

Keyluv KLV-UP-225

Keyluv Full Bed Frame with LED Lights Visual Floating Bed

Model: KLV-UP-225

INTRODUCTION

Thank you for choosing the Keyluv Full Bed Frame with LED Lights. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new bed frame. Please read these instructions carefully before beginning assembly and retain them for future reference.

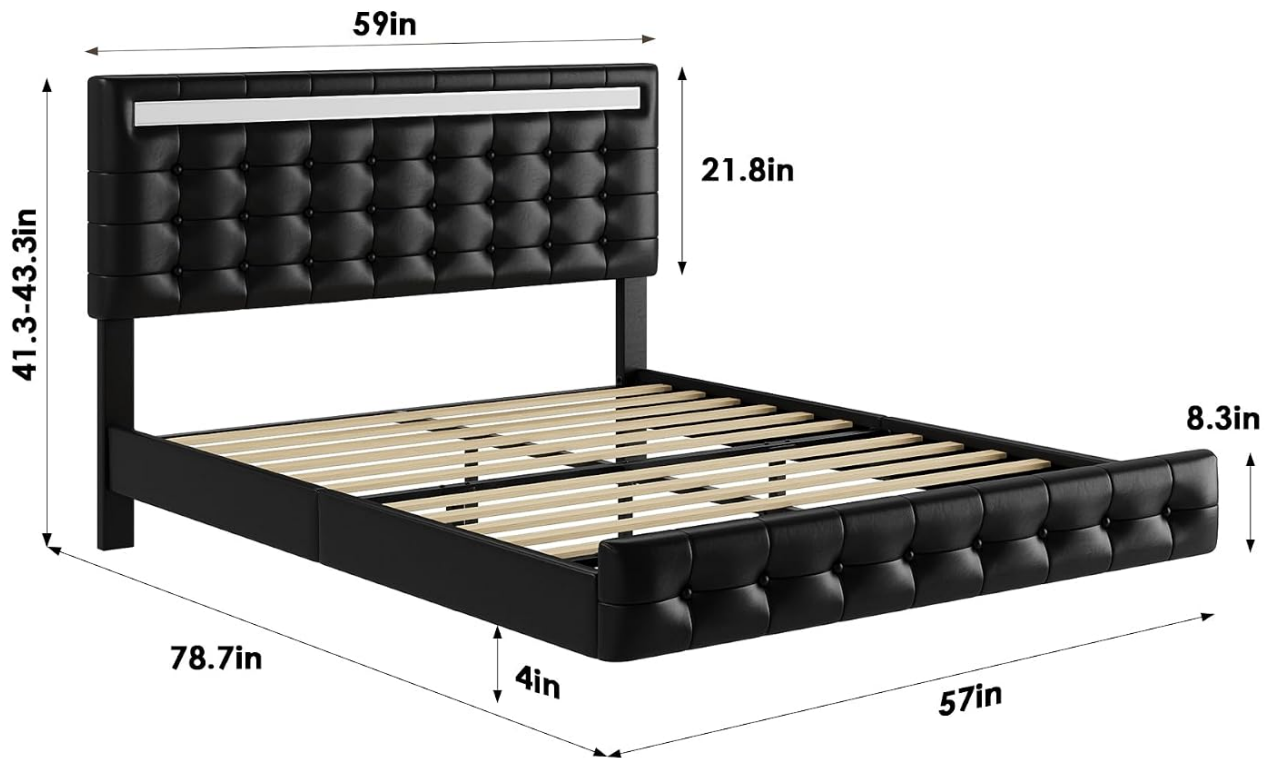

SAFETY INFORMATION

- Ensure all parts are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assemble the bed frame on a soft, clean surface to prevent scratches.
- Tighten all bolts and screws firmly, but do not overtighten. Recheck all connections periodically.
- Do not exceed the maximum weight recommendation of 362.87 kg (800 lbs).
- Keep small parts away from children during assembly.
- Ensure the power adapter for the LED lights is connected to a suitable power outlet and kept away from water.

