Midea MLTW37A1BWW

Midea MLTW37A1BWW Agitator Machine User Manual

Model: MLTW37A1BWW | Brand: Midea

INTRODUCTION

This user manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your Midea MLTW37A1BWW Agitator Top Load Washer. Please read this manual thoroughly before using the appliance and retain it for future reference.

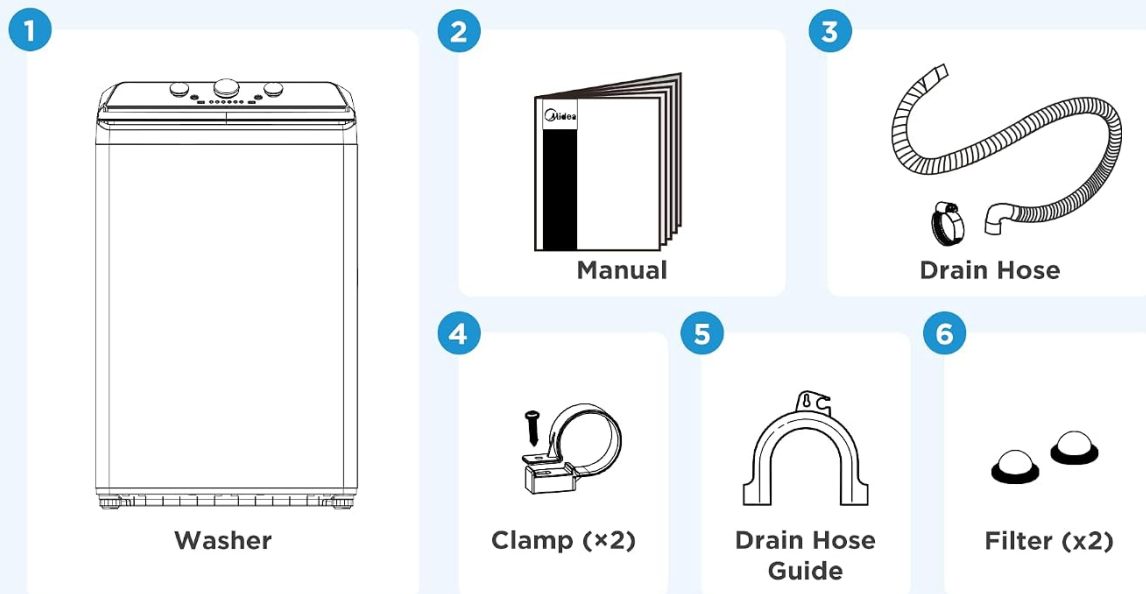

SETUP AND INSTALLATION

Unpacking and Packing List

Carefully unpack the washing machine and ensure all components are present. Refer to the packing list below:

Packing List

MODEL NUMBER MLTW37A1BWW

ATTENTION !

The package does not come with **water inlet hose**.
Please **purchase separately** based on your usage environment.
Professional installation and additional accessories required.
Please refer to the instruction manual for details.

The packing list includes the washer unit, user manual, drain hose, two clamps, a drain hose guide, and two filters. Please note that the water inlet hose is not included and must be purchased separately.

Placement and Dimensions

Ensure adequate space for installation and operation. The washer is designed for freestanding installation.

Dimensions Required

Machine Dimensions: 25.2W*27D*42.2H in.
Installation Dimensions: 27.2W*34D*66.2H in.

Machine Dimensions: 25.2"W x 27"D x 42.2"H. Installation Dimensions: 27.2"W x 34"D x 66.2"H.

Connecting Water and Power

Connect the washer to a 120 Volt power supply. Ensure proper water supply connections are made. The appliance requires an inlet hose (not included) for water connection.

OPERATING INSTRUCTIONS

Control Panel Overview

Soft-close Glass Lid

Sturdy Quality

Soft Close

See-through

Dial Control Panel

Effortless cycle tracking

Non-slip control knob

Quick wipe-down cleanup

The washer features a user-friendly dial control panel for effortless cycle tracking and a soft-close glass lid for safe and quiet operation.

Loading the Washer

The 3.7 Cu. Ft. capacity allows for significant loads, saving time and energy. The transparent lid allows you to view the laundry during the cycle.

