## SETUP AND ASSEMBLY

---

Assembly of this U-shape sofa is required. An instruction manual and necessary tools are included in the packaging. Follow these general steps for assembly:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to avoid scratches.
2. **Identify Sections:** Separate the main sofa sections and the chaise lounge sections. The U-shape design typically involves a central sofa unit and two chaise units.
3. **Attach Legs:** Securely attach the birch wood legs to the bottom of each sofa and chaise section using the provided hardware. Ensure they are tightened firmly.
4. **Connect Sections:** Align the connecting brackets on the sides of the sofa sections. Slide the sections together until they lock securely. Repeat for all sections to form the U-shape.
5. **Place Cushions:** Position the seat cushions onto the sofa frame. Then, place the back cushions against the backrest.
6. **Final Check:** Once assembled, gently push and pull on the sofa to ensure all connections are stable and secure.

## MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Merax sofa.

- **General Cleaning:** Regularly vacuum the sofa using an upholstery attachment to remove dust and debris.
- **Spot Cleaning (Code W):** The upholstery fabric has a cleaning code of 'W', meaning it should be cleaned with water-based cleaning agents. For spills, blot immediately with a clean, dry cloth. For tougher stains, use a mild, water-based upholstery cleaner. Test the cleaner on an inconspicuous area first to ensure no discoloration occurs. Do not saturate the fabric.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading. Position your sofa away from direct sunlight or use curtains/blinds.
- **Fluff Cushions:** Periodically fluff and rotate seat and back cushions to maintain their shape and even out wear.
- **Avoid Harsh Chemicals:** Do not use harsh chemicals, abrasive cleaners, or solvents, as these can damage the fabric and frame.

## TROUBLESHOOTING

---

### Common Issues and Solutions:

- **Sofa feels wobbly:** Ensure all legs are securely tightened. Check all connecting brackets between sections to confirm they are fully engaged.
- **Missing parts:** Refer to the 'Package Contents' section. If parts are missing, do not attempt to assemble. Contact Merax customer support for assistance.
- **Cushions appear flat:** Allow cushions time to expand after unpacking. Regularly fluff and rotate them to help maintain their shape and loft.
- **Fabric discoloration:** Ensure the sofa is not exposed to prolonged direct sunlight. For cleaning, always follow the 'W' cleaning code instructions and test cleaners on an inconspicuous area first.