SETUP AND ASSEMBLY

The Keyluv Full Bed Frame is designed for easy assembly and comes packaged efficiently in one box. All necessary parts are labeled, and detailed instructions are included in the package. Please follow the provided step-by-step guide for proper assembly.

Key Dimensions and Capacity

FULL Size

800LBS
Capacity

30 mins
Assembly

Image: Key dimensions of the bed frame, including headboard height, bed length, width, under-bed clearance, weight capacity (800 lbs), and estimated assembly time (30 minutes).

- **Unpacking:** Carefully remove all components from the packaging. Verify that all parts listed in the included instruction manual are present.
- **Assembly Surface:** Assemble the bed frame on a soft, flat surface to prevent damage to the product or your floor.
- **Headboard Adjustment:** The headboard height is adjustable in two-inch increments, from a minimum of 41.3 inches to a maximum of 43.3 inches. Three pre-drilled holes on the legs allow for this adjustment. Choose the appropriate height based on your mattress and whether you use a box spring.

Slat System and Mattress Support

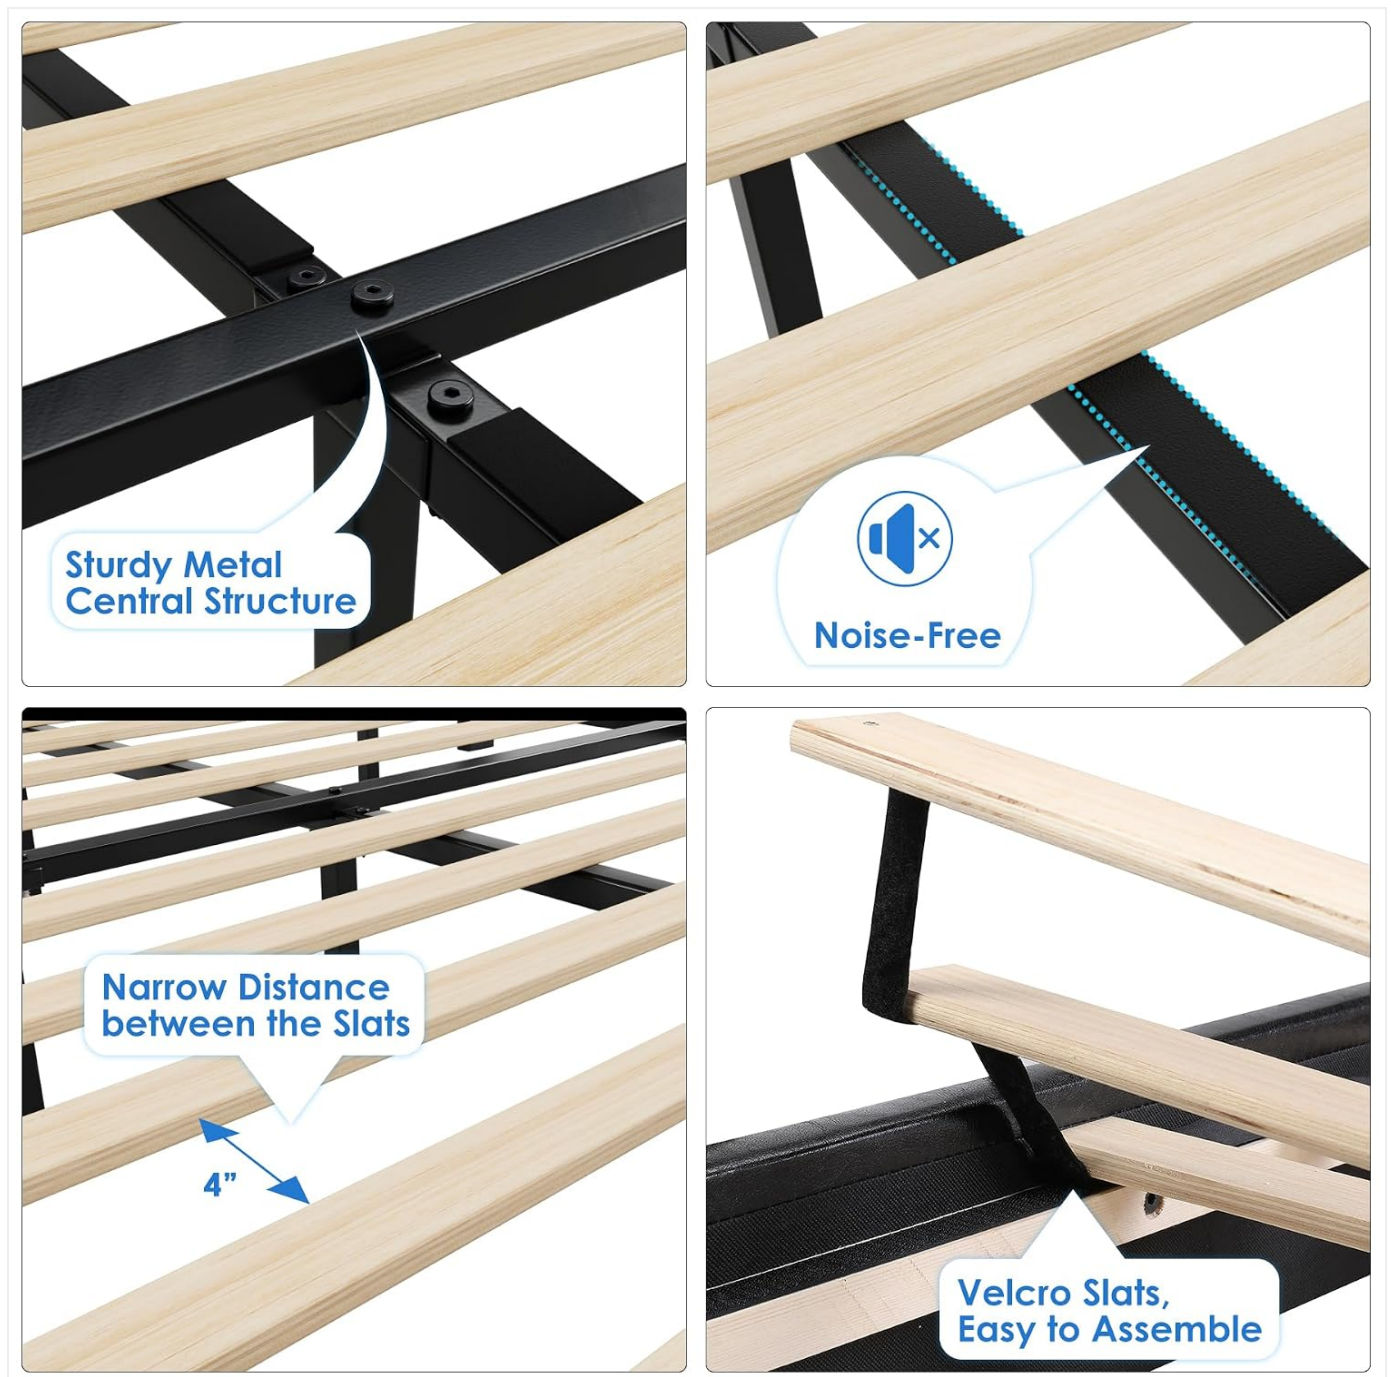

Image: Details of the bed frame's sturdy metal central structure, noise-free design, 4-inch slat spacing, and velcro slats for simplified assembly.

- The platform bed frame features slats spaced approximately 4 inches apart, providing robust support for your mattress.
- **No Box Spring Required:** This design eliminates the need for a box spring, supporting your mattress directly.
- **Recommended Mattress Height:** For optimal aesthetics and comfort, a mattress height of 12-14 inches is recommended. If using a mattress with a box spring, the total recommended height remains 12-14 inches.

OPERATING THE LED LIGHTS

Your Keyluv bed frame features built-in RGB LED lights on the headboard and around three sides of the frame, offering customizable ambiance for your bedroom.

