SMART WATCH DT Ultramate

Extraordinary Master

1.5-inch 454*454 HD large screen / 100+ sports modes / Bluetooth calling
Health monitoring/ Brand new app interface
Brand new exercise course interface / private mold / Coming with 2 straps.

The WEAR PRO APP provides a variety of language options, including English, Spanish, Russian, Italian, German, Japanese, French, Portuguese, Korean, Malay, and more. The app provides basic data such as steps taken, distance traveled, and calories burned, as well as regular data analysis reports, such as ECG, heart rate, blood pressure, blood oxygen, and sleep monitors. You can add features such as exercise tracking, altitude, air pressure, weather, sedentary/water intake reminders, and message notifications.

GETTING STARTED (SETUP)

Package Contents

- DT NO.1 DT Ultra Mate Smart Watch
- Wireless Charging Cable
- Extra Silicone Strap (Black)
- User Manual (this document)

Initial Charging

Before first use, fully charge your smartwatch. Place the watch on the wireless charging pad. The screen will indicate charging status. A full charge typically takes less than 5 hours.

App Installation and Pairing

1. Download the **WearPro** app from your smartphone's app store (available for Android & iOS).
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the WearPro app and follow the on-screen instructions to search for and connect to your DT Ultra Mate smartwatch.
4. Confirm the pairing request on both your phone and the watch.

OPERATING YOUR SMARTWATCH

Basic Navigation

- **Rotatable Button:** Use the rotatable button on the side to scroll through menus, change watch faces, and zoom in/out.
- **Function Button:** The second button below the rotatable button is typically used to access sports modes or other quick functions.
- **Touch Screen:** Swipe left, right, up, or down to navigate between screens, access quick settings, and view notifications. Tap to select items.

Customizing Watch Faces

The DT Ultra Mate offers a wide variety of pre-installed watch faces. You can change them by rotating the main button on the watch face screen or through the WearPro app. The app also allows you to upload your own photos to create personalized watch faces.

Countless watch faces

Choose from a variety of dials according to your preferences. The dial market is continuously updated, catering to different scenes and moods, meeting your ever-changing needs. Not enough? Transform your favorite photos and images saved on your phone into a background, bringing the world to your watch face. Each time the screen lights up, it offers you a unique experience.

A collection of diverse watch faces available for the DT NO.1 DT Ultra Mate, showcasing customization options.

Bluetooth Calling and Voice Assistant

Once paired with your smartphone, you can make and receive calls directly from your watch using the built-in speaker and microphone. Activate the voice assistant feature to control your phone hands-free.

Fitness Tracking and Health Monitoring

- **Multi-Sport Modes:** Select from over 100 sports modes to accurately track your workouts, including steps, calories burned, and distance.
- **Heart Rate & Blood Pressure:** Monitor your heart rate and blood pressure in real-time.
- **Sleep Monitoring:** Track your sleep patterns to understand your sleep quality.
- **GPS Route Tracking:** When activated through the app, the watch can track your GPS movement trajectory and record mileage and calorie consumption data for outdoor activities.

The smartwatch displaying GPS route tracking on a map, useful for outdoor activities.

NFC Functionality

The watch supports NFC for various functions, such as offline payments (where supported) or access control. Refer to the WearPro app for specific NFC setup and usage instructions.

Compass Feature

The integrated compass function provides directional guidance, which can be particularly useful during outdoor activities or navigation.

Compass

When walking in the wilderness, a precise compass is just as important as a sturdy pair of boots. The newly equipped compass function surpasses your imagination.

The smartwatch displaying its built-in digital compass, indicating direction and degrees.

Cleaning

Wipe the watch and straps regularly with a soft, dry cloth. For stubborn dirt, dampen the cloth slightly with water. Avoid using harsh chemicals or abrasive materials.

Water Resistance (IP68)

The DT Ultra Mate is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for up to 30 minutes. It is suitable for daily use, hand washing, and light rain. Avoid hot water, saunas, or diving, as steam and high pressure can compromise the seal.

Battery Life

The 360mAh battery provides approximately 5 days of daily use and up to 20 days in power-saving mode. Battery life may vary based on usage patterns and features enabled.

TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the wireless charger and wait a few minutes before attempting to power it on.
- **Unable to pair with phone:**
 - Ensure Bluetooth is enabled on both devices.
 - Make sure the watch is within the Bluetooth range of your phone.
 - Restart both the watch and your phone.
 - Clear the Bluetooth cache on your phone (if applicable) and try pairing again.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch. Environmental factors and individual physiology can affect readings.
- **Notifications not appearing:** Check notification settings in the WearPro app and on your phone's system settings to ensure permissions are granted for the app to display notifications.
- **Short battery life:** Reduce screen brightness, disable unnecessary features (e.g., always-on display), and limit background app refresh.

PRODUCT SPECIFICATIONS

Feature	Specification
Model Number	DT Ultra Mate
Chip	RTK8762DK
Dimensions	47.6 x 11.8 mm (Watch Body); 3.81 x 1.27 x 3.81 cm (Product)
