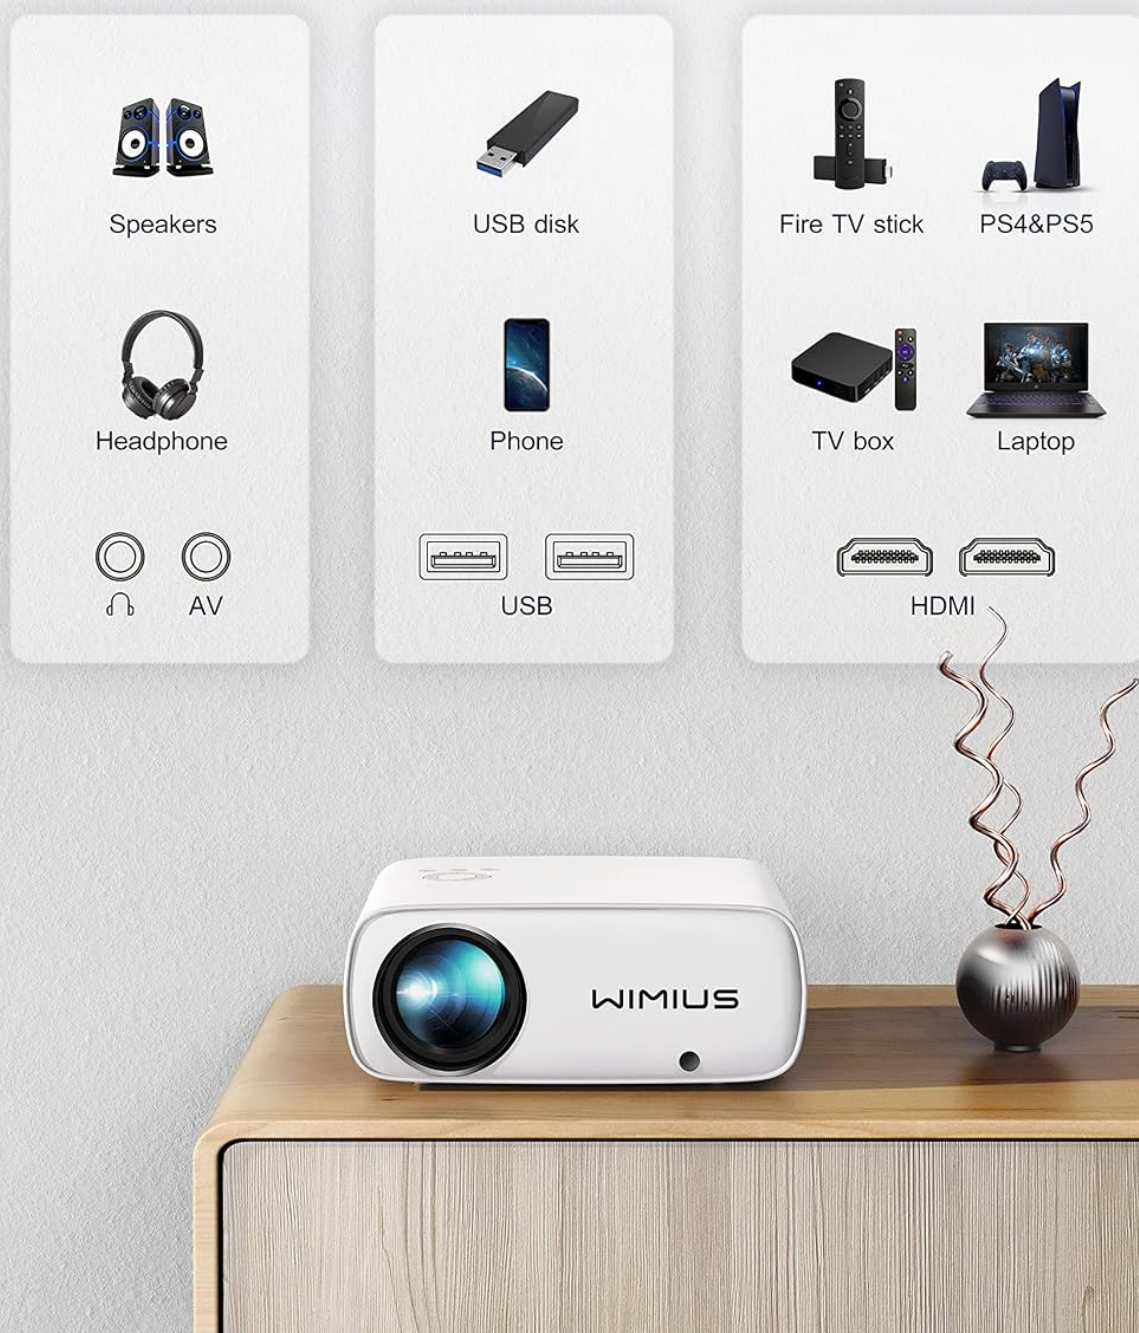

Figure 2: Connectivity Ports. This image illustrates the various input and output ports on the projector, including HDMI, USB, and AV, demonstrating its wide compatibility with different devices.

SETUP

1. Placement

Choose a flat, stable surface for the projector. The projection distance and screen size can be adjusted. For optimal viewing, ensure the projector is positioned directly in front of the screen or wall.

2. Power Connection

Connect the power cable to the projector's power input and then plug it into a power outlet.

3. Initial Power On

Press the power button on the projector or the remote control to turn on the device.

4. Focus and Keystone Correction

Adjust the focus ring on the projector lens until the image is clear. Use the 4P/4D keystone correction function to adjust the image shape if it appears trapezoidal.

Keystone Correction

OPERATING INSTRUCTIONS

1. Connecting Devices

- **HDMI:** Connect your laptop, game console (PS5), TV stick, or other HDMI-enabled devices using the HDMI cable. Select the HDMI input source from the projector's menu.
- **USB:** Insert a USB disk into the USB port to play media files (videos, photos, music) or to display Microsoft Office and Adobe PDF documents directly.
- **AV:** Use the AV cable to connect older devices like DVD players.

2. Wireless Connectivity (WiFi & Bluetooth)

WiFi Connection (5G/2.4G)

The projector supports dual-band 5G and 2.4G WiFi for stable and smooth wireless connections.

1. Navigate to the WiFi settings in the projector's menu.
2. Select your desired WiFi network (5G or 2.4G).
3. Enter the password to connect.

Android

iOS

Windows 10

Figure 4: Wireless Screen Mirroring. This image demonstrates the projector's ability to mirror screens wirelessly from Android, iOS, and Windows 10 devices using 5G or 2.4G WiFi.

Bluetooth 5.1 Connection

Connect external Bluetooth speakers, headphones, or AirPods for an enhanced audio experience.

1. Enable Bluetooth on the projector and your desired audio device.

2. In the projector's Bluetooth settings, search for available devices.
3. Select your audio device from the list to pair.