T-Shirt × 33

Coat × 16

Pants × 10

Dress × 13

Bath Towel × 10

Bed Sheets × 13

Load More Save More

Get heavy load and large items done in one cycle,
saving time and energy.

Examples of load capacity: up to 33 T-shirts, 16 coats, 10 pairs of pants, 13 dresses, 10 bath towels, or 13 bed sheets.

Wash Cycles and Features

The Midea MLTW37A1BWW offers 12 pre-set wash cycles designed for maximized cleaning performance. Key features include:

- **Load Sensing Technology:** A sensor automatically determines load volume and adjusts the water level and cycle time for optimal wash efficiency.

AUTO SENSING

Convenient and Time Saving

Load is weighed **automatically** and **water level** is matched accordingly to avoid complicated setting steps.

The Auto Sensing feature conveniently weighs the load and matches the water level accordingly, saving time and effort.

- **POWER BOOST AGITATOR:** The heightened agitator and enlarged impeller rotate 360° to generate powerful water flows, significantly improving washing performance.

POWER BOOST AGITATOR

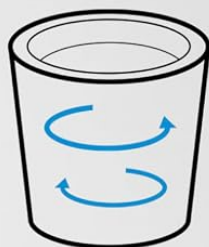

Rotate 360° to Generate Powerful Water Flow

The **heightened** agitator and **enlarged** impeller generate powerful rotating water flow which improve the washing performance significantly.

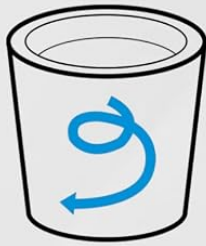

The Power Boost Agitator creates strong multi-directional water flows for effective deep cleaning.

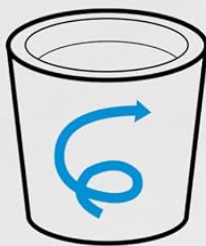

- **DEEP CLEAN 360° Treatment:** Powerful water flows and the innovative Water Cube Tub ensure heavy clothes and blankets are thoroughly cleaned.

Rotate

Push

Lift

Deep Clean

Powerful agitator, multiple impellers combined with patterned inner tub provide **rotating** flow, **pushing** flow and **lifting** flow. Strong multi-directional water flows clean stains better and thoroughly.

The Deep Clean system utilizes rotating, pushing, and lifting water flows to remove stains effectively.

- **Stainless Steel Tub:** The durable stainless steel tub is designed to be gentler on fabrics and built for longevity.

Stainless Steel Tub

Durable stainless steel tub is gentler on fabrics and built to last.

Close-up view of the durable stainless steel tub interior.

- **Child Lock:** Keep your children safe and secure with the Child Lock function (long press for 3 seconds to activate).
- **No Angular Design:** The round-corner design helps prevent potential dangers and injuries.

Shield Your Home from Potential Hazards

Safety features include a no-angular design and a child lock function.

Top Load Washer - Water Plus Feature

Your browser does not support the video tag.

This video demonstrates the "Water Plus" feature, which allows for adding an additional level of water based on user needs to optimize water usage and improve washing effects.

MAINTENANCE

Tub Clean Function

The washer features a Tub Clean function to maintain a fresh and healthy washing environment. Hot water flushes between the inner and outer drums throughout the self-clean process, removing lint and residues.

TUB CLEAN

Fresh Tub As Always

Hot water flushes between **inner and outer** drums throughout the whole self-clean process, **removing lint and residues away** to maintain a healthy washing environment.

*We suggest cleaning the tub about once a month.

The Tub Clean feature uses hot water to flush out lint and residue, ensuring a clean washing environment. It is suggested to clean the tub about once a month.

General Cleaning

For general cleaning, wipe down the exterior with a soft, damp cloth. Avoid abrasive cleaners.

TROUBLESHOOTING

For common issues, please refer to the comprehensive troubleshooting guide in the full user manual. If problems persist, contact Midea customer support.

- **Washer not starting:** Check power connection, ensure lid is closed securely, and verify cycle selection.
- **Excessive vibration:** Ensure the washer is level and the load is balanced.
- **Water not draining:** Check for kinks in the drain hose and ensure the drain is not clogged.
