

JALL WX-1502

JALL Digital Alarm Clock User Manual

Model: WX-1502

INTRODUCTION

This manual provides comprehensive instructions for the JALL Digital Alarm Clock (Model: WX-1502). This device features a wooden electronic LED display, multiple alarm settings, 10W wireless charging capability, and displays the day of the week and temperature. Designed for convenience and modern aesthetics, it is suitable for office, bedroom, and bedside use.

Figure 1: JALL Digital Alarm Clock with Wireless Charging Functionality.

SETUP

Power Connection

The JALL Digital Alarm Clock is powered by a USB cable and requires a constant power supply. It does not support battery operation for its primary functions.

1. Connect the provided USB power cable to the clock's power input port.
2. Plug the other end of the USB cable into a compatible USB power adapter (included) and then into a wall outlet.
3. The display will illuminate, indicating the clock is powered on.

Initial Time and Date Setting

Refer to the included Owner's Manual for detailed instructions on setting the time, date, and other initial configurations.

OPERATING INSTRUCTIONS

Time and Display Features

- **Time Display:** The clock displays time in either 12-hour or 24-hour format. Refer to the Owner's Manual for switching between formats.
- **Date and Day Display:** The current date and day of the week are displayed alongside the time.
- **Temperature Display:** The clock features a temperature sensor, displaying the ambient room temperature.
- **Adjustable Brightness:** The LED display brightness can be adjusted to 6 levels to suit your preference and ambient light conditions. This allows for comfortable viewing during both day and night.
- **Sound Control:** The display can be set to activate with a light tap or clap, allowing for a completely dark room when not actively viewed.