Bluetooth 5.1

Can be easily connected to various Bluetooth devices

Speakers

Headphone

Earphone

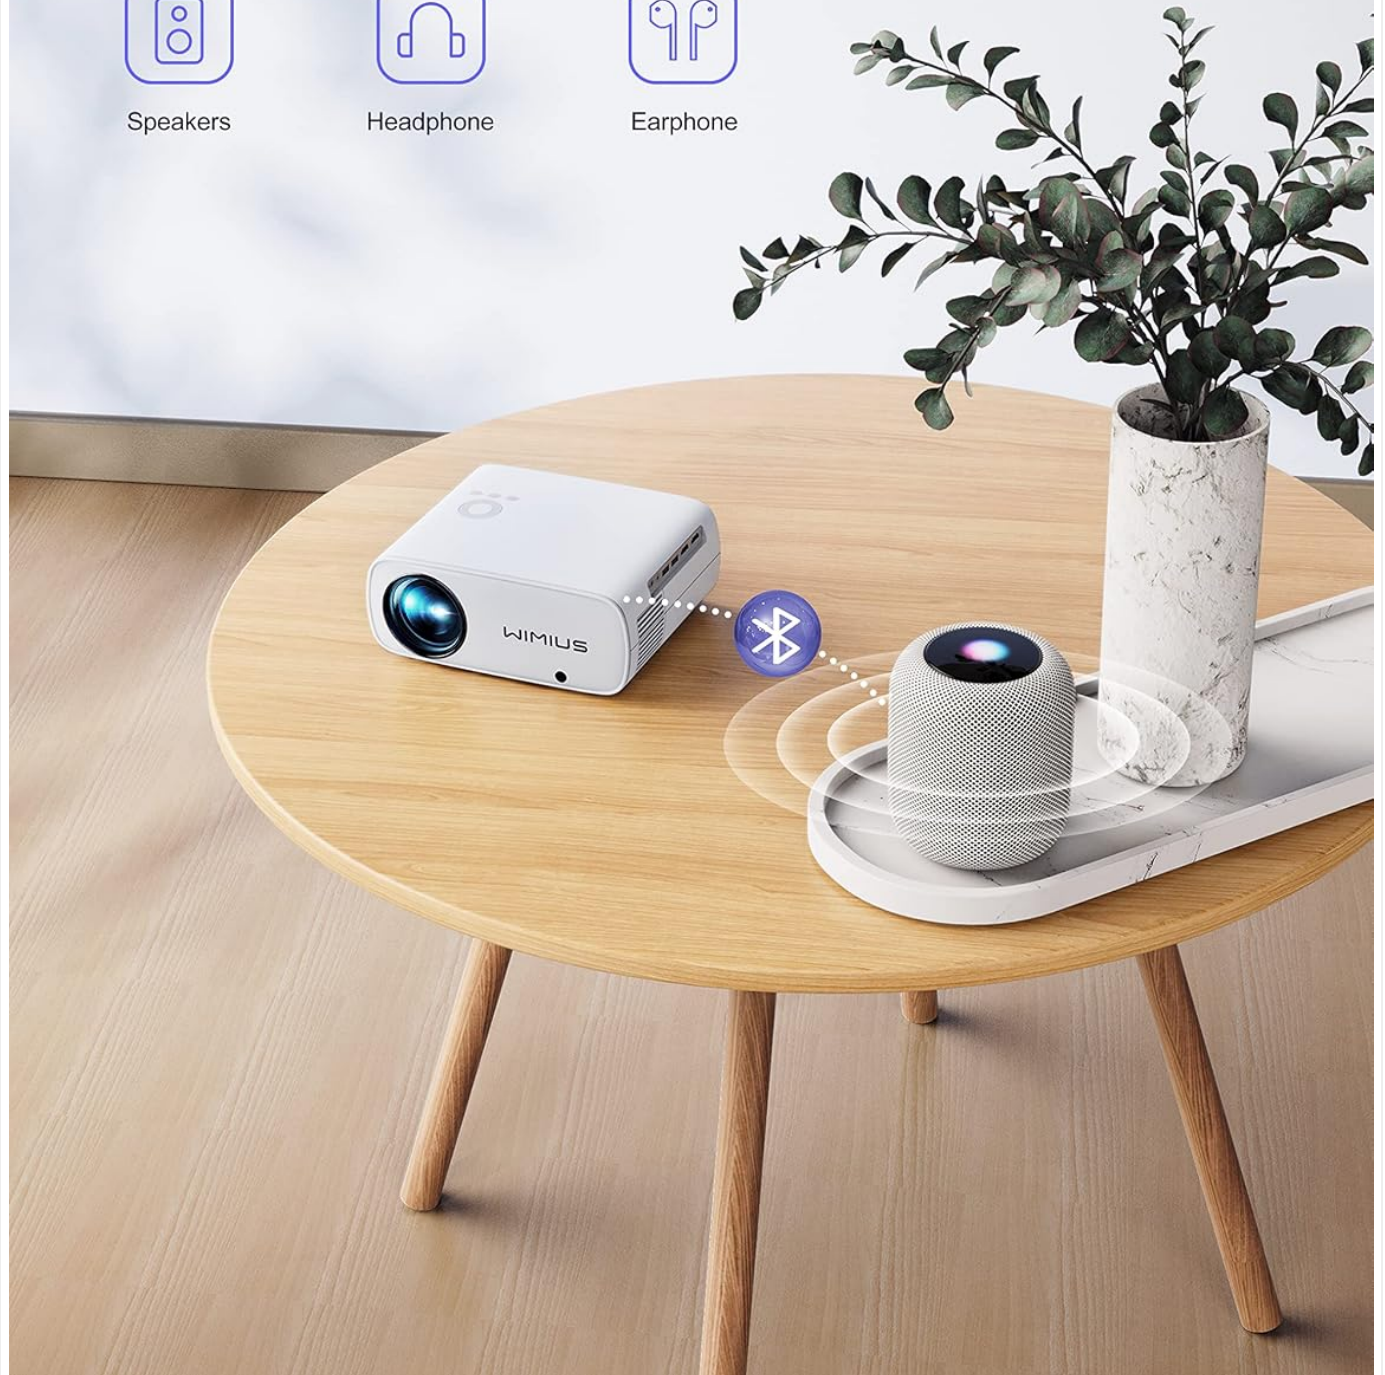

Figure 5: Bluetooth 5.1 Connectivity. This image shows the projector connected wirelessly to an external Bluetooth speaker, headphones, and earphones, illustrating its audio output flexibility.

3. Screen Mirroring

Mirror content from your iOS, Android, or Windows 10 devices wirelessly. Ensure both the projector and your device are connected to the same WiFi network.

- For iOS: Use the "iOS Cast" or "Screen Mirroring" function on your iPhone/iPad.
- For Android/Windows: Use "Miracast" or "Wireless Display" function on your device.

4. USB Playback (Office & PDF)

The projector can directly read and display Microsoft Office (Word, Excel, PowerPoint) and Adobe PDF files from a USB flash drive, making it ideal for business presentations.

5. Projection Modes

The WiMiUS S26 supports various projection modes:

- **Front Projection:** Standard setup, projector in front of the screen.

- **Rear Projection:** Projector behind a translucent screen.
- **Ceiling Projection (Front/Rear):** Mount the projector on the ceiling. Adjust image orientation in settings.

6. Zoom Function

The projector allows you to reduce the image size from 100% to 50% without moving the projector. Access this function through the projector's menu settings.

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your projector.

- **Lens Cleaning:** Use the provided lens cloth or a soft, lint-free cloth to gently wipe the lens. Do not use abrasive cleaners.
- **Dust Removal:** Periodically clean the ventilation openings with a soft brush or compressed air to prevent dust buildup and ensure proper airflow.
