Bajaj AirLight 85 MM

Bajaj AirLight 85 MM Personal Rechargeable Fan with Task Lighting

Instruction Manual

1. Introduction

Thank you for choosing the Bajaj AirLight 85 MM Personal Rechargeable Fan with Task Lighting. This device combines a personal cooling fan with an adjustable LED task light, offering convenience and comfort. It features a rechargeable battery for portability and USB charging for versatile power options. Please read this manual carefully before use to ensure proper operation and maintenance.

2. What's in the Box

- Personal Fan: 1 Unit
- Warranty Card: 1 Unit
- Instruction Manual: 1 Unit
- USB Wire: 1 Unit

3. Safety Instructions

- Do not immerse the unit in water or other liquids.
- Keep out of reach of children.
- Do not block the fan's air intake or outlet during operation.
- Use only the provided USB cable for charging.
- Avoid disassembling or modifying the device.
- Do not expose the battery to extreme temperatures or direct sunlight.
- Ensure the charging port is dry before connecting the USB cable.

4. Product Features

The Bajaj AirLight 85 MM offers a combination of cooling and lighting functionalities:

- **Dual Usage:** Personal fan and task lighting in one compact unit.
- **Rechargeable Battery:** Equipped with an 1800 mAh Li-Ion battery for cordless operation.
- **Extended Backup:** Up to 3 hours fan backup (lowest speed, light off) and 6 hours light backup (lowest light, fan off).
- **Flexible Task Lighting:** 360-degree flexible tilting mechanism for adjustable light direction.
- **Silent Operation:** Designed for minimal noise disturbance.
- **USB Charging:** Convenient charging via USB.
- **High Speed Fan:** 3500 RPM for effective cooling.
- **3 Speed Settings:** Adjustable fan speed to suit your comfort.
- **Low Power Consumption:** Operates efficiently at 8 Watts.

Image: Performance features such as 3500 RPM high speed, 3 speed settings, USB charging, and 7W low power consumption.

5. Setup

1. **Unboxing:** Carefully remove all components from the packaging. Ensure all items listed in the "What's in the Box" section are present.
2. **Placement:** Place the fan on a stable, flat surface. Ensure there is adequate space around the fan for proper airflow.
3. **Initial Charge:** Before first use, fully charge the device. Connect the provided USB cable to the fan's charging port and the other end to a compatible USB power source (e.g., computer, USB wall adapter). The charging indicator light will show the charging status.

6. Operating Instructions

The Bajaj AirLight 85 MM features a single control button for both fan and light functions.

Image: Front view of the Bajaj AirLight 85 MM, highlighting the fan and flexible lamp.

6.1 Fan Operation

1. **Power On/Speed 1:** Press the control button once to turn on the fan at its lowest speed setting.
2. **Speed 2:** Press the button a second time for medium fan speed.
3. **Speed 3:** Press the button a third time for high fan speed.
4. **Power Off:** Press the button a fourth time to turn off the fan.

6.2 Task Lighting Operation

1. **Power On/Brightness 1:** Press and hold the control button for 2 seconds to turn on the light at its lowest brightness setting.
2. **Brightness 2:** While the light is on, press the button briefly a second time for medium brightness.
3. **Brightness 3:** Press the button briefly a third time for high brightness.
4. **Power Off:** Press the button briefly a fourth time to turn off the light. Alternatively, press and hold the button for 2 seconds to turn off the light from any brightness setting.

Note: The fan and light can be operated independently or simultaneously. The flexible neck allows you to

adjust the light's direction 360 degrees.

7. Maintenance

7.1 Cleaning

- Ensure the device is turned off and unplugged before cleaning.
- Wipe the exterior surfaces with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- For the fan grille, use a soft brush or cotton swab to gently remove dust. Do not attempt to open the fan housing for internal cleaning.

7.2 Battery Care

- To prolong battery life, avoid fully discharging the battery frequently.
- If storing the device for an extended period, charge it to approximately 50% every three months.

8. Troubleshooting

Problem	Possible Cause	Solution
Fan/Light does not turn on	Battery is depleted.	Charge the device using the provided USB cable.
Fan/Light turns off unexpectedly	Low battery.	Recharge the device.
Fan airflow is weak	Fan speed is set too low; fan grille is obstructed.	Increase fan speed; ensure fan grille is clear of obstructions.

Problem	Possible Cause	Solution
Light is dim	Light brightness is set too low; low battery.	Increase light brightness; recharge the device.
Device not charging	USB cable or power source issue; charging port is dirty.	Try a different USB cable or power source; ensure charging port is clean and dry.

9. Specifications

Feature	Specification
Brand	Bajaj
Model Name	AirLight
Model Number	251302
Style Name	PYGMY Airlight 85 MM
Colour	White
Electric Fan Design	Table Fan
Power Source	Battery Powered
Battery Type	1800 mAh Li-Ion
Fan Backup (lowest speed)	Up to 3 Hours
Light Backup (lowest brightness)	Up to 6 Hours
Product Dimensions (D x W x H)	10.2D x 11W x 54.5H Centimeters
Special Feature	Portable, Task Lighting
Mounting Type	Tabletop Mount
Controller Type	Button Control
Number Of Speeds	3
Wattage	8 Watts
Number of Blades	7
Speed	3500 RPM
Light Type	LED
Material Type	Polypropylene
Item Weight	310 Grams