6-Level Adjustable Brightness

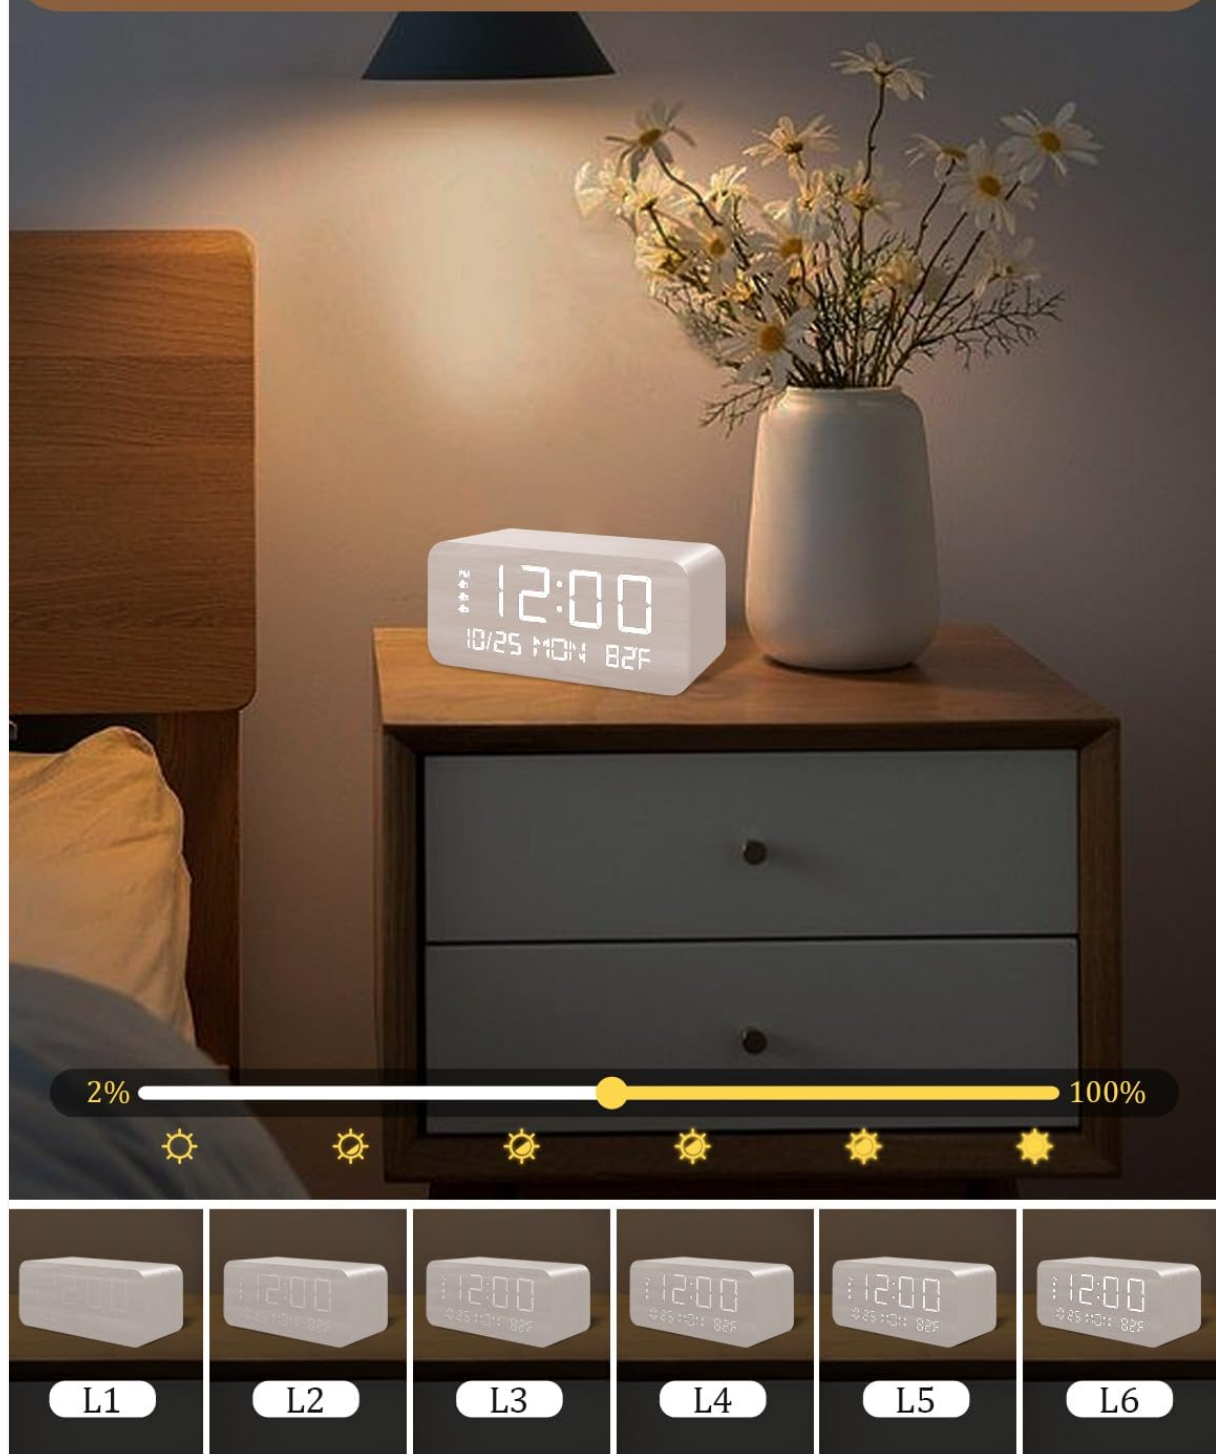

Figure 2: Six levels of adjustable brightness for optimal viewing.

Alarm Functions

- **Three Independent Alarms:** Set up to three separate alarms to manage different wake-up times or reminders.
- **Customizable Ring Modes:** Alarms can be configured for weekdays, weekends, or daily repetition, providing flexibility for your schedule.
- **Snooze Function:** The snooze duration is adjustable from 5 to 60 minutes, allowing for extra rest.
- **Adjustable Volume:** Alarm volume can be adjusted from 35dB to 70dB.