- **Storage:** When not in use, store the projector in a cool, dry place, away from direct sunlight and extreme temperatures. Use the original packaging or a protective case for storage and transport.

TROUBLESHOOTING

If you encounter issues, refer to the following common problems and solutions:

Problem	Possible Cause / Solution
No image on screen	Ensure power cable is securely connected. Check if the correct input source is selected (HDMI, USB, AV). Verify the connected device is powered on and outputting a signal.
Image is blurry	Adjust the focus ring on the projector lens. Ensure the projection distance is within the recommended range.
Image is trapezoidal/distorted	Use the 4P/4D keystone correction function in the settings menu. Ensure the projector is placed as perpendicular to the screen as possible.
No sound	Check the volume level on both the projector and the connected device. If using Bluetooth, ensure the external audio device is properly paired and selected. Verify audio settings on the source device (e.g., set to Stereo, not Dolby, for some streaming devices).
WiFi/Bluetooth connection unstable	Ensure the projector is within range of your WiFi router or Bluetooth device. Reduce interference from other electronic devices. Try reconnecting or restarting both the projector and the network device.
Projector fan is noisy	Ensure proper ventilation and that air vents are not blocked. Clean dust from the ventilation openings. Some fan noise is normal during operation, especially at higher brightness settings.

SPECIFICATIONS

Feature	Detail
Brand	WiMiUS
Model Number	S26
Color	White
Product Type	Portable Projector
Native Display Resolution	1920 x 1080P (Full HD)
Max Display Resolution	3840 x 2160 (4K Supported)
Brightness	13000 Lumens
Contrast Ratio	20000:1
