2. Safety Information and Cautions

Please read and understand all safety information before using this product.

- Store in a cool, dry place, out of direct sunlight.
- Store away from children and pets.
- If swallowed, seek medical attention immediately.
- If the solution accidentally comes into contact with eyes, rinse with plenty of water for 15 minutes. If irritation persists, seek medical attention.
- Do not mix with other cleaning agents, chemicals, or medicines.
- Discontinue use if symptoms of discomfort occur.

How to Use:
2 L
Water
Note:
Remove the seal before using the cleaning solution for the first time. Dilute the solution at a ratio of 1:200 (approximately 10 ml of solution per 2 L of water). Use the bottle cap to measure the appropriate amount of solution and pour it into the water tank. Add the necessary amount of water to the tank and shake it gently to mix the solution. The cleaning solution is now ready to use.
Caution:
1. Store in a cool place, out of direct sunlight. Store away from children and pets.
2. If accidentally ingested, wash your mouth with clean water and seek medical attention if symptoms of discomfort occur.
3. If the cleaning solution accidentally comes into contact with eyes, keep eyes open and rinse with clean water, if discomfort persists, seek medical attention.
4. Do not mix with other cleaning agents, chemicals or medicines.
Ingredients:
• Over 30%: Deionized water
• Under 5%: Plant-based surfactants, detergent builder, fragrance
Product Lifespan: 3 years

3. Setup and Dilution

The eufy RoboVac Hard Floor Cleaning Solution requires dilution before use. Follow these steps for proper preparation:

1. Remove the seal before using the cleaning solution for the first time.
2. Dilute the solution at a ratio of **1:200**. This means for every 1 part of cleaning solution, use 200 parts of water.
3. For example, add **1/2 cap (approximately 5 ml)** of the cleaning solution to **1 liter of water**.
4. Pour the diluted solution into the clean water tank of your compatible eufy RoboVac.
5. Gently shake the tank to mix the solution.
6. The cleaning solution is now ready to use.

5. Specifications

Feature	Detail
Brand	eufy

Feature	Detail
Item Form	Liquid
Scent	Unscented
Specific Uses For Product	Floor Cleaning
Material Feature	Non-Toxic, Plant-Based
Dilution Ratio	1:200 (Solution:Water)
Volume	473 ml (16 fl oz) per bottle
Product Lifespan	3 years

6. Storage and Maintenance

To ensure the longevity and effectiveness of your cleaning solution:

- Store the bottles in a cool, dry place, away from direct sunlight.
- Keep the caps tightly closed when not in use.
- Ensure the solution is stored out of reach of children and pets.
- Do not freeze the solution.

7. Troubleshooting and Support

If you encounter any issues or have questions regarding the eufy RoboVac Hard Floor Cleaning Solution, please refer to the following:

7.1 Common Inquiries

- **Streaky Floors:** Ensure the correct dilution ratio (1:200) is used. Over-dilution or under-dilution can affect performance. Also, ensure your robot vacuum's water tank and mopping pads are clean.
- **No Cleaning Action:** Verify that the solution is properly mixed and the robot vacuum's water tank is correctly installed and functioning.
- **Skin or Eye Irritation:** Refer to the safety information in Section 2. Rinse thoroughly with water and seek medical attention if irritation persists.

7.2 Customer Support

For further assistance, please contact eufy customer support:

- **Online Support:** Visit the official eufy support page for FAQs and contact options: support.eufylife.com/s/phonecontactus
- **Phone Contact:** Refer to the eufy website for regional phone numbers.
