Additional Assembly Tip:

Video: A short clip emphasizing the crucial step of removing the black plastic cap from the gas lift before assembly.

Operating Instructions

Your Yaheetech office chair is designed for comfort and mobility with several adjustable features.

Adjustable Seat Height:

The SGS-Certified pneumatic cylinder allows you to easily adjust the seat height from 18.3 inches to 22 inches. Pull the lever located under the seat upwards to raise or lower the seat to your desired height, adapting to various table or desk heights.

360° Swivel and Mobility:

The 360° swivel seat and smooth-rolling casters provide must-have mobility, allowing you to move freely and smoothly between tasks without standing up.

Center-Tilt Tension and Rocking Function:

The chair features a rocking function (90°-120°). Use the control knob under the seat to adjust the tilt tension to your preference. Pull the lever outwards to activate the rocking function and push it inwards to lock the backrest in an upright position.

Maintenance

To maintain the appearance and longevity of your chair, wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the faux leather finish.
