4. SETUP

4.1 Charging the Headphones

1. Connect the USB-C end of the charging cable to the headphone's charging port.
2. Connect the USB-A end to a USB power adapter (5V/1A recommended) or a computer's USB port.
3. The LED indicator will show red during charging and turn off or blue when fully charged.
4. A full charge typically takes approximately 1.5-2 hours.

4.2 Bluetooth Pairing

1. Ensure the headphones are fully charged.
2. Press and hold the Power/Multi-function button for 3-5 seconds until the LED indicator flashes blue and red alternately, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth.
4. Search for "Baseus Bowie D05" in the list of available Bluetooth devices.
5. Select "Baseus Bowie D05" to connect. Once connected, the LED indicator will flash blue slowly or turn off.

4.3 Wired Connection (Optional)

You can use the headphones with the included 3.5mm audio cable when the battery is low or for devices without Bluetooth connectivity.

1. Plug one end of the 3.5mm audio cable into the headphone's 3.5mm audio jack.
2. Plug the other end into the audio output jack of your device.
3. Note: Controls on the headphones may not function in wired mode.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

- **Power On:** Press and hold the Power/Multi-function button for 3 seconds.
- **Power Off:** Press and hold the Power/Multi-function button for 5 seconds.

5.2 Music Playback

- **Play/Pause:** Short press the Power/Multi-function button.
- **Volume Up:** Short press the Volume Up button.
- **Volume Down:** Short press the Volume Down button.
- **Next Track:** Long press the Volume Up button.
- **Previous Track:** Long press the Volume Down button.

5.3 Call Management

- **Answer/End Call:** Short press the Power/Multi-function button.
- **Reject Call:** Long press the Power/Multi-function button for 2 seconds.

5.4 Multi-Device Connection

The Baseus Bowie D05 headphones support simultaneous connection to two devices, allowing seamless switching between them.

1. Connect the headphones to the first device via Bluetooth as described in section 4.2.
2. Disconnect the headphones from the first device (do not unpair).
3. Connect the headphones to the second device via Bluetooth.
4. Reconnect the headphones to the first device from its Bluetooth settings. The headphones should now be

connected to both devices.

6. MAINTENANCE

To ensure the longevity and optimal performance of your headphones, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the headphones. Do not use abrasive cleaners, alcohol, or chemical solvents.
- **Storage:** When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Avoid Moisture:** Keep the headphones away from water and excessive humidity.

- **Handle with Care:** Avoid dropping or subjecting the headphones to strong impacts.

7. TROUBLESHOOTING

If you encounter any issues with your Baseus Bowie D05 headphones, please refer to the following common problems and solutions:

Problem	Possible Solution
Headphones do not power on.	Ensure the headphones are fully charged. Connect to a power source and try again.
Cannot pair with device.	Ensure headphones are in pairing mode (flashing blue/red). Turn off and on Bluetooth on your device. Clear previous Bluetooth connections on your device. Move headphones closer to the device.
No sound or low volume.	Check headphone and device volume levels. Ensure headphones are properly connected. Try playing different audio. If using wired connection, ensure cable is fully inserted.
Poor sound quality.	Move closer to your device to avoid interference. Avoid obstacles between headphones and device. Try disconnecting and reconnecting.
Headphones disconnect frequently.	Ensure headphones are fully charged. Keep within Bluetooth range (typically 10 meters). Avoid strong electromagnetic interference.

If the problem persists after trying these solutions, please contact customer support.