Three independent alarm functions

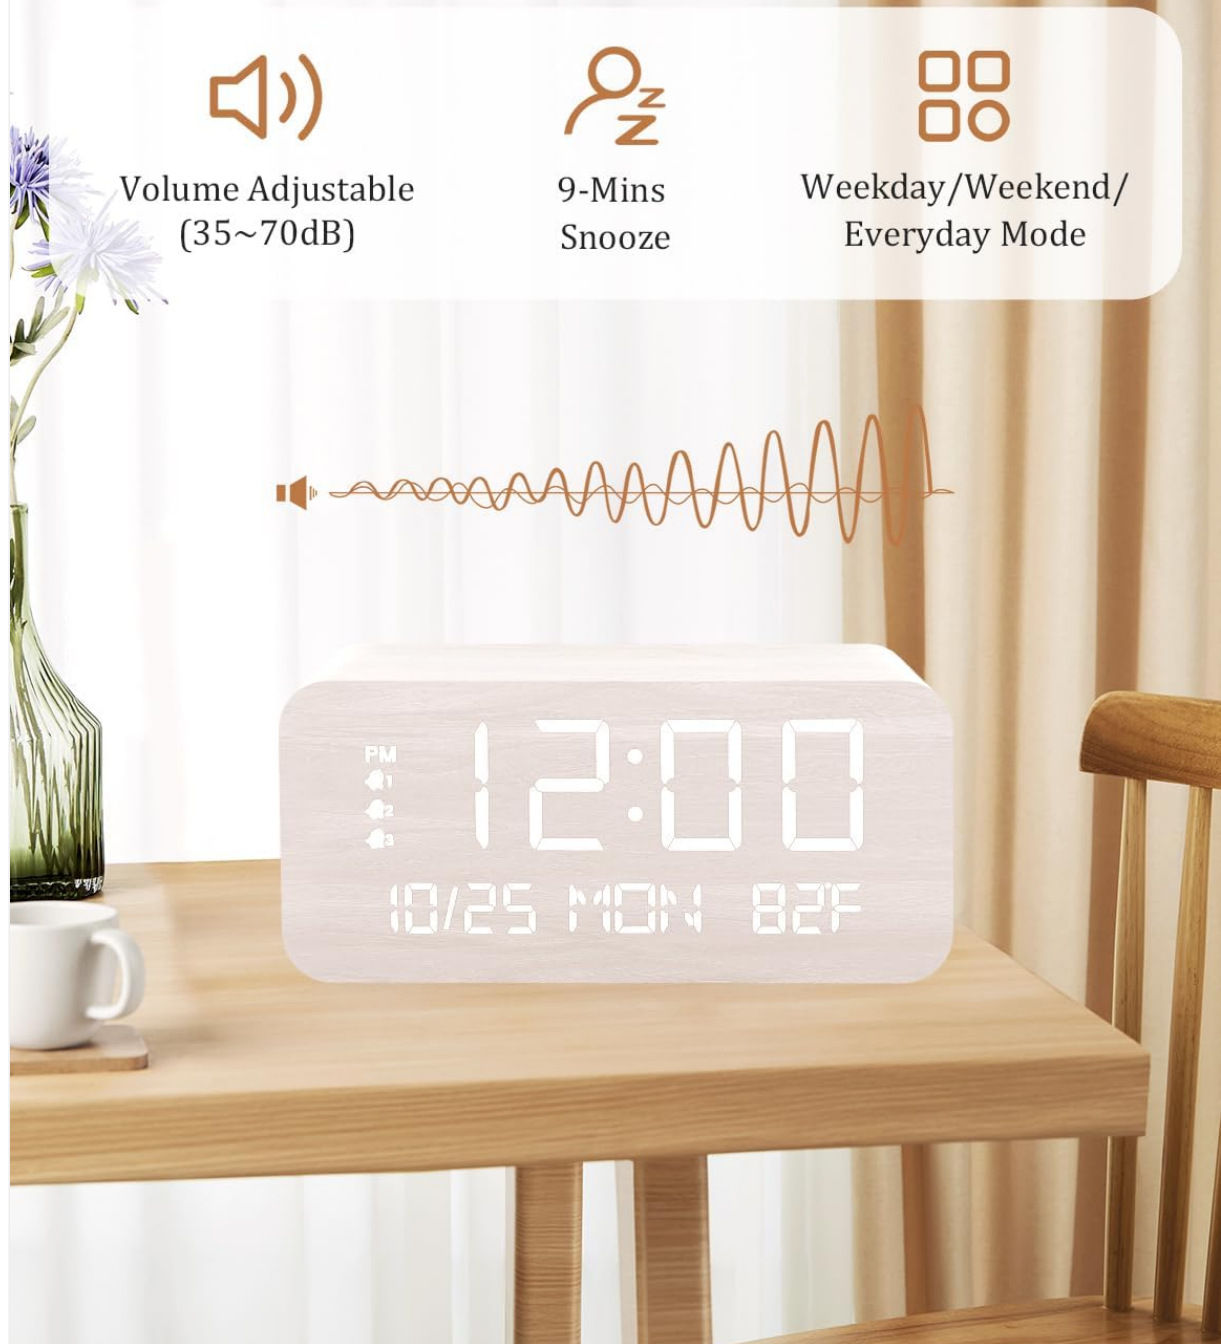

Figure 3: Overview of the three independent alarm functions.

10W Wireless Charging

The top surface of the clock features a 10W wireless charging pad. This allows for convenient charging of compatible smartphones and other devices.

- Place your wireless charging compatible device directly on the charging pad.
- Ensure the device is centered on the pad for optimal charging.
- The charging indicator on your device will confirm active charging.

Universal Compatibility

Compatible with most universal wireless charging phone models.

Other phones that support wireless charging

Figure 4: Universal compatibility for wireless charging with various phone models.

MAINTENANCE

- To clean the clock, gently wipe the surface with a soft, dry cloth.
- Avoid using abrasive cleaners or solvents, as these may damage the finish.
- Keep the device away from excessive moisture and direct sunlight.

TROUBLESHOOTING

Problem	Possible Cause / Solution
---------	---------------------------

Problem	Possible Cause / Solution
Display is dim or off.	<ul style="list-style-type: none">• Check if the power cable is securely connected.• Adjust the brightness settings using the controls on the clock.• If sound control is enabled, tap the clock or make a sound to activate the display.
Wireless charging not working.	<ul style="list-style-type: none">• Ensure your device is wireless charging compatible.• Reposition your device on the charging pad to ensure proper alignment.• Check if the clock is properly powered.
Alarm not sounding.	<ul style="list-style-type: none">• Verify that the alarm is set correctly and activated.• Check the alarm volume settings.

SPECIFICATIONS

- **Brand:** JALL
- **Model:** WX-1502
- **Display Type:** Digital
- **Product Dimensions:** 5.7"W x 2.5"H
- **Power Source:** Corded Electric (USB)
- **Frame Material:** Wood
- **Item Weight:** 10.8 ounces
- **Wireless Charging Output:** 10W
- **Alarm Settings:** 3 Independent Alarms
- **Snooze Duration:** 5-60 minutes (Adjustable)
- **Alarm Volume:** 35-70dB (Adjustable)
- **Included Components:** Power Adapter, Owner's Manual
