2. SAFETY INFORMATION

To prevent damage to the product or injury to yourself and others, observe the following safety precautions:

- Keep the device away from water and other liquids.
- Do not expose the device to extreme temperatures or direct sunlight.
- Avoid dropping or subjecting the device to strong impacts.
- Do not attempt to disassemble or repair the device yourself. Contact qualified service personnel.
- Keep out of reach of children.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x Remote Control Ring
- 1 x Charging Compartment
- 1 x Instruction Manual (this document)
- 1 x USB Cable

4. PRODUCT OVERVIEW

The Dpofirs Bluetooth Remote Control Ring consists of a compact ring-shaped controller and a magnetic charging case. The ring features multiple buttons for various functions, and the charging case also serves as a phone holder.

5. SETUP

5.1. Charging the Device

Before initial use, ensure the remote control ring and its charging compartment are fully charged. The charging compartment features a magnetic design for convenient charging.

1. Place the remote control ring into the charging compartment.
2. Connect the provided USB Type-C cable to the charging compartment and a power source (e.g., USB wall adapter, computer USB port).
3. The charging compartment's display will indicate the charging status. A full charge significantly extends the working time.

A new generation of intelligent power control chip with magnetic charging compartment to significantly improve the working time

5.2. Bluetooth Pairing

Follow these steps to pair the remote control ring with your smartphone or tablet:

1. **Power On:** Long press any of the 5 keys on the remote control ring for 3 seconds to turn it on. The blue indicator light will flash.
2. **Enable Bluetooth:** On your smartphone or tablet, go to the Bluetooth settings and ensure Bluetooth is enabled.
3. **Search for Device:** Search for available Bluetooth devices. The device name will appear as "S20".

4. **Pair:** Select "S20" to pair. Once successfully paired, the blue light will stop flashing or indicate a stable connection.

6. OPERATING INSTRUCTIONS

The remote control ring offers various functions through its buttons. Refer to the diagram below for button assignments.

Button Functions

Image: A detailed diagram illustrating the functions of each button on the Dpofirs Bluetooth Remote Control Ring, including single click and long press actions for navigation, volume, photo, and mode selection.

6.1. Button Functions Summary

- **Up Button:** Single click for Up, Long press for +Volume.
- **Down Button:** Single click for Down, Long press for -Volume.
- **Left Button:** Single click for Left.
- **Right Button:** Single click for Right.
- **Center Button:**
 - Single click: Pause/Play (in media mode).
 - Double click: Like (in short video mode).
 - 3 clicks: Cursor mode activation.
 - Long press: Power On/Off.
- **Camera Button:** Single click to Take a photo.
- **Return Button:** Single click to go Back to Menu, Long press to Lock Screen.

6.2. Operating Modes

The device supports different operating modes, primarily a short video mode and a cursor mode. The specific functions of buttons may vary slightly depending on the active application and mode.

Your browser does not support the video tag.

6.3. iOS Specific Settings

For iOS devices running version 15.0 or higher, additional settings may be required for full functionality:

1. Go to **Settings** on your iOS device.
2. Navigate to **Accessibility**.
3. Select **Touch**.
4. Tap on **AssistiveTouch**.
5. Enable **AssistiveTouch**.

This setting helps ensure compatibility with various remote control functions on iOS.

6.4. Cell Phone Holder Function

The charging compartment is designed with a built-in cell phone holder. This allows you to prop up your smartphone or tablet for hands-free viewing while using the remote control ring.

7. MAINTENANCE

Proper care will ensure the longevity of your Dpofirs Bluetooth Remote Control Ring:

- Clean the device with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Store the device in a cool, dry place when not in use.
- Avoid exposing the charging port to dust or debris.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Device does not power on.	Low battery.	Charge the remote control ring and charging compartment.
Unable to pair via Bluetooth.	Bluetooth is off on the phone/tablet; device is out of range; incorrect pairing steps.	Ensure Bluetooth is enabled on your device. Make sure the remote is powered on and within 10 meters. Repeat pairing steps. Restart both devices.
Functions not working on iOS.	AssistiveTouch not enabled.	Enable AssistiveTouch in iOS settings (Settings > Accessibility > Touch > AssistiveTouch).
Buttons unresponsive.	Device is not connected; application incompatibility.	Verify Bluetooth connection. Some applications may not fully support all remote functions.
