## Giantex GT11170-NPCF

# Giantex Patio Glider Instruction Manual - Model GT11170-NPCF

Your guide to assembly, operation, and maintenance.

## IMPORTANT SAFETY INFORMATION

Always assemble the chair according to the instruction manual. Ensure the chair is on a stable, level surface before use. Do not exceed the maximum weight capacity of 330 lbs. Keep the chair away from heat sources and sharp objects to prevent damage to the fabric.

## SETUP AND ASSEMBLY

Your Giantex Patio Glider requires assembly. All necessary accessories and numbered parts are included. Follow the steps below and refer to the assembly video for visual guidance.

1. Unpack all components and verify against the parts list in your included guidebook.
2. Place all parts on a soft, clean surface to prevent scratches.
3. Begin assembling the frame components, ensuring all connections are secure but do not fully tighten screws until all parts are aligned.
4. Attach the seat and backrest sections to the frame.
5. Once all parts are in place and aligned, fully tighten all screws.
6. Place the cushions onto the assembled glider.

## OPERATION

---

The Giantex Patio Glider is designed for smooth and comfortable outdoor relaxation. Its well-engineered gliding structure ensures a stable rocking experience, keeping your weight centered to prevent tipping.

- **Smooth Gliding:** The sturdy rocker arms provide a gentle and consistent gliding motion.
- **Comfort:** Enjoy the thick foam cushions, curved armrests, and breathable high backrest for optimal support.
- **Placement:** Suitable for various outdoor environments such as gardens, yards, porches, and patios.

## CARE AND MAINTENANCE

---

Proper care will extend the life and appearance of your patio glider.

- **Cleaning the Frame:** Wipe the metal frame clean with a damp cloth. Avoid harsh chemicals that may damage the sprayed finish.
- **Cushion Care:** The fabric surface of the cushions is designed to be water-resistant and breathable. Cushion covers are removable and washable for easy cleaning.
- **Storage:** During prolonged periods of non-use or inclement weather, consider storing the glider indoors or covering it to protect it from the elements.

## TROUBLESHOOTING

If you encounter any issues with your Giantex Patio Glider, please refer to the following common solutions:

- **Difficulty during Assembly:** If parts do not align easily, ensure all screws are loosely fitted before tightening any completely. This allows for minor adjustments. Refer to the assembly video for detailed steps.
- **Uneven Gliding:** Check that the glider is placed on a flat, level surface. Inspect all connections to ensure they are securely tightened and that no parts are bent or obstructed.
- **Squeaking Noises:** Apply a small amount of silicone-based lubricant to the gliding mechanisms if squeaking occurs.
- **Missing Parts:** If any parts are missing upon unboxing, please contact customer support immediately for assistance.

## SPECIFICATIONS

<b>Brand</b>	Giantex
<b>Model Name</b>	GT11170-NPCF
<b>Color</b>	Beige