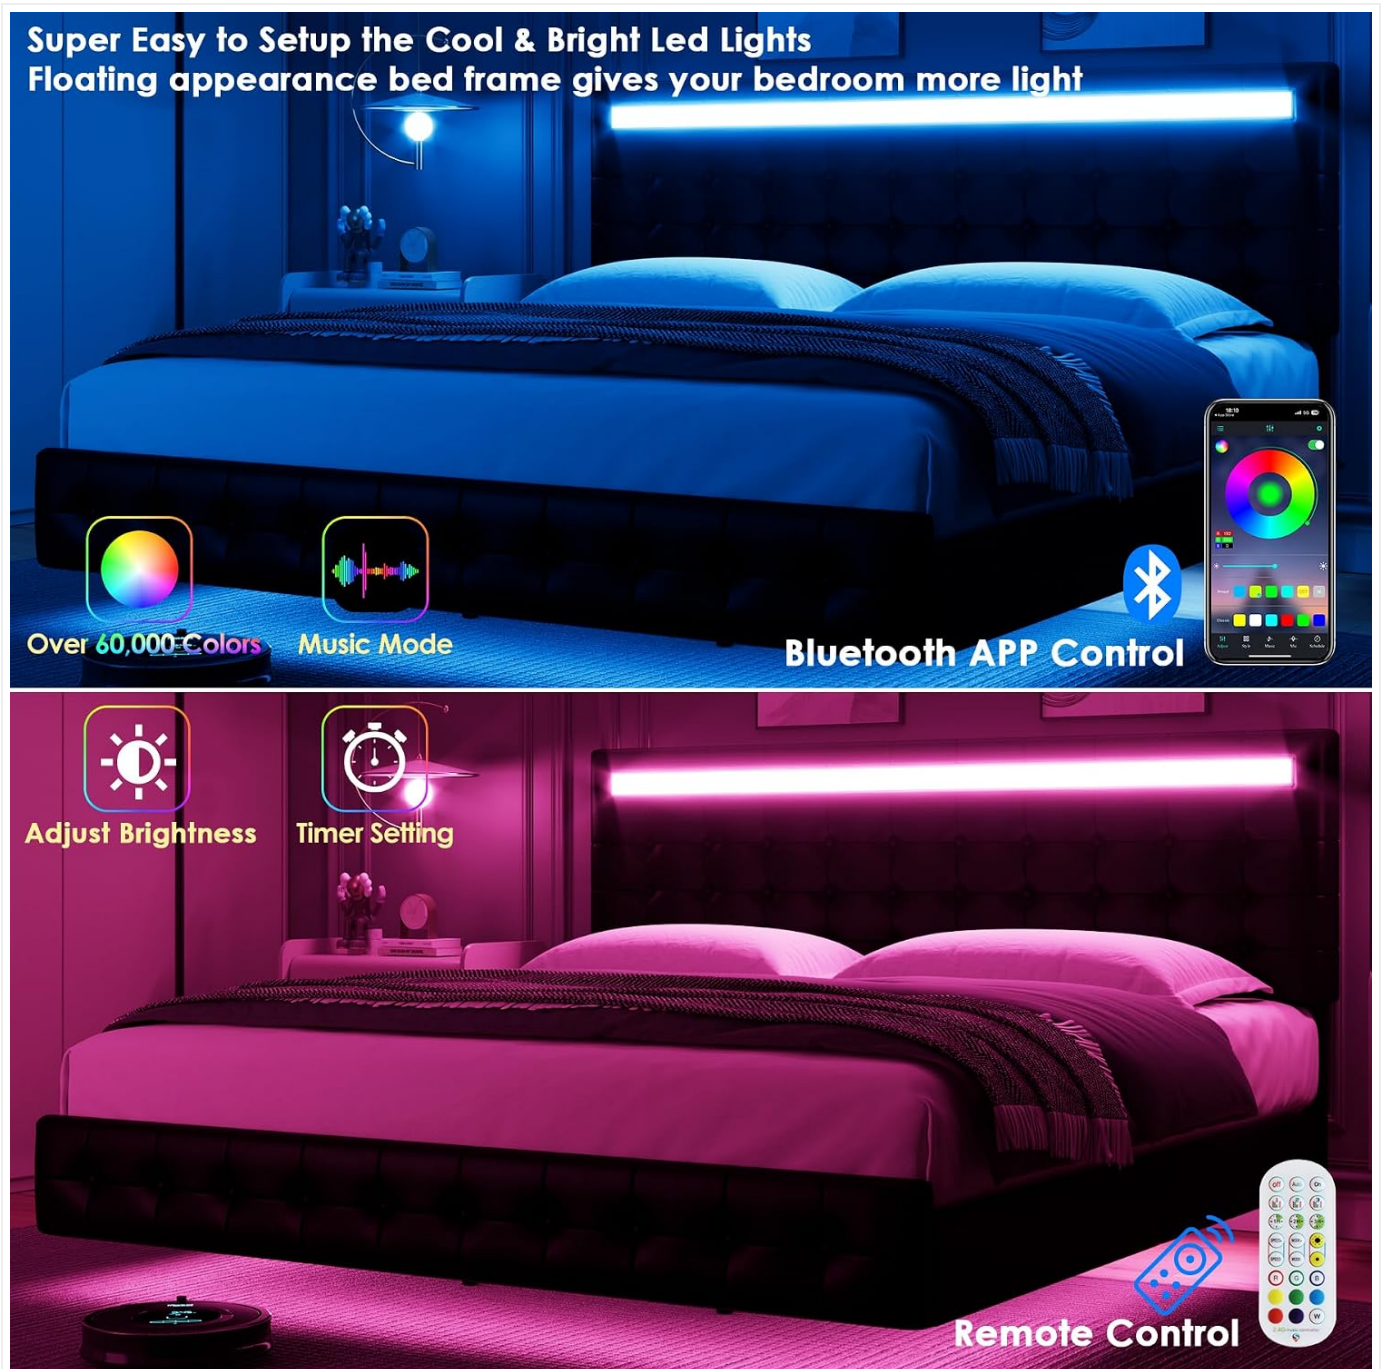

Image: Visual representation of the LED light features, including over 60,000 color options, music synchronization mode, Bluetooth app control, brightness adjustment, timer settings, and remote control functionality.

- **Control Methods:** The LED lights can be controlled using the included remote control or via a dedicated smartphone application (APP). Refer to the separate LED light instruction sheet for APP download and pairing details.
- **Color Options:** Choose from over 60,000 colors to match your mood or decor.
- **Brightness Adjustment:** Adjust the light intensity to your preference.
- **Music Mode:** The lights can synchronize with music, creating dynamic visual effects.
- **Timer Setting:** Set a timer for the lights to turn on or off automatically.
- **Independent Light Control:** A light adapter allows for independent control of the headboard lights and the under-bed lights. For example, the headboard light can be on while the under-bed light is off, and vice versa.

MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your bed frame.

- **Cleaning:** Wipe the bed frame surfaces with a dry cloth. For the upholstered leather headboard and footboard, use a soft, damp cloth with mild soap if necessary, then wipe dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Fasteners:** Periodically check all bolts and screws to ensure they remain tight. Retighten as needed to maintain stability and prevent squeaks.
- **Under-Bed Area:** The 6.1-inch clearance allows for easy cleaning underneath the bed, including access for robot vacuum cleaners.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame is squeaking or unstable.	Loose bolts or screws. Uneven assembly.	Check and tighten all fasteners. Ensure the bed frame is on a level surface. Re-verify assembly steps.
LED lights are not turning on.	Power adapter not connected. Remote battery low. App not paired.	Ensure the power adapter is securely plugged into a working outlet. Replace remote control batteries. Re-pair the smartphone app with the LED lights.

Problem	Possible Cause	Solution
LED lights are not responding to remote/app.	Interference. Remote battery low. App connection issue.	Ensure no obstructions between remote and receiver. Replace remote batteries. Restart the app and re-establish Bluetooth connection.
Bed frame appears too low or too high.	Headboard height not adjusted correctly.	Adjust the headboard height using the pre-drilled holes on the legs to your preferred setting.
